"WE'RE FEELING AWFULLY PEPPY"

On Friday night, May 14th, the Junior Promenade started with the performance of the Musical Comedy, "O Abaddan!" Inspired by the appreciative audience, the play went exceptionally well. The guests were especially delighted with the color effects, the pretty and novel costumes, and the unusual choral parts. Grace Fisher, as the bell-hop, was applauded with much vigor by the audience. The success of the comedy was auspicious of a good beginning for the wonderful times that followed.

Between the acts, Miss Blue, who coached the players, was presented with a travelling watch from the Service League in appreciation of her services.

Sunday afternoon the Prom, week-end festivities closed with house teas given in Blackstone, Plant, Branford, Winthrop and North Cottage. Members of the faculty poured in the different houses which were made specially attractive by the lavish use of flowers. These teas attracted a large attendance and were thoroughly enjoyed.

STUDENT GOVERNMENT MEETING

At the last regular meeting of the Student Government Association on May 10, many matters of importance were taken up. Several changes were made in the constitution: The Editor-in-Chief of the News was made a member of the Council; the election of officers was arranged so that they would be chosen in the following order: President of Student Government, President of Service League, Editor-in-Chief of the News, Presidents of the classes; and the Vice-President of Student Government Association was given the duties of the Social Calendar Secretary.

The following budget for next year was accepted which will make the tax of the Association one dollar:

DEAN ARNOLD SPEAKS ON "COLLEGE AND AFTER"

We, as students of Connecticut College, always enjoy listening to representatives of other colleges. It is a delight, however, whether any speaker has impressed us more than did Dean Arnold of Simmons College at Convocation, Tuesday, on the subject, "College and After." The very fact that Simmons is a sister pioneer, founded about 18 years ago, made us eager to understand what she had to tell us. Dean Arnold in a pleasing manner and with humor portrayed her experiences both in western and eastern colleges as well as abroad, where she spent two years in war service. Especially did she emphasize the fact that an education did not mean everything in life; but that there were vital questions which an education could help to answer. According to her opinion, an education should fit a girl to look across from coast to coast as it were, and be able to realize the greatness of tasks to be accomplished. Just as we desire to establish the best possible tradition for our Alma Mater, so ought we to be able to look on the future of the whole country.

The later career of the college girl differs from that of the college boy in being less definitely

SENIOR PLAY CHANGED

Because of the illness of Mrs. Wells, the Seniors have been obliged to change both play and cast. Instead of the play first chosen, Shakespeare's "Comedy of Errors," which Mrs. Wells was to coach, a comedy by Arnold Bennett, "The Title," will now be presented, under the direction of Mr. Avery.

The play will be given on May 29th, as planned.

The cast is as follows:

Mr. Culver .... Helen Perry
Mrs. Culver ..... Marion Hendrie
Hildegarde Culver .... Helen Collins
John Culver ..... Helen Gage
Tranto ......... Mary Hester
Hartman Sampson Straight ...... Marjorie Gammons
Parlor Maid .... Eleanor Seaver

CHAPERON RULES
The present chaperon rules are various and change, it has previously been perfectly
fair that after 7:30 no girl should motor without a chaperon and
no underclassmen should leave campus unless attended at least by
a junior or Senior. But now daylight saving has brought the necessity for a change. At 7:30
it is still light and pleasant to be out-of-doors. In fact, it is the
pleasanthest part of the day. And it is unfortunately one of the most
restless hours. It seems hard to settle down to study during an
hour made apparently for recreation, although our campus is
settle down to study during an hour made apparently for recrea-
tion.

THE WEATHER
We do not begin to appreciate the valuable service rendered us
by “any or all of the common phenomena of wind, rain, heat, cold
and sunshine,” as Webster defines the weather. When we say:
weather we immediately re-
call the spring showers, the snow
storms of winter, or possibly the
extreme heat of summer. We
contrast all the discomforts and
pleasures of these seasons, and we
conclude that we would not part
with any of them. We remember
the rainy days over which we so
often yawned, not thinking of
the crops, but of the opportunity
of staying home to finish some
long neglected tasks. We remem-
ber the wonderful sleigh rides
which were successful only on
donkey and the underclassmen
beating for a topic of conversation?
It if were from us to the weather
it should be from us to the weather.
It is the one

Rachel Smith was unanimously elected Vice-President of the Association for next year and nominations were made for chairman of executive committee, secretary and treasurer, balloting for these offices to take place the next two days.

There was some discussion as to whether girls should be allowed to go horseback riding after 7:30 without a chaperon, then some one suggested that if horseback riding why not motoring and walking. The whole trouble seemed to be that the clock moved an hour ahead it does not get dark as soon as it used to, so it was voted that during the period of daylight, saving students may do as they wish until eight-thirty; quiet hours, however, will be as before.

This will not be effective, however, until it has been approved by the faculty.

The College Song Book
(Continued from Page 1, col 2)

in such a form that we could always keep them as a reminder of our pleasant days spent at C. C.!

Therefore the committee, imbued with this idea, have already planned to have a book about four and a half inches by eight and a half inches, probably covered in heavy paper, in which the most popular songs of each class and all college songs that receive at least second attention will be contained. There will be also blank sheets so that new words can be added from time to time. The class of 1919 is to be largely represented; and contributions from that class will have first place. Complete arrangements will be made with the publishers after the Community Sings are over, and all songs are collected.

CURRENT EVENTS

Mexican Trouble

President Carranza is a fugitive and is now reported to be surrounded at a station in the State of Puebla. According to dispatches received here, hard fighting has been going on between the rebes and Carranza's forces.

Mr. Thomas Lill, who was influential in effecting the complete reorganization of the Mexican Government in 1917 and 1918, wrote a letter to the generals who are leading the rebellion. In this letter he said that they had done 'the most injurious thing.' Mr. Lill believes the United States has a right to intervene in Mexico if 'President Carranza is not permitted to finish his term and if a new President cannot be selected by the usual methods of civilized nations.'

A transport of 1,500 marines left Philadelphia on May 13th, for Key West where they will be ready in case they are needed in Mexico.

Barracks Destroyed in Ireland

During the past week, extensive raids have been made upon public barracks and upon public stations. All of this destruction was on a well organized plan and was carried out by armed and masked men in various parts of Ireland at the same time.
