Peace Deputation By Brown-Pembroke At Vespers Sunday

Throughout the year Connecticut has been hearing reports of various groups who have taken part in a "deputation." This work, however, is a real thing right on campus. A student group from Brown University and Pembroke College are to lead a panel discussion on the subject "Can We Have Peace in a Profit System?". This is to be scheduled in place of the regular Vesper Service on Sunday, May 8, at seven o'clock in Knollon Salon.

Frances Wheeler and members of the Peace Club have been visiting various groups since last Fall to discuss just such problems. Now it will be the privilege of C. C. students to find out how such a deputation works. At Brown, a regular schedule is planned in September because church groups and clubs are anxious to hear what students have to say about vital problems that face the world today.

The delegation will be headed by Robert Burgess of Brown, who has gained a reputation for his fine leadership so wide that the Emergency Peace Campaign has signed him as head of a group to continue similar work during the summer months. With this assurance, C. C. should turn out in large numbers to support this event.

In order that others may have a chance to hear such a group's functions, the Religious Council has invited the Young Peoples' groups of the downtown churches to attend the service. It will be the kind of service anyone would be proud to take her Junior Prom date to, in that she will be able to say that Connecticut is following just such a plan as this for its future deputations.

Books

by Mary-Elizabeth Baldwin '38

"THE LATE GEORGE APLEY"

No great roll of drums and flag waving heralded the publication of this great book. On the contrary, it promptly that it would live forever as one of the really great books in American literature. It was spared the title that has been given every new best-seller, the real picture of "the American Scene." It became a best-seller almost immediately, so the critics did not bother with it. Then a great discovery was made. The Late George Apley is the most popular target for the bouquets of the critics almost overnight. Then another great book was made.

But it had to be great to begin with, and it was. Mr. Marquand has used an unusual method of navigation with a great amount of success, in writing a novel in the form of a memoir. One must be careful not to suggest that he is telling a story, for, though I do not know Boston or many of its inhabitants, I have a feeling that the author does know both intimately, perhaps too intimately for the comfort of those inhabitants. There is thoroughly eloquent word, at a bit inelegant, to describe the people about whom Mr. Marquand writes. That word is "stuffed-shirt." He knows them and their place in "the Boston of his day." One fact that he has written his work in the form of a memoir robs his characters of the last vestige of fictitiousness. The book must make the old Bostonians rather uncomforta- ble, to say the very least. The satire is unexcelled, in brief.

But it is hopeless of me to try to do justice to this really great modern work. Mr. Marquand has caught the spirit of the Boston of his day, and never quite disappear from the minds of those who knew him. It is a cleverly plotted and well written, but its simplicity is that it less than astounding, considering the subject matter and the temptation the author has felt, to be as pompous as his characters and the age they made. Whether you know Boston or not is unimportant. If you do know Bos-

Peace Patter

A neutrality bill was passed by Congress this week to take the place of the one which expires May 1. This bill gives the president the authority to institute a "cash-and-carry" policy in time of war between countries or a civil strife within one country. Although the conditions of this bill are a definite improve- ment upon those of former neutrality legislation bills, they are a bitter disappointment for those of us who favor a mandatory instead of a dis- cretionary policy.

A legislative drive to amend the Constitution so the people can vote on a declaration of war is under way in Congress under the leadership of Representative Louis Ludlow, author of the proposed amendment. Congressman Ludlow has filed a discharge petition which requires 218 signatures, to bring his war ref- erendum petition out of the Judici- ary committee and before the House for debate and vote.

The proposal affects only the question of a foreign war. It is the endorsement of religious leaders, college presidents, labor unions, womens' groups, and peace organiza- tions, including the National Council for Prevention of War. politeness demands that we give our full attention to visiting speakers; it must be very difficult to address an audience of lowered heads, all intent upon keeping their stitches straight. Surely we are not so indus- trious but that we may not have a little teatime to relax, to talk, to sip a cup of tea, or to sit and chat;

The readers are coming here in the next few weeks. Let's give them our full attention, so that they will feel that we are interested in what they have to say, and also that we ourselves may benefit more from them.
Once again the Freshman class, treated with the President at last year's incoming group, received the award for their production of The Old Man and the Sea, directed by James Barrie.

The Junior prom was awarded second prize for its handling of the fifth synopsis of Zoe Akins' Pulcinella at our price, Old Maid, adapted from the novel by Edith Wharton. This was an experiment in the dramatic field of the college in that a small portion of the famous play was given.

Following this, the Sophomores came in third place with their play, George, by Van Cartmell. Marie Harvey directed this group production. The Seniors received the rating of honorable mention. The judges for the occasion were Miss Forey, of the French depart- ment, and Miss Lucke as Dean of the English department. The awards were announced following the final productions of the and Sophomore classes by Florence McConnell, president of Wig and Candle Dramatic Society.

What has been the history of the gala occasion about to descend upon eager C. C.'ites this coming week-end—Junior Prom? We are always so busy making our own arrangements that we forget that this event is one with a past.

The news of the signing of the Armistice was heralded around the world, and ambitious Juniors in 1919 thought they could celebrate this statement from Dr. R. J. Anderson, professor of Chemistry at Yale University, spoke to the Science Club on "The Chemistry of the Baselines Tuberculosis." For the past ten years, Dr. An- derson has been working on this organ- ism, determining the chemical composition of its cell. He has found that there are many queer chemical compounds here, most of which have never been found anywhere else. For instance, he has found that the fatty substance found in this organism are not glycerides, as are all the usual fats, but are polysaccharides. Too, he has found many compounds of higher molecular weight, very different from the usual organic acids.

Dr. Anderson had much illustrative material, samples of the com-

Strawberries and Singing Seniors

Symbol of Mayday Celebration

I know that it must be something usu- ally the minute I saw strawberries on the table... Of course we'd had them before on ice cream all winter and I'd seen one or two or poking their respective heads from something called a custard, but great news, here was a whole bowl of them—why, just tables with bowls of strawber- ries on them all over campus... The Sophomores broke news that in fact May Day and what a day! Purple and gold took the freshman by surprise... in fact Seniors did it by surprise... it always does... But just imagine all those lovely streamers around the banis- ter in Fanning was enough to make us classies go. And Competitive Plays were the end of a wonderful May Day. Grace Leslie Not Only a Teacher But Famed in Oratorio and Concert

We all know Miss Leslie from her concert last fall, but how many of us are aware of all this new member of our music faculty has done this year on days other than the Tuesdays and Thursdays at Connecticut?

She is equally well-known in concert and oratorio, and only recently appeared as soloist in "Elisabeth" presented by the New York Oratorio Society at Carnegie Hall. Other soloists were John Charles Thomas and Jeanette Vreeland, Miss Leslie calling forth the praise of the New York Herald Tribune as follows: "Miss Leslie up-sang much praise for vocal soloists, eloquence, authority and style."

During spring vacation Miss Leslie flew to St. Petersburg, Florida, to sing at the Festival of States there, both as soloist in Rosini's Stabat Mater and as a guest of artists' night. There, the Independent said of her (in part) "After last night's performance any member of the audience would admit that Grace Leslie is absolutely one of the great contributors to ever set foot on an American stage."

At her concert in Town Hall last year the New York Times said of her (also in part): "Miss Leslie's work last night was that of a conscientious and intelligent artist with a rich, full voice as a natural endowment... she sang with feeling, and her phrasing and diction deserved commendation. Her tones took on a fine vibrant quality and flowed forth with abundant power."

During the year this well-known faculty member has sung at Vassar, Skidmore, White Plains, New York, and with the Beethoven Orchestra at Trenton, New Jersey to say nothing of her appearance with the New York Oratorio Society in the Messiah. On the twentieth of this month she will give a concert in New York with Miss Aurora Maco-Cotone who gave a recital last night at the College Gymnasium last night.

Connecticut College may well be proud of Grace Leslie.

For one blissful week the men of Swarthmore University could use the imperative tone when addressing their feminine campus companions. They have an institution in that school called “Coed Week” during which Swarthmore coeds must cox for their dates, help the males divest themselves of coats and hats when requested to do so, and finally tote their books if given the book. Girls magging the most dates during the week are given prizes—but we bet the poor man pays through the nose for the rest of the semester.

Dear Janie, I'm glad you asked to hear about news of the latest for I have seen some grand in-between-season clothes just this last week.

In the week of one of our walks was a light wool weight tan ensemble. The dress had a V neck line bound by a wide band of stitching and snapped with a brown clasp. The belt matched the stitching and the skirt was flare with a well shaped sleeves of tan pony fur distinguishing the three-quarter length skirt.

For sportster sports or traveling, what do you think of a black two piece dress? The blouse has a high neck black collar with a yellow chiffon scarf and is trimmed with a row of small yellow scalloped buttons, two stitched Tarots, and moderately puffed sleeves. The skirt is plain and has a red woven grass belt.
