Play by C. Fry Will Be Given
On Wed., May 7

Thur. with Angels, a one-act play by C. Fry will be presented by the Play Production Class on Thursday, May 7, at 8:00 p.m., in Palmer Auditorium. Like A Phoenix Too Frequently, a West Wig and Candle presentation, this play is also complete in itself.

The cast includes Jackie Ganem '53, as Cymon, her wife, Children of the Village, by Allis Van Voorhis '53. Ann Doppell '54, will play the role of the old man. Morris Goodman '34, their son, Quint. Children of the Village, by Allis Van Voorhis '53,будитться cornet.

Other members of the cast are the servants of Cymon's household: Mike Hamilton '52, and Margaret King '34, as Anna. Their son, Peter, in The Swan, will be Heathcliff Livingston '57, the messenger.

One of the plays of the day, the performance occurs in 560 A.D., at the time which the medieval world is often called the Middle Ages. Contrasting themes in the play are the Latin title, Everyman, and the English title, Thor—Christendom—the Angels.

The other play is titled The Opening of the book, the hour is now come

Science Conference Attracts Many Students and Faculty

by Beth Smith

Connecticut College was well represented by students from every academic department at the Connecticut Valley Student Scientific Conference held at Mt. Holyoke College. The resident students were represented by Jean Leister '53, a zoology major, and Jillian Hills '54, a zoology major, who were among the students that traveled to South Hadley.

Among the undergraduates who attended a lecture, Climate Writes, was recorded by Dr. Paul B. Sears, chairman of the Department of Physics with the cooperation of a number of students.

After a lunch students were free to see a poster session, exhibits, and demonstrations. In the Physics Department, the Science Library was represented by Dr. William Hilts, and in the Chemistry Department, by Dr. R.D. Totten.

The conference at Mt. Holyoke College was the twenty-second in the series of annual Student Scientific Conference series, which was initiated in 1939. In 1950 a group of Mount Holyoke girls held a science meeting to which they invited students of neighboring colleges. The scientific discussions and interchange of ideas were so much enjoyed by the students that plans were made for holding such a conference each year.

In 1951 the first Connecticut Valley Student Scientific Conference was held at Mount Holyoke College. Students from American, Smith, University of Massachusetts, Springfield, Trinity, Connec-

Traditional May Day Comes To Camp O-A-Ka

Sophomores Present Flowers To Sleepy Seniors at 6 A.M.

Camp O-A-Ka Theme
In Community Life, Worship, and Study

Worship, study, and sharing in diverse aspects of community life and world with a faith in a power which makes life worth living, O-A-Ka '52, be held from June 9, will explore the theme, A Faith to Live By.

Stimulate Thinking

At Memorial Union, May Day festivities will find the experience of community life and meaning. This conference will be group and individual worship in four main chapel services, and a series of one-act plays that the campus choir will sing. The names of the plays will be announced.

Time for relaxation, and sports is also included. O-A-Ka offers a variety of recreational facilities: swimming, canoeing, tennis, baseball, and fielding in the surrounding hills. Bible study, workshops, and even evening programs of music and poetry. Other events include squaredancing and cooperative music, which are round out the schedule.

Anyone Welcome

Any student is welcome to attend O-A-Ka and Religious Fellowship are prepared to assist you. The Religious Fellowship Bulletin Board in Fanning and can be obtained from Patricia Monro '53, Conference Chairman, in Back.

Since membership to this popular conference is limited, please apply as soon as possible.

Lyman Allyn Museum Features Oriental Exhibit Until May 15
by Elaine Fridlund

East meets West, with极大地 blending of the East and West, at the Lyman Allyn Museum until May 31. At least 300 oriental objects of art, from Buddhist statues to Chinese porcelain, are on exhibit at this exhibition, which includes examples of Early Chinese art from the thirteenth to the sixteenth centuries, and the art of the ancient Chinese and Japanese civilizations. The exhibits range from the Ming dynasty, circa 1500 A.D., to the Japanese kimono, and a Chinese red lacquer box show the careful craftsmanship and attention to detail that is an important aspect of Asian art. However, some Westerners are surprised to find in Asian art, as shown in a tenth century glass called "Queen of the May" and was crowned with flowers as "Queen of the May" and was May 7 placed in a little bower or arbor, Beth Smith '54.

The most conspicuous feature of these festive proceedings was the erection in every town and village of a fixed pole—the May-pole. On May morning the celebrants suspended wreaths of flowers from this pole, and then danced round it in rings for nearly a whole day. The Puritans banned this custom, but it was revived after the Restoration, although the ceremony is now confined to school children.

In France, Germany, and other European countries, Maypoles are common, and festive sports are even today observed. Since 1898, May Day celebrations in Europe have been held as high as the main of a vessel of 100 tons. On May morning the celebrants suspended wreaths of flowers from this pole, and then danced round it in rings for nearly a whole day. The Puritans banned this custom, but it was revived after the Restoration, although the ceremony is now confined to school children.

Campus Secretaries Promote Efficiency of School Gov't

by Phyl Fudge

In the opinion of the secretary, there is a very important job. To her fall all the details and paperwork that flow through the offices. Ann Heagney, a campus secretary, believes that her job is one of the most important to the smooth running of the school.

Ann is a part of the larger group of campus secretaries that work to promote efficiency in the school. Her position is crucial to the success of the school's administration.

Ann hopes to travel to the House of Representatives by the end of the year. She is working hard to earn the money for this trip.

Ann is a member of Phi Delta Epsilon, a professional organization for legal secretaries. She is also active in the American Bar Association, which is an organization for law students.

Ann is currently working on her bachelor's degree in business administration. She hopes to graduate in the spring of 1953.

Plan Polo Game, Horseshow For Father-Daughter Weekend

by Midge Briggs and Ann Heagney

We have heard that weekends at Princeton often start on Wednesday, and that the students love to be outdoors. To begin the outdoor plans to begin this Father-Daughter weekend on Thursday, May 15, with a Student-Faculty Polo game. This baseball game will be played on the field in front of the college.

Also, on that same day, the student radio station, WCNL, will be broadcasting live from the college.

In the evening, there will be a dance for students and faculty in the Student Union. The dance will begin at 8:00 PM and continue until 11:00 PM.

Saturday, May 16, will be dedicated to the polo tournament. The tournament will start at 10:00 AM and continue until 3:00 PM.

On Sunday, May 17, there will be a horseshow tournament. The tournament will begin at 10:00 AM and continue until 3:00 PM.

All events are free and open to the public. We hope to see you there!

Zoo and Botany Depts Present Joint Flower Show and Exhibit

On Saturday and Sunday, April 19 and 20, the zoology and botany departments jointly presented a flower show and exhibit. The second floor of the New London Hall and the greenhouse were open to display the projects of various classes as well as individual contributions.

Barbara Rice '54 and Sue Greene '54 used both animals and plants in their exhibit of flowers and animals which pollinate them. Sue Greene '54 displayed a large tray of plant galls illustrated another interesting relationship between the kingdom of plants and animals.

The zoology's exhibit of individual study was outstanding. Joan Abbott '54 showed a display of a cat's eye; coloring each minute part for better understanding by the layman. An historical study of muscles done by Irene Templeton '54 included the actual animal as well as slides, diagrams, and written explanations. Beth Smith '54 demonstrated the preparation of muses and cells and Elizabeth Osgood '52, blood cells. Other exhibits included fossils, bird nests, eggs, and plants which after blooming and black adaptations for food getting. The botanists held a flower arrangement contest judged by Mrs. Arthur F. Whitney, and Miss Marjorie MacBain. William Newton of the Coast Guard Academy

CRC Faculty Hold Party of Square Dancing

Friday and their guests will hold an informal square dancing party this Friday, May 2, at 8:00 p.m. Only those invited to the party will be allowed to participate. This is an informal square dancing group from Waterford. The caller for the event has not yet been announced.

IRC Seeks Support For Broad Program Of Future Events

by Steve Glicksberg

Today with the world striving towards unity and understanding it is important for each person everywhere to do more than give lip service to the principles of Peace and Brotherhood. Words alone are ineffective for preparing the world for international cooperation. By acting, by doing something constructive no matter how small the contribution, you are helping to further these goals.

International Action

We, of International Relations Club believe we are acting; by attending discussion groups devoted to problems of current interest in the International sphere, by encouraging intercollegiate IRC activities, by extending our personal contacts with students from foreign countries. Thereby we hope to gain insight into the ways of other peoples and reciprocally to give them a place in your meeting and understand us. We believe that by giving the UN our support in these eight students we in our small way are helping to foster a more peaceful world.

Although IRC serves an important function for the university world much fun. We're going to make plans for next year at our meeting Wednesday, May 7, at 7:30 p.m., in June Addams living room.

Why not come and see for yourself.

A short discussion meeting Friday, May 2 at Wesleyan is open to anyone interested. Participates will be back the same evening, so don't miss it.

The theme of the play is the primitive lust and passion in sea life. It portrays sea life accurately, and thus shows the playwright's understanding of the setting. The play was written in 1927, is uncomplicated, and has very few secondary characters, according to some faculty members who have already seen it.

Spanish Gypsies was filmed in a grotto near Monte Negro near Granada. Pictures a gypsy festival, it offers an opportunity to see several strains of flamenco dances and songs. Although the acting is by amateur students, the setting gives a vivid impression of authenticity. Despite the greater expense than usual in producing these two films, the admission fee will still be only twenty-five cents.

$2500 Contest Open to Next Year’s Seniors

Students in the class of '53 have a chance to compete next fall for $2,500 in cash prizes in a nationwide essay contest on this timely and important subject sponsored by the National Council of Jewish Women. Any next-year senior, man or woman, in any American college is eligible. The essays, of 2,500 words maximum, are to be on the subject, The Meaning of Academic Freedom. First prize will be $2,500; second, $1,000; and third, fourth and fifth, $500 each. Headlining the Committee of Judges will be Supreme Court Justice William O. Douglas. Other members will be Ralph Bunche, winner of the Nobel Peace Prize in 1959; Thurman W. Arnold, author and former Associate Justice of the U.S. Court of Appeals; Mrs. Engel, president of Brandeis University; and an anonymous member of the National Council of Jewish Women.

The contest will be open for receipt of entries September 15, 1952; will close December 31, 1952; and winners will be announced about the middle of April, 1953. It is being announced at this time so that students will have an opportunity to work on their essays during the summer if they wish. Detailed rules and instructions will be made available at the beginning of the fall term, and copies may be obtained at that time from the college administration.

The purpose of the National Council of Jewish Women in conducting the contest, as explained by Mrs. Irving M. Engel, national president, is "to encourage thoughtful exploration and forthright expression on the subject of academic freedom among the student themselves."

"The National Council of Jewish Women has long been committed to the preservation of the dignity of the individual and to the protection of fundamental American liberties. Reports of recent attacks on the traditionally free exchange of ideas and opinions in our colleges and universities have been received with deep concern by our organization."

"We know this is not true in all colleges," Mrs. Engel said. "But it is true in many substantial numbers, and it is only partly true—we cannot accept it. Our universities are the very core of our nation's strength, and the courage of those citizens in speaking up for the things they believe in. This has been the very core of our nation's strength from its earliest days."

Are you educating yourself to be an old maid?

This book is a guide to your future

How this book came about

They Went to College is based on a survey sponsored by TIME, whose interest in this group stems naturally from the fact that most of TIME's readers are college graduates reading any major magazine in the country. The fact that most of TIME's readers are college-trained, combined with TIME's interest in the lives and experiences of people like you, people like the thousands of graduates of the more-than-a-thousand American colleges who answered TIME's questionnaire and revealed many facets of their post-collegiate lives, led to the teaching of academic freedom. The result is a book of major importance to everyone.

How many of them married, how many children did they have, who got divorced, who got the best jobs, what do they think of the courses they took, who would do it all over again? These are just a few of the many questions explored by this unprecedented study.

Low-down on higher learning

They Went to College is required reading for everybody who wants the real low-down on higher learning. Even if you're an undergraduate, you'll learn a lot about your probable future. If you're a college graduate, you'll find out what to expect from your peers. If you're a teacher, you'll discover what has become of your students. And, no matter what your interest, you'll find enough of interest to fill the chapters devoted to you.

Published by Harcourt, Brace. Now on sale at your local book store.
It is the third package in a row that we have received from you, and your great kindness and your great interest affect us deeply. We consider you our protector and protector of the school. We would like you to send us your picture, so we could have it at school and see it. We'll be very happy here when we get your picture.

Our village is located in a corner of Greece on the Albanian frontier. It suffered many great destructions from the Commu-

nisist armed bands. But now the ruined houses have been gradually rebuilt. The fields have again been cultivated. As our teacher tells us, your country is mighty concerned about us, and has helped us a lot. For that reason we have named one of our groves deep in our heart. We consider her our second fatherland.

Our school has 60 pupils, boys and girls. But it doesn't have any of the conveniences which your schools have, as our teacher tells us. Here we learn letters with many privations, and your generosity diminishes our privations. We thank you again, and we will always be grateful to you. In our happy here when we get your picture, so we could have it at school, and we await your picture.

With much respect and gratitude, Committee of pupils of the school.

H's a chatterbox himself—outraged by no one! But the fancy double-talk of cigarette tests was too fast for him! He knows—before the garbled gobbledygook started—a true test of cigarette mildness is steady smoking. Millions of smokers agree—there's a thorough test of cigarette mildness.

It's the sensible test... the 30-day Camel Mildness Test, which simply asks you to try Camels as your steady smoke—a day after-day, pack-after-pack basis. No snap judgments. Once you've tried Camels in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...

Camel leads all other brands by billions

Discussion Is Held On Sun. Following Picnic Breakfast

Please breakfast plus softball, croquet, sunbathing and swimming (for the very bold) are offered early this coming Sunday morning, May 4. The picnic will be held at the home of Miss Louise Bell, a student of the Methodist Church, located at 11 Main St., near the Point.

Transportation will be provided from the parish house of St. James' Church, at about 8:30, following the early communion service. After breakfast, there will be a discussion of the sacraments and ministry of the Episcopal Church.

Anyone, regardless of denomination, is welcome to attend the picnic, which will last until noon. Please inform Patsey Perkins '54 by Friday afternoon, May 2, if you wish to go.

Sci. Conference (Continued from Page One)

Mass Blood Typing was one of the most interesting and practical demonstrations. Students who wished to know their blood group and Rh type were typed quickly and efficiently by William J. Hem- l, Jr., and his assistants from the University of Massachusetts. The students' exhibits and demonstra-

tions numbered eighty-one; and there were sixty-five papers. The demonstrations and papers were so many and varied that it was impossible to see and hear them all. Most students tried to see demonstrations in all fields and to devote the rest of the time to studies in their major field. The general opinion of both students and faculty was that the confer-

ence of 1952 was one of the most successful ever held.
