Post-War Services
Is Sent Letter of
Thanks by Needy

Now that College Community Fund Drive is a thing of the past and your pockets are bare, perhaps you could quote to us to help to fill that empty space in the staunch which we do not expect that eating this column is an instruction for, but after you read the letter I think you will feel your sap rise.

Remember the clothing drive at the end of the spring semester? Most of it was sent to a student camp for refugees in Post-War Services. We received this reply which I pass on to you.

"Your packages arrived safely and I have the honor to thank you in behalf of all of us who got something from you. I regret only, you could not see the happy faces after we have received your gifts."

But I would like to stress the human side of moral appeal that you gave us by your encouraging lines, and by the background of your many gifts, which promises to result in complete satisfaction, gives us new elan to fight this fight. We think that no effort was made in all of complex, states of depression which appear in post-war, especially in that of the youth. We are against this point which we came up here and once more thank you for your kind offer."

And many thanks for everything.

Yours sincerely,

Vladimir Sklyak, President Student Council, Vassar College, Nurnberg, Germany.

Come Help Plan for Mock Legislature

Have you ever fashioned yourself as a legislator? Have you ever formulated laws for the state of Ceylon or a country in Europe? In Hartford, an opportunity is at hand. Professor Otto Klineberg in his recent address at the Eco-Union Salon. In an address set up as "A face-to-face group" on an individual and group's influence important. The problem of leadership is also discussed.

How can psychology aid in the solution of social problems? The possibility of less war is a very important question. This was but one of many ideas focused in the discussion of Post-War Services. We received this reply which I pass on to you.

Subject of this week’s profile is a very special young man, Joseph Baird, who is one of the latest additions to the faculty. Baird, visiting lecturer in English, is a genuine, yet humble, poet. Baird is a poet who can make one feel at home with him; he has a great sense of humor, and he can make you laugh at your own troubles.

A&M professor Everybody writes poetry, but few make the grade, so please join the group that evening to air your views about poetry. Attend the Student Faculty Forum on Tuesday, November 29, in the Fanning faculty lounge, at 7:15 p.m.

The Vermont State College is currently offering a course in Modern Poetry, taught by Professor Robert Smith, and it is open to all students, regardless of major. The course meets Thursday evenings at 7:30 p.m. in the Fanning faculty lounge, and all members of the College community are invited to attend.

The course is designed to explore the rich tradition of American poetry, from the Romantic era to the present day. Students will study the works of such poets as Walt Whitman, Emily Dickinson, Robert Frost, and Susan Howe, among others. They will also have the opportunity to write their own poems, guided by Professor Smith’s expertise.

The Vermont State College is committed to providing a broad and diverse curriculum that challenges and inspires students. The Modern Poetry course is a great example of this commitment, and we encourage all students to join us in this exciting exploration of the art of poetry.

We hope to see you there!
Lackey Wins Tennis Tourney; E. Monzert Wins 2nd Contest

A new star arose in the tennis world last week. Without benefit of past form or past records, Bobby Biggs, M. K. Lackey won the Connecticut All-College Tennis Tournament. Previously obscured by the bright stars of the ranks, he met the challenge, fighting for the title against the steady playing of Jimmy Metz.

The Seniors played the event with the situation called for. The performance of Jimmy Metz and M. K. Lackey represented the final in this respect. Both were at their best in defending their titles, fighting for the same goal of the game and giving their best to win.

Bernards High Fashion at Low Prices

The Junior-Sophomore hockey game was played in this tournament, the Seniors a one to nothing victory in the first game. The Sophomores were near the goal often, but could not get the ball past the Senior goalie, Marge Potter. Perry McCarthy scored the only goal of the game and gave the Sophomore team a chance to go on to defeat the Seniors.

Lackey is a former student of Connecticut College and has won many tournaments in the United States. He is expected to do well in this competition and is considered one of the top players in the country.

Speedball This Fall

In the class speedball competition there have been two games. The Juniors beat the Freshmen and then went on to defeat the Sophomores. The Sophomores took an early lead, but the Juniors, playing without the services of Ruth Gardner and Sue Fricke, were able to get back and tie the game at 2-2. The final score was 2-2, and the Juniors emerged victorious.

Miss Pond of the gym department, has been a photography fan for years. It all started when she was here as a student, and the physi- cal education majors filmed a movie as a project. Miss Pond became much interested in still photography after this introduction to filming and has since done much with it. Many of you will remember the 1948 Connecticut College calendar with various scenes around campus. The pictures in that calendar were entirely Miss Pond's work. She has also done much work for the Alumnae magazine and many pictures for publicity purposes for the college. Miss Pond does her own developing, enlarging, and printing of films. As if this hobby weren't time-consuming enough, she also has collected stamps for many years!

Penguins Collected

Lots of people collect things, but we run into a new one today. Miss Hazelwood of the English Department collects penguins in all sizes and shapes. She also has many books about them, and she even received a record by Morton Gould about them. How did this hobby start? Well, ten or so years ago she came across a line in a story about penguins and decided to collect them. She then went out to the zoo to relax with some of the creatures and has been collecting penguins ever since.

Campus Interviews on Cigarette Tests

Number 6...THE TURTLE

"I should never have stuck my neck out!"

They had our slow-moving brother moving at too fast a pace with those quick-trick cigarette tests! A fast puff... a swift snuff... a quick inhale... a rapid exhale. Terrapin's head was spinning—didn't know if he was coming or going! But he slowed down to his own speed—decided there was no need to rush. After all, he figured, how could anyone possibly prove cigarette mildness so fast?

And he was right, too! That's why we suggest:

The sensible test... the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke—on a pack after pack, day after day basis. No snap judgments needed. After you've enjoyed Camels—and only Camels—for 30 days in your "T-Zone" (T for Thorat, T for Taste) we believe you'll know why...

More People Smoke Camels than any other cigarette!

Romma Logan, daughter of the head of CC's own art department and a member of the class of '33, announced her engagement Sat-

day to Henry Woodbridge, a sen-

tor-at Yale, and a Zeta Psi. As yet,

due to the draft, wedding plans for Romma are indefinite.

Carol Todd, a sophomore in Plant, has a claim to fame few can make. Her brother-in-law, whose stage name is Anthony

Drexel, will play Rudolph Valetto in a movie on his life soon to be released. Suspicion of this fact was first aroused by two juniors wandering about the dorm who quoted pictures in Carol's room

reminding them.
