A Forum of Opinion From On and Off the Campus

The opinions expressed in this column do not necessarily reflect those of the editors.

Accuracy

Being a member of the freshman basketball team I was very surprised, to say the least, to read an article on page five of the last issue of Connecticut College News that in no way reflected the high morals of the freshman team. February 24, the freshmen were "bowed gracefully" by the sophomores by a score of 44-18. The freshmen were the sophomores, and did not even have a game on Tuesday I was even more astounded. However, I have learned that it was a volleyball game and not a basketball game that the paper was speaking of. I would suggest in the future that your news coverage be read by some of the faculty. Ed. Note: See Gymnastics.

Books

What can be done to improve the Connecticut College Bookstore? The Bookstore is a monogamy, and probably must be so on a college as small as ours. But it is important for competitive survival to improve, even slightly, services and interest in the customer's needs, then we must see whether there is some way to improve the existing intolerable situation.

Certainly we should get more books with big important over what they consider poor service, and greater ridiculous the book store to accept it and have there, or he, or there be no other place. If there is a choice of only one book, one can refuse to buy at a distilled place; if there is no choice, the customer should have some pressure.

Admittedly, the Bookstore staff must have problems, too. There may not be enough clerks to handle business, nor enough profits to hire more. Alas it is doubtful if students are always models of courtesy.

But this realization does not alter the basic problem. What are the solutions? This writer frankly does not know, but hopes that some readers may. It has been suggested that the public clerks be hired in times in order to save speed sales; they could at least place books. That we may be able to improve social and economic problems of

**Miss Ramsay Announces Dates For Future Senior Interviews**

Three dates for the week of March 9 for senior interviews, Miss L. M. Ramsay, Personnel Director, has announced to the classes. **Gimbels**

The program offers the opportunity to give each trainee a basic understanding of every division of the store.

Gimbels is looking for future trainees who are interested in initiative, ambition and loyalty. A Minimum of 30 seniors and all applicants to those selected are assured of full development and opportunity for advancement. It is the policy of the company to give the majority of trainees a position on the inside, which will result in the selection of eventual management trainees.

made by the speakers, at the final panel discussion of Our Education for the United Nations, which Professor Louise Howarth will moderate.

That evening an informal buffet dinner will be held in June Adams for all delegates. Following this, movies of the United Nations will be shown in Palmer Auditorium.

**Incorporation**

The final problem that faced delegetes was the incorporation of the seniors' own college-sponsored group. Many were also opposed to the group's activities by confining them to the freshmen, and the final outcome on this question was 54:41, with the freshmen victorious. The outcome of this vote was somewhat confusing, but in this close game and a word was spoken by anyone a rare phenomenon to say the least.

**Intercla**

The Interclass badminton matches, singles and doubles, have now gotten under way. Due to the sudden death of our regular doubles partners, four matches to the sophomore's win has already finished. Also, an additional, match has been added by defending the freshman team. The outcome of this was not as fair as it should have been. The two teams played for a single game of ten points. The record of 1950 was 154, and Nuns topped this score by scoring a very nice 201.

**Correction**

In the last week's NEWS, there was an article about basketball games between the various classes. The juniors and seniors were held by the freshmen. The scores were correct, but the names of the players referred to volley ball, not basketball.

Japanese Government Grants Charter for New University; Groups in U.S., Canada to Sponsor Christian Institution

International and interdenomi- national in scope, the Inter- national Christian University in Japan, near Tokyo, has recently been granted a charter by the Japa- nese Government. The securing of the charter now assures the defi- nite establishment of the International Christian University in April, 1953.

US Sponsors

ICU is sponsored and partially supported by funds from four- teen major Protestant denominations in the United States and Canada. The Japan International Christian Universities Foundation, Inc., is the group designated by the Japanese Ministry of Education, Culture, and Science as the body responsible for the establishment of this institution.

Great interest in ICU has also been shown in Hawaii, Great Britain, and the Continent of Europe. The Division of Foreign Missions of the National Council of the Churches of Christ in the USA, with which the Foundation recently became affiliated, has also given the Japanese University its official endorsement.

Students of all lands, both men and women, irrespective of race, color or religious belief will be enrolled at the University. There will be no pressure on those stu- dents to convert them to Chris- tianity. There will be no regimen- tation. But with a non-sectarian Christian faculty and a Christian administration, Mr. H. Gerhard, Director and Pro- fessor, Vice-Minister of Education of the Japanese Government, who will head the ICU Graduate School of Education.

Two Americans are vice presi- dents of the University. They are: Dr. Maurice K. Priest, Vice Presi- dent for Academic Affairs and Registrar; and Dr. Harold Hackett, Vice President for Business and Finance. There will be an American Dean of Students.

(Continued From Page One)

Heifetz has made three films—Ragged Angels; They Shall Have Music; and Carnegie Hall. He has also made a series of short films of violin cadenzas and has recorded every classic piece for this instrument.

He himself has added to the con- cert's literature of his instrument almost one hundred and fifty transcriptions. In addition, under the nom de plume of Jim Hoyt, he has turned out a Tin Pan Ab- ley hit tune.

When not on tour, Jascha Heif- etz makes his home in Beverly Hills, California.

A perfectionist, Heifetz is his only severe critic. As Denoon Tay- lor put it, "He has only one rival, one violinist who is trying to best: Jascha Heifetz."

The Three Men in a Closet. After the Christmas vacation, a student at Wyoming University remarked, "It isn't so bad to sleep through all your classes, but when you start to wake up automatically every 90 minutes during the night—you've had it."

LIBERAL ARTS NOT VS. 'ALIEN IDEAS'...

(From a letter to the Daily Leader, San Jose State College, Calif.): What's all this rot about liberal arts education? Higher education today must exist purely for preparation for a vocation. This liberal arts plan does not prepare a person to take his place as a money-maker, a 100 per cent American. ... I know a few persons who have had a liberal arts education, and each one is neurotic or psychotic. One in particular, whom I try to avoid, wastes hours at a time studying. One and who can ... induce persons to buy.

Honor System

In a recent survey, the National Student Association found out of 273 colleges polled, only 38 reported having some kind of honor system. "No Doz"... Two members of the Hygiene department at Harvard University have warned students that the use of 'No-Daz' is partially responsible for the nervous collapse of many students around exam time.

Handicap

Dr. Arlie Bock, hygiene professor, terms the taking of 'No-Daz' pills "self-inflicted injury." He adds, "It's a fellow can't do his work without resort to such drugs, I would say he doesn't belong in school."

Dr. Arthur Contrato, instructor in medicine, says the pills often cause "severe nervous reaction which, although temporary, is handicap ing."

"Cram Aid" No-Daz sold without prescription, is standard equipment for many students who feel the need to cram the clock-around for final exams. A Food and Drugs Administration representative puts it in the same class with aspirin, since the stimulant caffeine is its only active ingredient.

Harvard University has announced it will not accept absences for taking 'No-Daz'.

A MEDICAL SPECIALIST is making regular bi-monthly examinations of a group of people from various walks of life. 45 percent of this group have smoked Chesterfield for an average of over ten years.

After ten months, the medical specialist reports that he observed... no adverse effects on the nose, throat and sinuses of the group from smoking Chesterfield.
