**Student Faculty Forum Initiates Discussion Group**

Two very interesting points came to light in our first Student Faculty Forum meeting which was held just before Christmas. In the first place, it was felt that we should continue this year to do as much as we possibly can towards raising the intellectual level of college or at least towards helping those intellectually in-competent. The second point will be asked to get the representative in your house and reserve your copy soon.

**Agnes Savage and Priscilla Duxbury**

**Attend Conference**

Two members of the Student Industrial Group, Agnes Savage '39 president, and Priscilla Duxbury '41 attended the New England Workers' Education Conference held in Boston on Saturday and Sunday, January 7 and 8. They were two of six New London representatives interested in workers' education. The conference was sponsored by the Affiliated Workers' Educational Work which is the Bryn Mawr Summer School, various labor unions, Y.W.C.A. groups, teachers unions, and many other groups interested in workers' education. The purpose of this conference was to report on progress made in the educational department of these various groups, to exchange change problems in workers' education, to discuss methods of achieving further results in this work of educating the workers toward active intelligent citizenship.

Committees on Labor Dramatics, Materials and other resources for study, Recreation in unions, Co-op's resources in workers' education, Recruiting methods for attracting new members, Security teachers for education classes were planned to discuss and formulate resolutions and suggestions on these subjects.

Saturday evening there was a banquet, where everyone had a chance to informalize, sharing experiences and ideas. Late that night, the Bryn Mawr Summer School for Industrial Workers (which have been shown on the campus) was occupied by folk schools in the Connecticut Valley, music, singing, and folk dancing.

Most important of all was a universal testing of genuine interest and the desire to cooperate with the sponsors of the convention, to obtain the most possible from it.

**Need for Increased Endowment Cited by President**

President Blunt, in her annual report to the Board of Trustees, stressed the need of increased endowment for the college if it is to attain its full potential. In spite of the fact that three new buildings will be completed within the next year, the Frank Loomba Palmer auditorium, the Chestnut chapel, and the Frederic Bill hall, the President reported that there are, nevertheless, many points at which the efficiency of the college is limited. There is a great need for endowed professorships (at present there is but one), for endowed endowments, for special funds for books, lecturers, departments, apparatus, a museum, and a number of other purposes.

Endowments of necessity, include a modern gymnasium in keeping with the other college buildings, two more dormitories, a new informally designed building, a new crowded Palmer library, houses nearly 8,000 books.

In summary, the President points out that for the first time since the beginning of the College three major buildings will be completed and put up at one time on the campus.

*Gits to the College during 1937- 8 up to December is amounted about $30,000. There is now 84 members of the President Blunt. The great problem is to win over the public.*

Youth Operative Singer to Appear At Gym Thursday

The next song recital by Julia Pet- eres, a singer of pleasing stage presence and well known in the local opera field, having had a singing tour, will be held Thursday, January 12, 1939, in the gymnasium at 8 o'clock. The public is invited to attend this recital. The program will consist of a colored film of the Yale Divinity School and will be sponsored by the Board of Trustees, including the Y.W.C.A. groups, teachers unions, and many other groups interested in workers' education. **The Sophistication of Jesus**

**Discussed By Dr. Lucecock**

In Vesper on Sunday Night, January 8, Dr.哈尔 Lucecock of the Yale Divinity School spoke on "The Sophistication of Jesus." His topic was well chosen as it should be greatly needed by the Yale Divinity School.

Dr. Lucecock refers to the mind as being keen. The enemies as being clever. As well as the friends of Jesus agreed with his teacher and he could see and understand the minds of other people. "Today," says Dr. Lucecock, "is the time when we need sharp thinking; therefore it is well to have the mind as keen.

What meaning of sophistication do we apply to Jesus? Surely not our meaning. Our idea of Jesus was sophisticated in the manner of knowing people, and being to get the representative in your house and reserve your copy soon.

**Tastes Through Ages**

**Seen by Dr. Boas**

Liking a picture is an outgrowth from appreciation of the artist's pur- pose. To explain the purpose, Dr. Boas, Professor of Philos- ophy at Johns Hopkins University is making a talk on "The Foundation of Modern Taste, given at Con- fessional, January 13, in the gymnasium.

**Dr. Boas described how tastes change by an allusion to the mannish- er writers by artists to explain the present trend in Art, Appealing to the emotions, these manifest so that the art of the moment, in the present case, is a synthesis of Ancient Greek, psychology, Geometry, or dominant social trends. It was a very interesting character of the arts and crafts, as well as the thought of the present craze for the American scene..."
Commuting Habit Ridiculed by Edward Streeter

Funny books, as a rule, are seldom amusing, but this new work of Edward Streeter, "Travel Before Commuting," is an exception. The "travel" is small, the "before" is large. After his trip, the author may never again have to deal with such menial duties as commuting, nor has he any reason to regret his previous occupation. Streeter is a》

STUFF

And so Moving Picture's Great Year has gone by, and a sad tale it is, for never has there been a more constructive year in the history of the industry. Witness that top house which has the sincerest admiration for American, a picture distinguished largely by the fact that it was producible only the picture of the year that dealt with an honest problem in an honest fashion.

We note with pleasure that Francis Tuck's play is still open and wonder how long it will last. Wonder how he likes being treated as a visiting foreigner, author, and artist when he feels Broadway more his home than Hollywood.

Two of the greatest artists of our time afford the musical history of the year in the "Met" and the "Proms." With these in mind, what a sad and strange fact it is that our own composers have made so little progress in the art of music. How can we expect our students to succeed in the world if we do not give them a proper training in the art of music? The "Met" and the "Proms" are not only a reflection of our own musical culture but also of the cultural level of the world at large.

We cannot pass without calling attention to the comparatively new series of books, "The Cameo Classics," which contain some of the great fables in good editions at an almost unbelievably low price. A few of their titles are "Green Mansions," "Hamlet," "The Odyssy of Homer," "Krylos," and many others, selected in a mixed collection, are all of great interest. The "Met" and the "Proms" are not only a reflection of our own musical culture but also of the cultural level of the world at large.

Koine Offers Three Cash Prizes for Best Snapshots

For the lucky girl whose snapshot wins the Fashion Snapshot Contest, there is a five dollar bill waiting. The judges will also select the names of two runners up, each to receive one dollar in prize money.

All sorts of pictures of college life are acceptable: the Oriental to her many uses as you—more the merrier, the greater chance you have of winning some of that prize money. Find your best views at the Hurrican, outdoors and in; in the classrooms, in the auditoriums, in the halls; on the campus; at the cottage clubs; in the dormitories; in the gymnasiums; at the movies; in the shops; in the classrooms; in the dormitories; in the gymnasiums; at the movies; in the shops; in the hall; and in the street. Your pictures may appear in the 1939 Koine. So get to work! You know that you would like to see published.

Announcement of the awards will be made March 1st. No admittance to cash prizes. All entries must be submitted at the Koine office, 102 South 14th.

Wig and Candle Present Story of Charlotte Bronte

The Wig and Candle spring production will be "A Moor Born." Tryouts for the play are today and tomorrow, March 5th and 6th, and Wednesday, January 19th, 5th, and 11th. The last tryout will be held tomorrow afternoon.

"Moor Born" is a woman's play, that is, all the leading parts are female. The story is that of the famous Bronte sisters, one of whom wrote "Jane Eyre." The chief characters are the sisters, Anne, Charlotte, and Emily. Their father, Rev. Bronte, a noted clergyman, wrote a few verses, and two servants, and a Yorkshire farm hand complete the cast.

The author of the play is a Canadian. Her talent first became evident when she was a schoolgirl of fifteen. It was so good that it afterward was performed at one night stands and in traveling stock. Since then, Mr. Bronte has composed several plays and poems.

"Moor Born" will be presented in the gym on March 17 and 18.

Favorite "Haunts" Furnish Fun During College Years

If any of us did some talking about college life, during vacation, and who didn't?—it must have been most of us, and there were a few in all the colleges. What have we had up here. And we must admit that during those weeks of vacation, our spare moments. Every college town has its haunts, its favorite hole in the wall, where we can always find a comfortable place to bask in the sun and sip a cup of tea.

Prominent among these are the following:

The Huguenot, for those who want to get some sleep; the Lunch Room, for those who want a light meal and some company; the Student Union, for those who want to hear some good music; the Bookstore, for those who want to buy some books; the Cafeteria, for those who want to eat something; the Coffee Shop, for those who want to drink something; the Cafe, for those who want to talk something; the Bar, for those who want to drink something.

The resources of Columbia University and nearby communities are thoroughly covered. The University Press has been generous in providing such groups with programs.

The students affirmed the need for a new emphasis upon the principles of democracy and free enterprise, of a new determination to maintain the liberties that democracy involves, and of an understanding of the necessity of a religion of peace, which is the only result of our age.

During the conference, the delegates visited the Jehovah's Witness City in Mount Sinai, N. J., where Rabbi Leo J. Bortsch, of New York City, explained to them the meaning of Jehovah's witness and the fundamental aims and policies of Jehovah's Witnesses.

The visitation program was conducted in the gymnasium, where the Rev. Victor Morri, the Rector, spoke on the meaning of the gospel and the need for it in the world today.

The following colleges were represented:

Temple University, Lehigh University, Lafayette College, Massachusetts Institute of Technology, Harvard University, Princeton University, Pennsylvania State College, Middlebury College, Yale University, Stanford University, University of California, Harvard University, Drexel University, Washington University, Virginia Polytechnic Institute, and the University of Pennsylvania.

Dr. James G. Thompson, Professor of Education, delivered an address on the value of the student conference.

A Peace Council to coordinate the peace activities of all existing campus organizations has been organized at New Jersey College for women.

Most major national sororities emphasize the spirit of peace and work among the poor and underprivileged.
Peace Congress Urges Realism At Meeting

The 5th American Congress for Peace and Democracy held in Washington January 6 to 8 was a special session called as a result of the impor-
tance of the changes that have tak-
en place at home and abroad since the last meeting of the Congress over a year ago. The speakers in general ex-
pressed the grave threat that fascist states abroad and reactionary powers at home posed to freedom and peace throughout the world.

Secretary Ikeys who was to have been the speaker of the first evening cancelled his engagement without explanation, though he did send his greetings to Congress. Jer-
ome Davis, President of the Ameri-
can Federation of Teachers, called on very well in a talk in which he is said that the main danger to demo-
cracy in the United States comes from the vested interests—"corporacy," that in order to keep their control over the American League for Peace, this force would be willing to go by-

used more sinister, that there would be a great deal of money at stake, and that this would be to crush democracy. His suggestions were that the La Follette Civil Liberties Commit-
tee be given adequate appropriations with which to carry on its work, and that federal aid be extended to edu-
cational institutions.

One of the most interesting as-
pects of the Congress was to see the C.C. News will pres-
to two slightly stale but still good-
doughts to anyone who can pre-
scribe a good remedy for a Christmas-Vacation Hangover.

Labor Legislation to Be Discussed by Students The Student Industrial Group will have a discussion of labor legislation in Connecticut in 20-30 and at the Y.W.C.A. where the college girls meet working girls. Its pur-
purpose is to investigate and discuss la-
bor problems and economic condi-
tions.

Wilde's Famous Comedy Again Comes to Life

A revival of "The Importance of Being Earnest," Oscar Wilde's famous epigrammatic comedy is now being presented for a limited engagement at the Van Winkle Theatre, 141 West 48th Street, New York City.

Recognized as Wilde's most brilliant work, "The Importance of Being Earnest" was first presented to an enthusiastic audience on April 23, 1895, two months after its London premiere. The current Broadway production, being sponsored by Richard Aldrich and Rich and Myers in association with Albert T. Wallach, is given by stars of the Clifton Webb, Estelle Winwood and Hope Williams. Also in the cast are Derek Williams, Florence McGee and Helen Tremblode.

As Wilde himself predicted, "The Importance of Being Earnest" has become his most important play—a play whose speaking dialogue has lived on for two generations. Translated into many languages and reprinted in several editions, it can be found in every library of dramatic literature. This production has been staged by Miss Winwood and the sets designed by W. Harrison Adkins.

Special student theater party rates for "The Importance of Being Earnest" may be obtained from Student Managers Bride Goodman, 1430 Broadway, New York City.

Brooklyn Polytechnic Institute students recently conferred the faculty's highest honor upon student-written technical questions in a program of the "Information Please" variety.

A University of Minnesota survey indicates that college graduates may expect to be earning between $2,000 and $3,000 annually eight years after commencement.
