Campus Political Clubs To Hold Town Hall Meeting

All Students Urged To Join In Rally On Friday Night

The Wilkie and Roosevelt clubs are sponsoring a Town Hall Meeting in the auditorium Friday night, November 1, at seven thirty P.M. The speakers and their subjects are as follows:

Mrs. Morrison, Republican; Allie Flanders, Democratic—Foreign Policy.

Mr. Chalimer, Republican; Dr. Lawfer, Democrat—Internal Reform.

Mrs. Bingham, Republican; Thyrza Magnus, Democratic—Third Term.

Mrs. Morrison, former president of the New London League of Women to obtain orion in politics in the city. The speakers, drawn from the faculty and New London political organizations, offer vital and varied points of view to students and faculty members who are looking for new ideas and fresh outlooks.

The purpose of the rally is twofold. Primarily, it is for the education of those on campus who are staunch supporters of Roosevelt or Wilkie but do not know why. The speakers are going to appeal to reason and not to emotion. Their purpose is not to point out the defects of the opposing party, but to reason and not to emotion. Their purpose is not to point out the defects of the opposing party, but to

Meeting. Secondarily, this meeting will provide an organized forum to clarify the issues of their own parties.

Concert Tickets No Longer Available

All seats for the fall season of the Connecticut College Concert Series have been sold, which means that many students who anticipated buying single tickets will be disappointed. It is suggested that if a student wishes to dispose of her ticket for one of the concerts, she be posted on the Bulletin Board to that effect. The only seats now available are those for the concerts which will occupy the concert hall, and these will be reserved for those students who have been previously allotted seats by the concert committee.

Eight hundred graduates of 1940 are employed in work of their choice.

Elizabeth McCallip

Effect Of Science On Modern Living Topic Of Concert

By Sally Kissack '41

A large and enthusiastic audience was on hand to hear José Iturbi, the celebrated Spanish artist, open the concert series at Connecticut College on Wednesday evening, October 23rd, in the Palmer Auditorium. Mr. Iturbi, who is one of the best-known figures in today's musical world, presented a program which was entirely satisfactory to those who prefer compositions of a serious and profound style, as well as to those who enjoyed the so-called "popular classics." It was a program which ranged from George Handel to George Gershwin, but maintained in spite of its scope, a pleasant unity of spirit. Mr. Iturbi is above all an impressive virtuoso. His technique polished to the highest degree of brilliancy, clarity, and grace. In the performance of Spanish music, which requires great fire and strength, he has an equal. It was an irresistible temptation not to see him at home with the music of Frana Liszt, which makes similar demands of technique. In the "Jen\'eteau" à la Villa d'Este" the pianist transformed his instrument into a veritable fountain, whose cascades of water rise and fall, set off at first, and then slowly into a torrent and turrit at the conclusion. "The Eleventh," one of the lesser-known of the Hungarian Rhapsodies, was performed with that familiar Slavic thrill and richness of color which invariably attracts whispering giggles and passionate visions. Strictly classical in its mood was Hummel's "Air with Variations," which the Horowitz-Richard orchestra played with an artistic grace and the clarity of its melody were delightful, and Mr. Iturbi emphasized the beauty of its phrasing.

Dr. Bryan Speaks On Mental Illness

"Society's Problem of Mental Illness" will be the topic of Dr. William A. Bryan, Superintendent of the Norwich State Hospital, in the Palmer Auditorium, Wednesday evening, November 6, at 7:30, under the auspices of the Psychology Club.

Dr. Bryan, who was previously in charge of the Worcester State Hospital, is now introducing certain changes in organization at the Norwich Hospital, and developing the psychological work there.

Winthrop Scholars

Announced by Pres. Blunt In Chapel

Virginia Chope '40, Mary Elizabeth Hoffman '41, and Elizabeth McCallip '41, have been elected to Phi Beta Kappa, on the basis of their standing through their junior year. President Blunt announced in Chapel on Tuesday, October 29, Virginia Chope, an English major, in President of the Senior Class; Mary Elizabeth Hoffman is a Zoology major and an assistant circulation manager for New. Elizabeth McCallip, who is a 3rd-Room, is a scholar in her freshman year and has been elected to Phi Beta Kappa.

President Blunt explained that Phi Beta Kappa elects its new members twice a year, those elected in the fall being chosen on the basis of their work through their Junior year. Those elected in the spring, on the basis of work through Senior year. She also explained that Winthrop College had a chapter of Phi Beta Kappa, it had an organization known as the Winthrop Scholars. Now, students elected to Phi Beta Kappa automatically become Winthrop scholars.

"I like to analyze with you every year," the President continued, "two things: thing, they student attain high academic standards. They are, the ability to appreciate, and the ability to render thinking and analysis on your own. A combination of these two abilities makes a Winthrop scholar.

"Whether or not a girl makes Phi Beta Kappa in her junior year does not indicate scholarly work," President Blunt said. "Sally Kelly, who received the degree before she had attained her bachelor's degree of the class of 1940 doing graduate work. In certain lines, President Blunt explained, including social work, medicine, law, advanced teaching degrees, and other professions.

Transfers Invited To Miss Blunt's

President Blunt will entertain the Transfer Students with a Coffee at her home at seven o'clock on Wednesday evening, October 30. The gathering will be one to further the acquaintance of the students, and one at which Miss Blunt may learn to know the new students better.

These students, who were slightly perplexed by the first week of college due to the fact that they were devoted mostly to their studies, are eager to meet their new friends.

The gathering will be one to further the acquaintance of the students, and one at which Miss Blunt may learn to know the new students better.
Thursday, October 31
Wig and Candle Celebration

Please note: This event is for Connecticut College students only.

The Connecticut College News is CT College's student newspaper, established in 1916. It is published every Wednesday throughout the college year by the students of Connecticut College. The newspaper covers various topics, including campus news, student events, and community happenings.

In this issue, the news features an article on the first drawing numbers being drawn for a new lottery, with numbers ranging from one to one million. The article highlights the impact of these numbers on many students, as well as the significance of the numbers being drawn.

The news also includes an article on the first screening of a documentary film that was deliberately shown for its content-free nature. The film was produced by the American Film Institute, and it is being shown in all the major cities with the help of the National Catholic Welfare Conference.

The news concludes with a section on upcoming events, including a film screening, a lecture, and other campus activities. Additionally, the news includes a call to action for students to participate in the upcoming events, emphasizing the importance of attending and engaging with the community.

The Connecticut College News is an important resource for students to stay informed about campus events and activities.
Have You Seen Our College Power Plant?

By Sally Kelly ’41

Do you know that we generate our electricity here at Connecticut College? While we are running around on campus there are hundreds of feet of underground mains carrying steam, hot water, and other utilities to the buildings. All the college buildings (including the Old Chapel and the huge gym) are heated by steam. Hot water is sent through the system to heat all the buildings and water to all the sinks and washbasins. Steam is supplied to the boiler rooms in all the buildings; the hot water is supplied to all the sinks and washbasins. Steam is supplied to the boiler rooms in all the buildings; the hot water is supplied to all the sinks and washbasins.

The hot water is generated in the boiler room in the basement of the Old College. Here, hot water is generated by burning coal in the boiler. This boiler is about 135 feet above ground level. Inside the boiler room, there are six boilers that are 218 feet high, 204 feet wide, and 194 feet long. Each boiler is capable of generating about 18,000 gallons of hot water per hour.

The hot water is then sent through a series of pipes to the buildings throughout the college. These pipes are 218 feet long and are made of steel. They are insulated to prevent heat loss. The hot water is then distributed to the various buildings throughout the college.

The steam generated in the boiler room is sent through a series of pipes to the buildings throughout the college. These pipes are 218 feet long and are made of steel. The steam is then distributed to the various buildings throughout the college.

The hot water and steam are then used to heat the buildings throughout the college. The hot water is used to heat the radiators in the buildings, while the steam is used to heat the radiators in the buildings.

If you want to see the boiler room, you should ask permission from the college administration. They will be happy to show you the boiler room and explain how it works.

Poor Misguided Underclassmen Instructed

By Twenty Rules Of Senior Proclamation

By Lorraine Lewis ’43

To the senior and senior-to-be, or those who are in their last year of college, there are twenty rules of senior proclamation that will be instructive and helpful to those who are in their final year of college.

1. Do not waste your money on clothes or parties.
2. Do not go to dances or parties or social events.
3. Do not participate in any extracurricular activities.
4. Do not participate in any sports.
5. Do not participate in any athletics.
6. Do not participate in any social events.
7. Do not participate in any extracurricular activities.
8. Do not participate in any sports.
9. Do not participate in any athletics.
10. Do not participate in any social events.
11. Do not participate in any extracurricular activities.
12. Do not participate in any sports.
13. Do not participate in any athletics.
14. Do not participate in any social events.
15. Do not participate in any extracurricular activities.
16. Do not participate in any sports.
17. Do not participate in any athletics.
18. Do not participate in any social events.
19. Do not participate in any extracurricular activities.
20. Do not participate in any sports.

These rules are intended to help guide seniors through their final year of college. By following these rules, seniors can ensure that they are making the most of their final year of college.

 VAN ENOS BURDICK DORMS With Flower Bouquets
Houseful of Gatherers and Arrange Color Schemes To Match Dorm Settings
By Lorraine Lewis '41
How often the exclamation is heard in the forward floral section, "I wonder who arranged them?" Almost any one of our house fellows might have been responsible. We have so many lovely arrangements that the mistresses do arrange bouquets for the dorms. It is a delightful surprise when we are in the interview, we shall be more specific. Miss Van Enos Burdick connected the dances with a Ceramicine still-life, a great orange vase, and vivid goldfish. The porcelain dish is against the neutrality of the wall in Windham.

Dance Group Plans Coming Activities And Recital Theme
The modern dance group has many plans for this year," says Lil Holscheid, newly-elected chairman. It was decided at the first meeting at Miss Harshman's home that the dance group would meet every Monday evening in Knowles from 6 p.m. until 8 p.m. The girls also decided that it would be desirable to have the more experienced dancers meet in another room, with Mrs. Davies, Betty Brick, Katherine Holm, Elizabeth Maas, Venetia Shoemaker, Elizabeth Smith, Marcia Wiley, Mary Gibbons, and Virginia Scudder to make up the group.

This fall emphasis will be on choreography and on the study of percussion and composition. Work for the winter will be organized during this time. In the past the winter there will be three meetings a week. Instead of everyone working all the time, there will be a greater mixing of the sheets. The whole will meet separately. Later these groups will get together for winter and then that will be done. A great deal of time will be spent on preparing for the program to be held on November 17 during the year. The theme of the presentation is set to be "A New England sketch." Take-offs on side-light of New England life will be presented to catch people's imagination. Just as we are cultivating rhythms in the Library from becoming too warm as it frequently does now, President Blunt pointed out that since color is becoming increasingly important in interior decoration the library will be furnished in brighter, more attractive colors. The library is expected to be popular for a wish for a more open reserve system similar to the one at Vassar, which new developments in departmental subject are situated adjacent to tables where students can read books and work on papers.

President Lawrence thought that there was a great need for the library where people could deposit books, such as those brought from the Noise made by walking across the floor in the library will be eliminated by a sound-deadening substance similar to that used on the floors in the dining rooms of the newer dormitories. The Forum all agreed that there was a need for an organized religious activity on campus. It was suggested that a group be formed around the Chapel and the Library. The idea was to help maintain an atmosphere of special liking and belief in the students. It would help sustain student enthusiasm for the School of Vesper, Convocation, and Chapel speakers—those who talk only form the incentive—leave the others to do the thinking and form what specific ways that which the speciality is to be established. However, it was pointed out that such a person who was in charge of the group. It was decided that a student who would maintain only a passive interest. The fault lies mainly with the student (or someone added, who must be shown that regardless of how we call it, the unusual or "off-affair" but one that lasts through the week. A suggestion was made that students might clarify religious viewpoints by viewpoint with a Vesper speaker points up on campus.

Of Forum Held
President Blunt assured the Forum that there would be a lounging room for the students. Also, to facilitate studying in the library there will be new chairs where students could smoke in separate desks where one can sign up for cubicicles in advance, within reason.

Other suggestions by students and teachers as the new addition were a ventilating system, a bright color scheme, a snack place, and at least some furnishing means of returning books when the library is not in use. The men of the Forum are especially interested in the new floor. An air-circulating system to prevent the Library from becoming too warm as it frequently does now, President Blunt pointed out that since color is becoming increasingly important in interior decoration the library will be furnished in brighter, more attractive colors. The library is expected to be popular for a wish for a more open reserve system similar to the one at Vassar, which new developments in departmental subject are situated adjacent to tables where students can read books and work on papers.

Quotable Quotes
(Continued from Page Two)
C. Jordon, Professor of Chemistry in Brothers College of Liberal Arts at Georgia State University, warns that each generation must not fail to pass on the right to understanding generation the hard-won fruits of its experience.

"All this super-organization with which we are now depopulated in the few years is bound to collapse soon or later under its own weight. I can think of nothing more advantageous to all these leagues, one over another, than it amounts to is an abbreviation of our own schedule as we set fit we are told by these gag and big business New York whom we play and when. In talking with our own hands and about all that we get out of it is some unnecessary, and usually undesirable, publicity." Dr. Clarence W. Mendell, Yale's athletic boss, takes a powerful poke at these "leagues," as college athletics.

"Teach the young people that the time has come for them to serve the country. To that time has come they have an opportunity to give much, much more than the years that lie ahead between them and every merit shall be sacrificed for all of us. Times are now today to be, not going to be, but going to be, and the struggle to be, much more stimulating, much more brawling in every way that these fast and easy-riding and soft days that lie behind us. We have no alternative," said the Princeton challenge.

The V. Kaltenborn, radio commentator, calls for a toughening of American character and more rapidly than ever say that the challenge must be met. We can meet this challenge.

In a western agricultural college which has developed in the past takes the thing out of the central office in New York by over from authoritative control. The former, as a rule, makes the point that education has increased emphasis on character development, and the latter, as a rule, says that education is not going to be easy. They're going to be tough.

Queens College stresses the need for education has increased emphasis on character development. They're going to be tough.

Therefore, the education system.

It is easy to see now that the education system.

Therefore, the education system.

Therefore, high heels with ankle braces, which had an arch
to arch one.

In case a Senior tells a lie, or later under its own weight. 1

Dear Miss Clic: My brother, a sophomore at X... College, is an ardent sports fan and is bringing his boyfriends over to our school and introducing them to me. But oh, Miss Clic, they never come back of our own accord! I ask my brother why, but he just pout-pout-eyes me mystically. I'm so upset, that I bite my... fingernails! What can I do?

Dear "Angonized": Say hello, young woman! Don't you realize what's wrong? You've put your finger on it-yourself! You bite your fingernails! If there is any... thing in your whole life which... is a fashion... want to do... and work out for yourselves or your future husbands finally craw... a chance for graduate... and chipping better!

What can you do to have more beautiful nails? Let the brilliant gem... of your fingers go your... fingernails give you a fing... to work out for yourselves or your f... and work out for yourselves or your f... to work out for yourselves or your f...

Delicious and Refreshing

"Delicious and refreshing!—ice-cold Coca-Cola never loses the freshness of appeal that first charmed you. Its clean taste is exhilarating and a refreshed feeling follows. Thirst asks nothing more."
Amazons To Have Field Day At Yale's Sadie Hawkins Orgy

As part of a nation-wide festival, Yale's First Annual Sadie Hawkins Day Orgy will be celebrated in the Elm City on Saturday, November 2, with the Brown football game as its co-feature. It was announced last night by a self-appointed Sadie Hawkins-in-Yale Committee.

In keeping with the traditions of Sadie Hawkins Day, up to a third of the comic strip, Life Aquair, girls will do the pursuing and boys will do the artful dodging. Since Yale's First Annual Sadie Hawkins Day Orgy chances to come during high school, girls will pay all expenses for the luckless victims of their pursuit. As the distances from Poughkeepsie, Northampton, and other points to New Haven are prohibitive, all man-hunting will be done by mail, for which purpose a special Official Sadie Hawkins Credential Card is printed elsewhere in today's News.

Large quantities of these cards are being mailed to reputable female educational institutions in order that all properly qualified girls may pursue their chosen males.

The nature of the week-end will be a spectacular girl-chase-boy frolic throughout the halcyon days of the Brown game. Last year, Julius Widler, often known as F-Buck, held the line, but his box-office appeal was so disappointing that his contract was not renewed by the Athletic Association. The half-time mayhem festival is open for all socials, bandanas, etc., or to appear in the Hawkins Day garb, i.e., overalls, fine tucks, etc.

This Collegiate World
By Associated Collegiate Press

Interesting effects of recent world developments on the choice of courses by college students are noted at Hobart and William Smith colleges.

Language departments report sudden decreases in enrollment in German, French, and Italian, with increases in Spanish, Greek, and Latin.

Both faculty members and students were hard put to interpret the phenomenal increase in Greek and Latin enrollments.

Adding to the mystery is the fact that, while girls have heretofore made up at least half of the Latin classes, there are almost none in this year's classes. The greater decrease in popularity of Italian as against French and German was explained in this year's classes.

Thousands of American college students have been virtually disfranchised because of "cumbersome" absentee voting laws, it is pointed out by Dr. France L. McChesney of the General Faculty of Public Affairs.

The survey discovered little conformity in states. Missouri and Oklahoma specify that absentee voting is possible only within state boundaries, while Rhode Island and Virginia insist it is legal only if the voter is outside the boundaries.

Citing varied restrictions in numerous other states, Dr. McChesney concludes: "This situation is particularly undemocratic and senseless. College boys and girls of voting age, presumably studying to become voters, have neither the inclination nor the encouragement to go through the red tape of absentee voting."

Despite an uncertain future clouded by threats of war and economic insecurity, the nation's youth are becoming more and more career conscious and thrifty for higher education. Temple University officials have found that applications for admission showed a nine per cent increase this year. Registrar Millard E. Gliddon makes the following observations gleaned from a survey:

1. Demands for business training and preparation for work in the industries lead all other educational trends.

2. Teaching is coming into its own better.

3. Careers that attract women are in high demand, especially in highly-specialized fields.

4. Entering students today are in much better physical condition than their predecessors, examinations of 1,000 freshmen entering Kent State University show.

A. 0. A. DiVer, director of students' health services, said steady improvement has been indicated for 12 years. Outstandings in nutrition has been shown, the doctor said, with body and muscular development also higher.

Exchange Notes

Iowa State College at Ames, Iowa, is the geographical center of the state.

Carter Davidson, President of Knox College, is the youngest college president in the country. He is 33 years old.

List to a Republican Candidate
You won't get my vote
Cause your language is strong
You won't get my vote
Cause your hair is too long
You won't get my vote
Cause I doubt your abilities
You won't get my vote
Cause I don't like your clothes;
You won't get my vote
Cause I hate Indiana;
You won't get my vote
Cause I don't like your manners;
You won't get my vote
At the point of a gun...
You won't get my vote
Cause I'm not twenty-one.

There once was a proud named Mc-
Lear
Whose students thought him just a deer;

At the start of each term He was sure to affirm
We're using the same text this year.

Father: Well, son, how are your marks?
Sonny: They're under water.
Father: What do you mean?
Sonny: Below C level.
