Cabinet Approves Choice of 1966-67 Academic Committee

Members for the 1966-67 Academic Committee were chosen by the faculty and approved by Cabinet April 14.

New members are Kate Montague, '68, a senior in the freshman class, sophomore Ginger Carson, and junior representatives Britta Schein and Vicki Plevin.

Margi Singer, who served on this year's committee, was elected chairman, and Betsy Ledge was appointed secretary. Shelley Taylor, '69, a member of the 1965-66 committee was chosen as counter-over member for the purpose of acquainting new members with the policies of the old committee.

This year's procedure for choosing new members was to interview girls interested in serving on the committee at an afternoon tea. About 40 girls attended the tea, where prospective members discussed their ideas and their qualifications. Seven members of this year's committee were chosen with consideration given to qualities such as the tact with which the girls presented their opinions, the thoughtfulness of their ideas, and a previous knowledge of the committee and its functions.

Margi commented that the Academic Committee was pleased with the enthusiastic response and hopes that this year's committee will continue. She regrets that the committee could not have accepted all of the qualified girls.

Next year the committee may revise its election procedure in an effort to become better acquainted with the candidates. One suggestion is to have interested girls issue statements of their ideas. New members are chosen by committee members rather than by a student election because, according to committee standards, new members must have served on the committee and be able to maintain a balance of responsibilities for membership.

The Academic Committee was formed two years ago as a way to include students and faculty. It meets to discuss such issues as calendar, student government, and student and university policy.

The committee is currently discussing such issues as calendar, student government, and student and university policy.

Cabinet will meet at 4:00 p.m. in the faculty lounge.

In Loco Parentis - Will Be Discussed

Student government will sponsor a first-year-faculty committee on the subject "Should the College Serve in Loco Parentis?" Wednesday, May 4, at 8:30 p.m. in the main lounge of Crowther-Williams. FACulty participants will include Dr. Philip Goldberg, assistant professor of psychology, and Mr. James Prokesch, assistant professor of chemistry and zoology; and two students.

The Reverend Shepherd of the University of Connecticut to Speak at Vespers

The Reverend J. Barrie Shepherd will speak at Vespers Sunday, May 8, at 7:00 p.m. in the chapel.

Reverend Shepherd, a Congregationalist, is known for his concern for social problems and his theological work. He has been active in community welfare and has been associated with numerous organizations, including the American Baptist Convention and the National Council of Churches.

Reverend Shepherd served in the Royal Air Force for two years and spent a year in an inner-city parish in Chicago. He was a recipient of the Sillars Honors Scholarship of the American Association of University Women in 1963.

The Reverend Shepherd will speak on "The Local Church in the World Today." On Sunday evening, May 8, at 9:00 p.m., Vespers will be held in the main lounge of Crowther-Williams, and Reverend Shepherd will speak.

Ministry of Disturbance

By June Collberg

It is not unusual to have a symptom to be in a sense a "tendency." I am disturbed about a clear Saturday afternoon in Crazier a couple of weeks ago when I am on campus. Alas, the silent blue turban turns...the kommt. I am disturbed and with morale.

This following "suburban super- hid..., and the rest. No, the...Craz...I shall mis..., but the valves...

I lift to show Susie around. During exam week Spring se-

The main argument of the faculty resolution carried last week has asked the student body to examine the possible effects of the senior car privilege on the residential character and academic life of the College.

We must first define the terms of the resolution. In referring to the "residential character" of the College, faculty members are concerned with a "sense of community" that they believe is decreasing and may be further weakened by the advent of cars on campus. "Academic life" encompasses intellectual, cultural, and social facets of campus life.

We agree that without this "sense of community" and without this "academic life," the College serves only a mechanical function. However, we must determine whether the Senior Car Privilege would effect adversely the "residential character" and "academic life" of the College.

If both are to be retained, the responsibility falls on a state of mind. The students and faculty together must...the "residential character." It seems especially un-significant, tradition. I wonder...Is the Chinese belligerent? Is it a new Chinese...than to repair the painting. I think Karen Schoepfer '66...these newly discovered disturbance in-
glement to show Susie around. "I'll certainly miss not being part of the College community," page 9 of the 1965-66 Catalogue. The president of our college has written a letter to the parents and prospective freshman girls about "that big word," according to the president. The students are concerned for college women about "that big word..." responsibility.

Respectfully I lay it in a self-re-

We do not believe that granting car privileges to one-fourth of the student body, the oldest and supposedly most responsible students, would cause a drastic change. Neither would it benefit those who make constructive use of it. We believe that many will.

Under the new Honors Program, the grade on the comprehensive, "With distinction," will be discontinued. As stated in the current Catalogue (p. 54), "Honors in the Major Field will be awarded at graduation on the basis of the student's performance in the Honors Program, to her major courses, and on the Comprehensive Examination." This means that a department may award honors to a student who achieves a superior record in his major or in the basis of her performance in the three areas indicated above.

The Editors

Letters to the Editor

To the Editor:

I would like to call to the attention of the Connecticut College Community what I think was a serious occurrence. While in the living room of Lar-

To the Editors:

The president of our college has written a letter to the parents and prospective freshman girls about "that big word," according to the president. The students are concerned for college women about "that big word..." responsibility.

The letters to the editor are intended to call to the attention of the student body, the oldest and supposedly most responsible students, to the actual effects of this privilege on the residential character and academic life of the College.

We do not believe that granting car privileges to one-fourth of the student body, the oldest and supposedly most responsible students, would cause a drastic change. Neither would it benefit those who make constructive use of it. We believe that many will.

Under the new Honors Program, the grade on the comprehensive, "With distinction," will be discontinued. As stated in the current Catalogue (p. 54), "Honors in the Major Field will be awarded at graduation on the basis of the student's performance in the Honors Program, to her major courses, and on the Comprehensive Examination." This means that a department may award honors to a student who achieves a superior record in his major or in the basis of her performance in the three areas indicated above.
SMOKING AND THE SINGLE GmL

BY FRANK BATLEY, M.D., Ch.B.

Ed. Note:
Dr. Frank Batley is Director of Radiology at the Upstate Medical Center, State University Hospital, Syracuse, New York. He is one of the nation's most accomplished specialists in the field of radiology.

Dr. Batley is very much interested in the effects of smoking on health, and agreed to write this article for CONN CENSUS. He is the father of two girls, 17 and 18.

Holm Cohnen knows that his voyages to the west would eventually lead to the introduction of tobacco to America. He wrote, "Who can tell how many years it would undoubtedly have taken back then, how long it would take today for the potent drug that is tobacco to spread rapidly, perhaps because it gave the individual both an offensive appearance and an offensive odor. Then with increasing accord, from the old world to the new world and from the old world to the new world..."

Tobacco production has grown at an alarming rate. In 1964, according to Dr. Batley, "the United States produced 16 billion cigarettes, 11 billion of which were consumed at home. The rest were exported to other countries."

Dr. Batley reports that smoking is very much affecting society. "In 1964, 37% of the American adult population were smokers, and 12% were non-smokers. The remaining 51% were children."

Dr. Batley concludes, "Tobacco is a powerful force, and it can influence your life in many ways. It can affect your health, your work, your family, and your friends."

Concluding notes:
"It is very important to understand the effects of smoking on health. By making an informed decision, you can choose to make a healthier lifestyle choice."
Mardi Walker Reindicted In Atlanta; Southern Court Ties Up C. C. Mone

By Karen Dorris
Mardi Walker, 21, a member of the class of '66, participated in an exchange program with Spellman College, Atlanta, Georgia, in September of 1963, the decision was handed down.

On campus, students and faculty debated the actual purpose of the money; was it raised to aid a Negro or to push the donor, to either Connecticut ...,.

She was convicted by a twelve of which were to be spent in the near future. A heavy diplomat, "Can we hope to change the opinions of all the speakers, is necessary though, for this to be the views of the people...

Next, I would like to talk about getting the bond back. Before we can hope to find consistent rules.

In the absence of Ambassador Young, surprisingly frank for a Japanese..." We can, we have to charge history by escaping history? We cannot, in reality, influence China at all.

What we can do, to summarize the opinions of all the speakers, is keep open-minded and informed, endorse the legitimate interests of Red China, support humanitarian communication, and engage in a certain exchange of culture and trade. Perhaps, in these ways, there is, at least, beginning. We can hardly afford not to try.

To the Editor:

They threatened to beat me until I was dead," she declared, "but actually, I was not hurt, only scared." Finally she was released on bond.

When her trial was called up, Mardi returned to Atlantic from Connecticut. During the six day trial, she was required to stay in the same jail with the same prisoners, because the judge made it difficult for her to post bond. She explained that on her return from SNCC, for one count of the Georgia's "Riot and Malicious Mis...

The new charge is violation of Georgia's "Riot and Malicious Mis...

I will return to Connecticut last Thurs...

Partial Listing of Students Accepted
By Graduate Schools Announced

A partial listing of seniors accepted by graduate schools ranging from Fine Arts to Pre-Med. to Law has been announced. Betsy Cook, Betsy Dawe, Kathy Hooper, and Barbara Schmidt will study at Columbia University. Betsy Cook, a zoology major from Farmington, Conn., will enter a two-year graduate program in nursing leading to a B.S. and an R.N. in two years. She will be enrolled in the Columbia Presbyterian Medical School, a small and highly competitive subsidiary of the University. Her program will emphasize modern clinical and medical research methods.

Betsy Dawe, a psychology major from Illinois, will do graduate work in guidance at Columbia. Kathy Hooper, a sociology major from Brookfield, Connecticut, has received a traineeship from the National Mental Health Institute. Her interest is psychiatric social work, and she has been employed at the Knickerbocker Hospital in Harlem for two summers.

Barbara Schmidt, from New Jersey, has received a scholarship of graduate work in Library Science. Her program leads to an M.S. and includes two semesters and one summer of work. She became interested in the field after doing annotated bibliographies for her European History major.

A STUDENT GOVERNMENT GRIPE BOX HAS BEEN PLACED IN THE POST OFFICE LOBBY. STUDENT GOVERNMENT WELCOMES ANY COMPLAINTS, OPINIONS, SUGGESTIONS. PLEASE SIGN THEM.
