WMI Opens Soon: Modern Facilities
Benefit 125 Girls
by Edith Mannsweit

Educational activity will commence, following the Christmas holiday, with the opening of the new educational building, which has been a part of the CC campus since last spring.

Amid the modern decor and设备, the newest innovations in lighting and blackboards, the lobby will be graced with a lovely girl and the other facilities in the building, each of which is unique in its own way. The auditorium is entirely lacking in the modern influence. Although at present the area of the room is small, it is expected that the room will be expanded to meet the needs of the college.

A brick fireplace and the remaining part of the colonial period will give an impression of informality and relaxation.

Government Dept.
Offers New Course

The Government Department will offer a course entitled "International Organization" during the Second Semester. This is a 3-credit course, open to sophomores, juniors, and seniors who have had American government, world or international relations, or modern European history.

The course is concerned with the structure, functions, activities, and problems of international organizations, with particular reference to the United Nations and the Specialized Agencies, and to the various Regional Agencies which have developed throughout the world.

The course will be taught by a member of the faculty, who will teach the course, and who will be responsible for the content.

Avoid Vacation Fines

Students are requested to check out books on loan from the library and to renew those that are due before vacation.

Bermuda Cry Laires
25 CC Vacatones
To Island in April

Over the Spring Vacation, 24 Connecticut students, led by Sue Riss, will invade the rooms of Harmony Hall in Bermuda. For a fee of $25, which will cover all expenses including round trip fare on Pan-American planes, the girls will enjoy ten full days with other college groups.

You and the Whirlowbushes are already planning to be there and it is expected that Princeton, Dartmouth, Hamilton and Colgate will add to the island attraction as a whole.

The girls will enjoy the island as is known. In the evening, there is hope that Canada will supply its Rugby teams for exhibitions.

Gray Stone Chapel Provides Setting for Campus Religion

Harkness, Yale Grad.
Chapel Donar. Noted Education Gifts

For Educational Gifts

"The betterment of humanity can be achieved by good health and good education," was the philosophy of Edward Ste- phen Harkness, one of the foremost philanthropists of modern times and a generous supporter of Connecticut College.

On this campus, Mary Hawk- ness dormitory and the Chapel show the force of Mr. and Mrs. Harkness' magnanimous nature. At a candlelight ceremony in January, 1965, just a few weeks before her husband died, Mrs. Harkness presented the then president, Katharine Blunt, with the key to Harkness Chapel. During a pilgrimage to Europe in 1912, Mrs. Harkness suggested to her the possibility of building a chapel. The architect of the Chapel, John Gamble Rogers, has designed many famous buildings, and is also a summer neighbor of the College. Rogers was the architect of the Yale University art building in the Li- brary. Rogers was a close friend of Mrs. Harkness and is also a member of the College faculty.

The architect of the Chapel, John Gamble Rogers, has designed buildings at Yale University, the Columbia Presbyterian Medical Center, the University of Rochester, and Northwestern University.

In planning the exterior of the Chapel, John Gamble Rogers made special arrangements with the architect of the Church of the Holy Cross in Oxford, England. The design of the Chapel is a symbol of the philanthropic nature of two great individuals. A True Philanthropist.

The botany department recently announced that it is again of- fering space in the greenhouse for students wishing to participate in the vacation.

The greenhouse may be brought to the greenhouse on Thursday or Fri- day, December 15, before 9:30 and left when designated.

The plants must be called for on the following Monday, January 8. Unusual arrangements are made, as the space is needed for work of the various students.

If the day is cold, students are requested to bring some plants with them while in transit in or-

Christmas Pageant

The Christmas pageant, an an- nual highlight of the week preceding Christmas vacation, will be given on Thursday and Friday evenings, December 16 and 17, at 8:00 in Palmer Audito- rium.

The theme of the pageant is with- out its customary "It will not be a dramatic production, but rather a processional," said Taby Andrews, director of the page- ant. The idea is to have a sact- ific performance, and have the students realize that they are not anonymous." The Madson

The Madson will also remain a significant feature of the perform- ance Friday evening. The Miss CT College and the pageant are a great help to the cast in anticip- ation of next year's pageant.

Have We Built a Tradition and Lost True Meaning of Xmas?

Ponds turn to ice, noses turn red, and breath turns to smoke. Christmas, December filled with presents, red-faced Santa Claus, and records of Christmas Carols. Most people mention and families all mention the Christmas “feeling.” What do we mean when we “feel” like Christmas?

Christmas today is commercialized. Strings of colored lights edge doorways and streets where once candles were the light for Christmas. Synthetic phonograph records bring professional choristers into our homes where once neighbors gathered to sing carols in their blending (or not so blending) voices. Sad looking Santas gather in groups on street corners ringing their bells where once Santa was seen in person only on Christmas eve. And yet, we still “feel” Christmassy.

The true Christmas “feeling” seems to come from finding something of the old Christmas in the flurry of today. We can’t get away from the parties, the concerts, the plan, long enough to think of the true meaning of Christmas. We get the Christmas “feeling.” When we know we are doing something not for our own amusement but for others, then we know what Christmas means.

Giving presents to Learned House, buying Christmas seals, and supporting generous projects help to create the Christmas feeling. Let us be sure that we are not losing sight of those things we can find and merely becoming content to rust with those things we know.

Emerson, in his essay Self-Reliance, says, “Civilized man has built himself a cage, but has lost the use of his feet.” Let us be sure, in this Christmas season, that we have not built ourselves a tradition but have lost the true meaning of Christmas, the glow of Christmas, MZ.

Pickwick Bachelors To Be Movie Heroes

The Pickwick Papers will be the movie featured at Palmer Auditorium on Saturday, January 8, at 7:30 p.m. Noel Langley directed the film and wrote the script. Mr. Langley, who is currently producing the 24-hour, 1,000-page novel being called “The Defeat of Man,” is a master of the long小说.

This British novel is another in the series of stories written by Charles Dickens. Charles Hackett, Professor of English, says that the novel is a wonderful story of the roles of his famous fictional characters.

Free Speech

A Forum of Opinion from On and Off the Campus

The College is a good place for free speech, just as the public square is a good place for free speech. The public square is a good place because it is open to everyone. The college is open to everyone.

Do you know why so many girls take so many worksheets? Why so many grab at the first chance for attention? How are the women’s colleges and CC. Connecticut College is so trendy and an institution and a college should be more than just a place for scholastic learning. Since we are attending a woman’s college, there should be more opportunities for meeting the opposite sex and for maintaining their interest by providing a more pleasant and friendly atmosphere.

Now for some constructive criticism, suggestions. If a girl doesn’t miss her free time after first year, she’s left hiking that long, dry, lonely road to New London. The college is relieved of its maternal atmosphere here on campus.

Incidentally, take the position of his more happily anticipated part. And yet, we still “feel” Christmassy. What do we mean when we say we “feel” like Christmas? Does it mean something of the old Christmas in the flurry of today? Don’t we agree that the parties, the concerts, the plan, long enough to think of the true meaning of Christmas. We get the Christmas “feeling.” When we know we are doing something not for our own amusement but for others, then we know what Christmas means.

stage scenery led her to her present work, which is a most pleasant one. She admits that this is her first Christmas aclent as a secretary, and finds the role most enjoyable.

After she graduates, Tabsy plans to work in a job connected with advertising or publicity. It is her hope to travel to Europe, doing most of it on her own money. She has been devoted to preparations for the Christmas Pageant, which she says that she enjoys. Andrews barely had a minute to give any information about herself.

Traditional Spirit, Pageants, Santas Carolers, Bring Early Xmas Feelings

by Barry Learned

Christmas is the different countries celebrate with various customs which we are unfamiliar with. Each country has its own special customs which they use to make its celebration different from any other country. Each of the students has described her Christmas tradition, and we can see how the tradition is treated in some other lands.

Gerda Steck's Christmas lasts from Christmas Eve through the twentieth, in Wurttemberg, Germany, although St. Nicholas comes to town on the sixth of December. He has a list of all the good and bad children as he walks through the streets, and he carries apples and cookies for the good ones while he has none for the bad.

Gerda's family uses a triumphal arch with a candle added upon it and on the four Sundays before Christmas the family lights the candles from the previous arches. Gerda's family has a harvest for Christmas, which begins with a candle added onto each one every year and on the fourth Sundays before Christmas the family lights the candles from the previous arches.

Barry Learned finds Colorful Pageant Task

Barry Learned has taken up writing for the student newspaper since his costume ever since he has started on Jack, and Jobs. Barry Andrews as co-chairman of the Christmas Pageant, it is difficult to catch her as she dashes from the gym to the hall, and back again to work on the Pageant. He knows that it will be an at least as successful as it had been last year.

Naturally there was much excitement in the prepara-

tion for the Big Day. There were thirty-five windows to be washed, an infinite number of walls, floors, and stairs to be scrubbed. The windows were washed, the curtains to be washed throughout the entire house. The family lights a candle on the first day of Advent. A Christmas wreath of evergreens is placed on the table, and each day a candle is added to it until thirty-five candles are displayed. The family lights this on Christmas.

He contributed mainly to colleges, schools, hospitals, libraries, and museums. More than thirty uni-
versities and colleges in the United States have received dona-

vard, Princeton, Yale, Columbia, and Cornell are perhaps the out-
standing examples of his gener-
bity.

He gave his money without restrictions and reservations, and in the true style of philanthropy he often gave many gifts anonymity.

He was always shy of praise and was never present at dedication and ceremonies. The only public appearances he did make, and at which time he seemed to lose all shyness, were his reunions of his Alma Mater, Yale Class of 1897. Although beer part-
ties, bicycling, and camera excursions were things at New Har-
vans in the nineties, Mr. Harkness participated in none of these dis-
tractions. His main interest was in art and antiques. At Yale he
maintained an appreciation of the joint in medical research and
possibilities, and an interest which he further pursued in later

Although Mr. Harkness rarely
