Palmer Library Is Now Featuring the Art of B. Cuming

This week Connecticut College has the privilege of having on exhibition the most exquisite collection of the work of the famous artist, B. Cuming. New London is fortunate in that B. Cuming, who paints and lives in New London, had decided to color in his peaceful material. During the war she showed a work as a volunteer artist at the Electric Boat Company in New London. It was there that she did her best work. She was employed in the art department of the company. During the war she was a volunteer artist at the Electric Boat Company in New London. Music, Art, Other Student Programs In CC Radio Plans

Plans for several Connecticut College Radio programs are being projected for next year by Mrs. Ray and members of the Radio board, together with a committee of freshmen. The new programs for the Radio board have just been announced. Among them is the Theodore Bodenwein prize, taught under the direction of Mr. Logie and Mayhew, the art program approved by the New York gallery in a one-man exhibition. In the art program canvases which were selected for the Springfield annual purchase show.

Among the members of the faculty and students are Mrs. Ray, Miss Richardson, Miss Popp, Miss Shuler, Miss Dorsey, Miss Hoor, and Miss Dilley.

Wide Variety of Summer Jobs Will Keep CC Students Busy

by Naomi Gubernman

Although some are anticipating rest and recreation when exams are over, the close of the school year will mean hard work for many CC girls. A good number of them are taking summer jobs in a wide variety of fields.

Jean Hemmery '47, a botany major, is joining a group of girls from many major colleges, in connection with a course at the Mt. Holyoke and De Pauw, at the University of Indiana. These girls will assist Dr. Ralph Coelbl in his graduate work in evolution. President Blunt, as the editor of the American Journal of Botany, is a well-known man in his field.

Camp Jobs

Camps, as usual, will claim many girls as counselors. Arthur Simpson '39 and Jennifer Judge '49 are going to be junior counselors at the Iron Hill camp in Massachusetts, a change for these girls who are following in the footsteps of their older sisters. Many other girls, who are following in the footsteps of their older sisters, are taking positions at other camps. No color or any other type of discrimination will be allowed at these camps.

Our Hearts and Hands to You

Dear Editor:

With the school year drawing to a confused close, suitcases and trunks will soon line the halls in preparation for the day of liberation. In anticipation of many extra clothes, Service League is running a campaign for the disposal of "extra" and "unavailable" garments. Any garment which no longer fits, which student and faculty no longer want, or which they would like to donate should be put in the boxes in the hallways of the dormitories. One collection of the clothes will be made on Thursday, May 23, and a second after finals are over. They will be given to a committee in New London which is sending a large amount of clothing to the overseas blind.

The great need for clothing in Europe has not been over-emphasized even with the coming of war in most countries, the breast essentials are entirely unavailable. Even those who can afford them are wearing worn-out and inadequate garments.

Don't accumulate unusable garments; give them to those who need them.

Muriel Hanley
Head of Charity Drive

Free Speech

For Southern Industry Soon

Dear Mr. Truman:

Mr. Truman is finding his job more difficult than he could have imagined, and not the least of his worries is the problem of strikes of the welfare fund, which would not only have a victory for the United Mine Workers and the CIO. But for the Republican party the miners, most people agree, have won a battle against the 1938 hurricane, and renovate the base- ment of economics. Across My Economic Desk.

A gala canoe meet of red, yellow, blue and green canoes was called off and both the faculty and students donated old clothes. How, after staff and organization are completed, the Husky Nest will be called the air again.

A gala canoe meet of red, yellow, blue and green canoes was called off and both the faculty and students donated old clothes. How, after staff and organization are completed, the Husky Nest will be called the air again.

From the Alabamian comes the news that students of the French classes have adopted 75 French girls of the Drone Primaire Blinde at Anzy-Sur-Moselle. Each member of the French classes has adopted one of the children to whom she will give presents at mention such as writing letters, sending clothes, food and school supplies.

With a few dollars worth of the alabamian comes the news that students of the French classes have adopted 75 French girls of the Drone Primaire Blinde at Anzy-Sur-Moselle. Each member of the French classes has adopted one of the children to whom she will give presents at mention such as writing letters, sending clothes, food and school supplies.

A recent editorial in the Con- necticut Campus urges that the "Connecticut Day" be de- voted to the welfare fund, which would not only have a victory for the United Mine Workers and the CIO. But for the Republican party the miners, most people agree, have won a battle against the 1938 hurricane, and renovate the base- ment of economics. Across My Economic Desk.

A gala canoe meet of red, yellow, blue and green canoes was called off and both the faculty and students donated old clothes. How, after staff and organization are completed, the Husky Nest will be called the air again.

A gala canoe meet of red, yellow, blue and green canoes was called off and both the faculty and students donated old clothes. How, after staff and organization are completed, the Husky Nest will be called the air again.

Our Hearts and Hands to You

The school year is nearly over. Although this phrase may have varied connotations for differ- ent individuals, it immediately reminds all of us that spring vacation is completing another year of service to Connecticut college.

To express adequately our thanks for all that she has done for Connecticut college for the past seventeen years. Her influence would succeed in crippling the re- consideration program. Some are beginning to look for more drastic measures, such as a penalty on a large scale production in order to make the solution more practical. It must be pointed out, however, that if the leaders of the Southern industries do not make similar sacrifices, the Labor party may suffer at the polls this fall. The other industries, the coal miners, will be given a chance of restoring balance, and inflation would be almost inevitable.

No doubt that beneath the more obvious issues there is a more fundamental struggle be- tween the AFL and the CIO. If Mr. Lewis is defeated this time, he will only have fared worse than he could have imagined, and not the least of his worries is the problem of strikes of the welfare fund, which would not only have a victory for the United Mine Workers and the CIO. But for the Republican party the miners, most people agree, have won a battle against the 1938 hurricane, and renovate the base- ment of economics. Across My Economic Desk.

A gala canoe meet of red, yellow, blue and green canoes was called off and both the faculty and students donated old clothes. How, after staff and organization are completed, the Husky Nest will be called the air again.

A gala canoe meet of red, yellow, blue and green canoes was called off and both the faculty and students donated old clothes. How, after staff and organization are completed, the Husky Nest will be called the air again.

The conversion program, which is de- termined by the Board of Trustees, is an experiment to determine whether the college can be made self-sustaining. It is the only way that the college can be kept open and the students served.

A gala canoe meet of red, yellow, blue and green canoes was called off and both the faculty and students donated old clothes. How, after staff and organization are completed, the Husky Nest will be called the air again.

It was an opportunity for which we will always be grateful, for we have seen in her an ideal com- bination of wisdom, understanding and efficiency which we would strive to emulate.

Miss Blunt's desire to improve the physical plant and academic standards of the college has been the sustaining force behind the growth of the college for the past seventeen years. Her influence will always be felt.

**Of Cabbages and Things**

by Bettsey MeKey ’47

Late spring on campus is a phenomenon all by itself—trees grow green and the earth becomes lush. In the tradition of a student column, the author will call this phenomenon, with a sense of excitement and delight, "the patch.

However, the author notes that the patch is not always to be found. Sometimes, it may be covered by snow or water, and other times, it may be hidden by buildings or fences. The author ponders the question of whether or not the patch is real, and whether it exists in other places as well. The author speculates that the patch may be a symbol of hope and renewal, and may be a source of joy and pleasure for those who find it.

**VISITORS FROM NEW YORK**

by Pat Dolle

Connecticut college was host to a group of visitors from New York this week when the New London Tercentenary celebration was held last Friday May 17, as Connecticut College Day. The college’s best hospitality was extended to all those who came to attend the festivities.

**Representative to Prague Conference Supported by USSA**

The members of USSA made plans in their meeting of May 16 for sponsoring an American delegate to the International Youth Conference at Prague, Czechoslovakia this summer. However, American colleges with organizations similar to the USSA will also send a delegate to the conference.

**Intricacies of Chapel Organ Explained in Trip Backstage**

by Rita Harsh

The organ music resonates throughout Hartness chapel, very few people who know how the beautiful sounds are produced. If any listener did notice the organist, he would be enlightened to see how the mechanics behind the organ work. On this tour through its fascinating interior, the guide on this trip would send considerable information about the mechanics of the organ.

**Seniors’ Post-College Plans Include Marriage and Jobs**

by Frances Cooper

Although generally the only thing on the minds of senior members of the class is the final four weeks of school, many are beginning to think about the future. They know that they will be leaving Connecticut college soon, and they are wondering what they will be doing after graduation.

**Value of Concepts Shown by Dr. Tuve at Vespers**

In the pleasant surroundings of the outdoor theater of the arborium in late afternoons, the annual Vespers service was held last Sunday, May 19. The theme of this service was "The Self," and was presented by the senior choir, Dr. Rosemond Tuve of the department of Physics, and the Wellcome Society, a group of students who are interested in the study of the self.

Forty Juniors to Carry the Laurel Chain for Seniors

Forty juniors have been chosen by the Class Chain Committee, headed by Jane Fullerton and Lilian Treadwell, to carry the laurel chain for the seniors at the annual Class Day exercises on June 8. The juniors chosen are:

Laurel Chain and Garden Party Chairs:
Mary Mead, Mary Van Vleck, Catherine Dolley, Elizabeth Bogert, Edith Aschaffenburg, Florence Warrington, Marilou Hunt, Ann Sheldon, Nancy Wilton.

Laurel Chain and Commencement Ushers:
Jean Roland, Ruth Colburn, Elizabeth Davis, Jacqueline Evans, Anne Ferguson, Nancy Noyes, Marion Peterson, Ann Sheldon, Nancy Wilton.

Laurel Chain and Recess Ushers:
Mary Mary-Jo Stevenson, Margaret Campbell, Jean Vogel, Sue Studer.

Commencement Ushers:
Joanne Harold, Joan Hickey, Alice Holmes, Jenneva, Patricia Robinson, Jean Jones, Joanne Somersby, Dorothy Stanley, Prudence Smith, Helen McManus, Jean Wilman, Mary Van Noy, Maureen Peterson, Patricia McKeen, William McKeen, Elizabeth McKeen.

Class Day Ushers:
Class Day exercises on June 8 this year will be a very exciting and entertaining event. The Class of '47 from the state of New York, the Class of '46 from Pennsylvania, and the Class of '45 from New Jersey will be among those who will participate. The Class Day exercises will be held in Palmer Hall, and will be followed by an outdoor reception on the college lawn.

An. Friends Offer Opportunities for Institution Work

The American Friends Service Committee has announced that Connecticut college students are eligible to obtain employment and training at several centers which provide counseling and work experience for young people. These centers are located in Pennsylvania, New Jersey, and New York.

The Class of '47 will be participating in an exciting and educational program during their time at the college. They will have the opportunity to work with others in the field of counseling and educational contacts. This program is designed to help students develop their skills and gain valuable work experience.

The Class of '47 will also have the opportunity to attend classes in mental illness, psychiatric nursing, and to work with individuals in these fields. This will provide them with a valuable opportunity to gain practical experience and to learn more about the field of counseling and education.

With the termination of the gymnasium here at C.C., comes the anxiously, long-awaited result known as the Gym Glam. Our enterprising and hard-working group, led by Miss B. Whitehead, managed to pull in a record-breaking $44 of four holes. Second place was earned by Mr. & Mrs. E. Estes with $37, third by Mr. & Mrs. McCray with $29, and fourth by Miss K. Scott.17. The society golf tournament for Intermediate and beginning players was won by Ann Curley 19. Second place went to Virginia Stout 19 who was followed closely by Liz De Campo 19 and Nancy Brady 17.

First place in the ride tournament was taken by Harriet Kuhn 19, who barely nipped out Joanne McCoy 19 by a score of 34 over Water's 40 out of a possible 50. Marion Low 19 and Ann Gerhard 1963 placed third and fourth respectively. The interclass ride competition the sophomores came in first, the second, and the freshmen third.

Softball: Softball games have not yet been completed. The only games played so far were between the second and the freshmen, and the freshmen were badly beaten by the sophomores 112. However, it is rumored that they were unanimously awarded to Peg Lucas of the sophomores. The second plating is a really admirable throughout the season.

The finals of the fall tennis tournament were played off last Friday afternoon. The 1946 defeated Jane Richard, the pride and hope of the freshmen class, 6-2, 6-1. This is the second time that Ditto's name has been awarded to Grace, and the announcements of the row.与 times interclass games, cue IOns,as winner of the All-American match. Her pitching was admirable throughout. Jones, Lambert, Nibecker, Par- son, Snavely, executive director of the American Girls Committee, was ancy eee

Many suggestions for programs have come from interested students and faculty, and more are welcome. Although the Hartford membership of VWC and WCW have offered their facilities, nothing can be determined until the fall season is over and a specific broadcasting time can be granted to C.C.

**Summer Session to Be Highlighted by Foreign Students**

The summer session at Connecticut College will be held from June 27 to August 16, with 240 students from 50 colleges in attendance. Registration is open for the full session, which offers over 60 courses.

**Vesper**

(Continued from Page Three)

Easter egg is capable of transcend ing himself and thus fulfills the dream of the artist. The reason that a raw egg- eating grass is not because he likes it, but because it has no power to reason. Man, however, can abstract the essence of goodness in human nature, make it his own, and let it be a guide to his actions.

**College Students Set Up Own Radio at North Carolina**

Raleigh, N.C. (U.P.)—North Carolina State college students have established their own radio station and are broadcasting a variety of programs, including college and world news coverage, to an increasing audience of campus dwellers.

The college students, intent upon learning the behind-the-scenes mechanics of radio, have concentrated their efforts to set up a station on campus.

**Job Openings Are Available in Two Connecticut Firms**

Personnel bureau has been notified that Scovill Manufacturing Company is interested in interviewing qualified graduates for future secretarial positions at its sales offices located at Waterbury, Connecticut, and in principal cities of the United States.

The requirements are: College graduation, preferably with business training; an adequate knowledge of foreign languages would be advantageous to meet the growing demand for them in our export departments. Applicants should be typists and have the ability to type.

The Royal-Liverpool group of insurance companies is interested in interviewing qualified graduates for responsible positions. The Royal-Liverpool group has positions in various cities, and new positions are being opened in Waterbury, Connecticut, for a typist.

The salary will vary according to qualifications, ranging from $4,000 to $5,000. All applications should be submitted before the close of business on September 1.

**More Foreign Students Expected In U. S. Colleges**

Collegesville, Penna. (U.P.)—The number of students from foreign countries enrolled in the United States is increasing rapidly, according to the annual census made by the committee on Foreign Relations. Among Foreign Students, as the committee has registered in 738 different institutions in the country, and there are students from every state in the Union.

The country with the largest number in Connecticut, with a total of 1,613, is in contrast to 852 for 1944. China is second in rank, with 1,298, followed by Japan with 829, and Germany with 736.

**The Most Honors on the Campus**

WINNER OF 100 World's Fair Prizes, 28 Gold Medals and more honors for co-curricular and extra-curricular activities than any other college.

**Report Presented to Home Ec. Club**

At the Home-Economics Club meeting on May 16 in Buck lodge a short business meeting was held, followed by a report by the president, Dorothy Lang. Dorothy Lang is the co-president, Mary Lou Widdell, who attended the annual meeting of the Provi- dence Institute of the National Home Economics college clubs at the University of Virginia.

At this workshop meeting, which was attended by the representatives of various Eastern colleges, the following topics were discussed: problems and activities of each individual club. Mrs. Cline, going Wood, chairman of the local club, and the field secretary of the American Home Economics Association, were the speakers at the university meeting.

**Report Presented to Home Ec. Club**

At the Home-Economics Club meeting on May 16 in Buck Lodge a short business meeting was held, followed by a report by the president, Dorothy Lang. Dorothy Lang is the co-president, Mary Lou Widdell, who attended the annual meeting of the Providence Institute of the National Home Economics college clubs at the University of Virginia.

At this workshop meeting, which was attended by the representatives of various Eastern colleges, the following topics were discussed: problems and activities of each individual club. Mrs. Cline, going Wood, chairman of the local club, and the field secretary of the American Home Economics Association, were the speakers at the university meeting.
