"THE OLD ORDER CHANGETH."

Five of Last Year's Staff Absent.

Several members of our last year's faculty are no longer with us. We regret their absence but the loss is ours, not theirs.

Miss Mildred White, who graduated from Connecticut in the first class, and who has been for the past three years assistant librarian here, was granted a year's leave of absence. She is taking a course in Library Science at Pratt Institute, Brooklyn, New York.

Miss Dorothy Wolf, another Connecticut graduate, who was an instructor in the Physical Education Department for the past year, is taking a course in Secretarial Work and Office Practice, now in New York, attending Columbia University.

Miss Marian Robinson, formerly instructor in the English Department, was married to Mr. Curdy, September 7th, at South Portland Station, Maine. Mr. McCurdy is a graduate of the Harvard School of Law and will be secretary to Judge Brandies. Mr. and Mrs. McCurdy will make their home in Washington this winter.

Mr. Watson Selvage, Assistant Professor of Philosophy and Education for the past two years, has resigned his position. Since his home is in New York, he is spending part of the winter here.

"GIVING PLACE TO NEW."

Always at the beginning of the college year our attention is called to the faculty whose faces are unfamiliar but will become familiar. This year there are certain of the faculty whose faces are unfamiliar but will become familiar. This year there are certain of the faculty whose faces are unfamiliar but will become familiar. This year there are certain of the faculty whose faces are unfamiliar but will become familiar.

She received her A. B. from Mt. Holyoke College and her A. M. from Radcliffe College. From 1920-1922 she was teacher of English at the Oldfields School, Glencoe, Maryland.

A graduate of the Pratt School of Librarianship Science, Miss Florence Griffith, has been appointed Cataloguer in the Library. She is a member of the Referee-Cataloguing Division of the New York Public Library during the years 1915, 1918, and 1920-1922. In the interval between 1918 and 1920, she assisted at the Red Cross Institute for Disabled Men.

To fill the vacancy as Instructor in the Physical Education Department, Miss Ida Belle Post, B. S., Columbia, 1921, has been chosen to fill a position at the Kent State Normal School during the summer sessions of 1916-1921, and also during the 1921-1922 session.

DOINGS OF OUR DEAN.

Dean Nye spent the early part of the summer in Sterling, Connecticut, and the remainder last week in motor trips which came to a total of about five thousand miles. The first trip, around Cape Cod was in the company of Miss Ernst. Other trips were through the Middle West and a return trip from Kansas to Connecticut.

MISS CRAWFORD SUMMERS IN MAINE.

Miss Crawford went to Maine for the vacation months. While there, she hiked, motored, and rested. She replied with an emphatic negative when asked if she studied or wrote at all. Instead she told of many of the wonders of Ram Island Farm, whose modern equipment and cleanliness impressed her greatly.

"When" she exclaimed, "Even the pig-pen was clean and made attractive with roses climbing over its sides!"

Miss Crawford enjoyed many good times there and rested sufficiently so that

DARTMOUTH HONORS PRESIDENT MARSHALL.

Confered Degree of Doctor of Divinity.

On the occasion of the Twenty-fifth Reunion of his Class, Dartmouth, 1897, and of the graduation of his son, Andrew Marshall 2d, from Dartmouth, President Marshall was honored by his Alma Mater in having conferred upon him the honorary degree of Doctor of Divinity.

President Hopkins of Dartmouth, in conferring the degree, made kindly reference to President Marshall's long connection with the college, in the capacity of student, alumnus, and professor, and to his activity in different lines in undergraduate days, and his vital interest in the college affairs of the last quarter of a century. He made a very gracious reference to Connecticut College and President Marshall's relation to it, referring to President Marshall as "the man of growing prestige." It is rather as a true C. C. than to himself personally that President Marshall accepted the honor.

CHINA REPRESENTED AT CONNECTICUT.

Miss Mei Li How Has Entered College as C. C.'s First Student from Beyond the Pacific.

Miss Mei Li How had never been to America before, and former Franzisco on the eighteenth of September to attend our college. Enroute to New London she stopped for a short time at New York and states that she was greatly impressed by the skyscrapers and by the bustle and business of the big city.

Miss How was prepared at the McTyeire High School at Shanghai, and came to our college at the instigation of her brother to whom it was recommended. Miss How likes American girls and particularly enjoys American institutions. She is so very friendly. She herself is very sociable and pleasant, giving much of her interest to the campus as she hurries back and forth. She takes a keen interest in her classes, her classmates and college activities and paints with the first of October 1926 as well as her Alma Mater.

by September first, when she returned to New London she felt entirely ready for her hard work here at C. C.

DR. WELLS PREPARES BOOKS.
Dr. Wells is one of those extraordinary people who believe in supplying work for themselves as well as for someone else, and his activities during the past summer have proved no exception to his rule. In collaboration with Mr. Colin & Buel of the Williams Memorial Institute, Dr. Wells has taken from the Bible and arranged on an entirely new plan a group of selections which may serve a variety of purposes. For instance, the selections may be used for responsive readings in schools and colleges. Leaders in colleges and schools will find this book suitable for their needs along such lines. Also, there is a compendium of most of the passages in the Bible which are much discussed and referred to in ordinary life. The text will be printed in the form of modern literature, i.e., poetry in modern verse form, prose as in all modern books. Yet these will be divided with which are not too obvious, in order to make the book fulfil its numerous purposes. Up to this time, no group of Bible selections has been prepared in this fashion, and the publication is awaited with a great deal of interest.

Moreover, Dr. Wells has just finished a supplement to the Manuscript of Writings in Middle English. This is to be published by the Yale University Press.

DR. JENSEN WORKS AT HARTFORD.
Dr. Jensen divided his summer between New London and Hartford, where he worked for a month of his vacation. He has recently moved from Mobergen Avenue to Hall Avenue, in order to be nearer the Harbor School.

DR. DEDERER AT COLD SPRING HARBOR.
Dr. Dederer was five weeks at Cold Spring Harbor, Long Island, working under T. D. D'Arcy, Director of the Department of Genetics of Carnegie Institute of Washington. The rest of the summer she spent in Woods Hole.

MRS. WESSEL SPEAKS AT CONFERENCE.
Mrs. Wessel spent two weeks at national conferences on social work at one of which she delivered a paper on specialized phases of the work. She did additional work toward a Ph. D. at Columbia university Summer Session, and spent the remainder of the summer "at play."

CANADA LURES MR. BAUER.
Mr. William Bauer, Associate Professor of Music, spent the greater part of the summer at his home in New London. In August, Mr. Bauer and some friends motored for ten days into Canada. The journey was made through the Adirondack Mountains, across Lake Champlain, and return trip included the Mohawk Trail.

MR. WELD ARRANGES CONCERT SERIES.
Mr. Frederick Weld, Associate Professor of Music, spent the summer in New London, where he sang at Pequot Chapel. Mr. Weld, as Chairman of the Committee for the Concert Series, gave a large part of his time to planning the concerts and making the final arrangements. The series this year promises to exceed that of last and all who can should take advantage of this rare opportunity.

HISTORY, A MAINE FEATURE.
Mrs. Noel spent part of her summer vacation with her son in Maine at a small city for present of historic note. Casine was the ancient capital of Acadia, which is one of the very old settlements of Maine. It is the site of two interesting Ports which have figured prominently in the history of the United States, and date back to the early French Settlements in this section. The attractive homes, the rock-bound, island-dotted coast and the deep Maine woods make it ideal for a summer's rest.

Later in the summer Mrs. Noel and her son visited Kennebunkport, the home of Dr. T. Macomber and Marguerite Deland. Here, too, they enjoyed unusual combination of the rugged coast and the "great Maine woods" with the added attraction of fine surf bathing. While here, Mrs. Noel visited the artists' colony, Ogunquit, situated near Kennebunkport.

MR. PINOL WRITES.
Mr. Pinol remained in New London until the fifteenth of August. After that date he went to New York where he stayed until the opening of college. During this last month of vacation he was in the employ of a publishing house in the city and was in the process of preparing two manuscript books for publication. One of these is a "Book on Short Stories" and the other an Electrical Dictionary.

MISS PATTON JOINS SPORTS.
Miss Mary L. Patton, Instructor in Physical Education, did not go far to seek summer recreation. She spent the summer enjoying the sports right at her home in Hingham, N. Y.

MISS SLAWSON GOES TO HOCKEY CAMP.
Miss Margaret Slawson, Instructor in Physical Education, attended a Hockey Camp at Mr. Pocono Pennsylvania, the first ten days in September. Fifty physical instructors and college girls from all over the country, who were interested in the game, played nothing but hockey all day long. They were coached by a member of the champion English Hockey Team which won so many games in this country last year.

HIS SIXTEENTH YEAR AT NANTUCKET.
Dr. Doyle spent his summer at Nantucket as he has summers past. He drove via Nantucket and sailed for the island with his family and family alike on board. Dr. Doyle has not tired of the resort despite the sixteen summers he has spent there in his summer home. He speaks enthusiastically of the hospitable natives and of the hiking and swimming he enjoyed with his four daughters.

As an example of his active life there he told of a twelve mile hike he took over soft sand to a remote lighthouse. The keeper told him that his family was the fourth party to have ventured so far.

PRESIDENT HAS VARIED SUMMER ACTIVITIES.
Concluded from page 1, column 1. In his camp at Bunkershaven, N.
