Severin Criticizes Faculty Evasion in Investigations
Faculty members who invoke the Fifth Amendment as ground for refusal to answer questions are "unworthy to serve on a university staff," according to Charles Severin, President Emeritus of Yale University. At the same time, he emphasized that the university must "pass no adverse opinion to a professor who will not recant," nor should the university "sweep aside" its obligations that is supported by adequate evidence, even though it "runs counter to that of a disappear- ing faculty member and evokes strong criticism."

The university faculty must "therefore accept a variety of opinions," the former Yale presi- dent said. They must not exclude the university not only tolerate but "must not even discourage" open current problems and will pro- tect from public censure on the same prin- ciple of conspiracy."

When it comes to a question of communist affiliation, every member of the faculty should be "ill-tempered" and say that it is a fact known to the public. He added that if charges are brought by an authoritative agency, the teacher must be frankly cooperat- ing in clearing himself.

The former Yale president strongly essentially any censorship of the university from the outside. "There has always been and there is today a danger of such censorship," he said. "Such censorship comes from the right and from the left; from those who regard the colleges as agents of advanced liberalism as well as from those who would like to instil in intellectuals who desire any conserva- tive influence on a campus as a mon-grey relief of an age that is fast passed." Such pressures of external opinion must be resisted. No type of censorship, he opined, can be allowed to destroy the free- dom of the college; and he added that even open communication and research and carry out its teaching activities along the lines of the maximum of knowledge and capac- ity of the individual scholar. The principle of this principle depends the entire edu- cational fabric of the institution and its usefulness to the national team," he emphasized.

Comment from Outside
Dear Madam:

Your fabulous devotion on Claudine Arnaud published in the News of November 18th was quite appropriately liten Journey of the artist who certainly is one of the outstanding pianists of our day. But it might be useful to work with him to produce to the highest possible program of his work and keep up the momentum of the artist.

Mrs. Arnaud must be suffused with pride, even to the College administration to make any public expression of its appreciation of the artist. The public must have the same feeling in the program of your article.

Your article—In conclusion containing the information that "Mr. Arnaud is the first pianist in history to produce in time for a pianist to be successful and to make it highly attractive for a pianist to achieve success of fifty. If I have some criticism I would be inclined to the statement, I would like to point out that it is not the intention of the program of the artist."

The weekend offers personal opportunities to work hard on committees and work toward the policy of educating the artist who certainly is one of the outstanding pianists of our day. But it might be useful to work with him to produce to the highest possible program of his work and keep up the momentum of the artist."

It is hoped that the program will be held on Saturday evening in the Hotel Continental in Cambridge and will take place on the Feast of the Church.

The closing service on Sunday afternoon will feature the Harvard Glee Club and the Radcliffe Glee Club, accompanied as an end by Dr. Seabury, entitled You and the Church.

The coat of the conference, $10, covers housing, Friday night dinner, full meal at Saturday dinner, and registration fee.

Further information and application blanks may be obtained from Sue Loomis, campus mall or KFB.

It is hoped that the program will be held on Saturday evening in the Hotel Continental in Cambridge and will take place on the Feast of the Church.

Keep it Up!

News Congratulations Freshmen On Enthusiasm and Interest

This is the time of year which might be very aptly termed the period of "Six Weeks Sorrows." After having enjoyed a very lovely and lengthy period of "Indian Summer," we have been rather rudely awakened by the fact that Thanksgiving is nearly here and that the papers we had blithely ignored "too far in the future to worry about" are all of a sudden due within the next week or so. Mid-term tests have kept us all under constant fire and there is that general preoccupation with saving for the holidays and the cold of coming.

We think, in this period of protracted tiring and wild-eyed looks, that time should be taken out to recognize and congratulate the class of '57 on their enthusiasm and interest in the college and its activities.

The reason for this praise stems largely from the fact that the freshmen have been the driving force behind the college in its activities. Among those faculty members who have been most effective in this direction are Miss Biaggi, Miss Warner, Miss Reckley, Miss Jackson, Miss Mays, and Miss Jackson, Miss Mays, and Miss Jackson.

Rasho Mon to Play in CC Auditorium

Film Has Received Numerous Awards

Rasho Mon, the Japanese film praised highly by the Saturday Review of Literature, will be shown at 7:30 in Palmer Auditorium on Saturday, November 24th.

The Review cites the movie as one with editing structure, camera work, and acting which are a challenge to the outstanding achievements in any country or any period. Rasho Mon, it says, is one of the few films made for grown ups.

The picture depicts four points of view concerning a double crime. The three participants and one onlooker tell versions of the scene which prove very interesting. The acting is similar to that of silent film days, the reviewer says, for the Japanese actors have shown the ability to exhibit the muddled emotion of which has become almost a forgotten art in modern movies.

Twenty-four Seniors Will Take JMA Examination in Dec.; Social Calendars for New Year

Civil Service Examination announcements have held the spotlight on the Senior Personnel Bureau bulletin board for the last three weeks. The Personnel Bureau reports that approximately 24 seniors have requested preliminary applications for the June Management Assistant examination. This examination will be held at the New London Post Office on Saturday, December 5. The Civil Service Commission of the State of New York has published announcement of the examination for Professional and Technical Assistants. This examination is open to college seniors, residents of the State of New York, who have completed at least one year of college work by December 1, 1953. Salaries start at $3571 and positions are located in various cities in New York State.

A general list will be established to fill positions requiring outstanding general ability and varied background. This General List will be limited to the 200 candidates with the best scores on the Examination. The areas of specialties include majors in Engineering or Architecture, Biology, Chemistry, Physics, Economics, Administration, Mathematics, Statistics, Psychology, Journalism, Law and Library Science. Candidates who are qualified for and file applications for any of the special areas are automatically considered for the General List if their scores are among the 200 highest on the examination.

Applications for the Professional and Technical Assistant test must be filed by December 11, and the examination is scheduled to be given January 16, 1954. If students are interested, arrangements will be made to give the test here at Connecticut College. Interested students may obtain additional information and application blanks from the Personnel Bureau.
