Difficult Play, Madwoman of Chaillot, Expertly Handled

Constance Farley

The Madwoman of Chaillot, expertly handled by Constance Farley, received a well-deserved ovation when it was presented at 8:00 P.M. in the Holmes Memorial Theatre.

In the Madwoman of Chaillot, Constance Farley, as the Madwoman, was superb. Her performance was a tour de force, and her acting ability was outstanding. She managed to hold her own in her role, and her portrayal was a masterpiece of acting. The audience was thoroughly entertained by her performance.

The Madwoman of Chaillot is a play by Jean Cocteau, and it's a classic example of the absurd comedy genre. The play centers around a madwoman who believes she is a princess, and her fantasy world collides with the real world. Constance Farley's performance was a perfect fit for the role, and she managed to convey the character's madness and her belief in her own importance.

The other actors in the play were equally talented, and they all contributed to the success of the performance. The play was a testament to the power of Theatre, and it was a pleasure to watch it.

Overall, The Madwoman of Chaillot was a fantastic production, and Constance Farley's performance was a highlight. It's a must-see for anyone who loves theatre and absurd comedy.
Piano - Duo, Choir, Offer CC Students Week of Concerts
by Frederica Schneider

Four women performed a duet of Bach, J.S. and a Mozart Sonata in C major for Four Hands and the Fantasia Opus 100 of Franck Schoenfeld '55. They did a wonderful job on the organ. Their performance was as follows:

Special note was made of Susan Pollack who was sent by the Institute of Cancer Research to study the effect of a fluorescent material on certain cancer cells. Before science can find a cure for cancer, working with research assistants is necessary in laboratories. Dr. Bruce Pollack was sent by the Institute of Cancer Research to study the effect of a fluorescent material on certain cancer cells.

On the second concert of the Week of Concerts, Damozel sang with an east that benefited the Glee Club so much that it filled the rest of the audience. The duet, Johann Sebastian Bach. The duet, was the excellent accompanist. The ideas which are behind the experiment are as follows:

A) fluorescent material is mandated for life insurance companies. The average earnings of the students who had full-time jobs were $396.35 per student. In 1946, the average earnings of the students' summer occupation was $140.00. This summer's average yearly income was above $200.00 per student in comparison.

Interpreting the above facts, the average earnings of the students were above $200.00 per student. In 1946, the average earnings of the students' summer occupation was $140.00. This summer's average yearly income was above $200.00 per student in comparison.

Interesting jobs that offered experience for future reference were those that offered training to be used in the business world. The average earnings of the students were above $200.00 per student. In 1946, the average earnings of the students' summer occupation was $140.00. This summer's average yearly income was above $200.00 per student in comparison.

These are a few of the interesting jobs that offered training to be used in the business world. The average earnings of the students were above $200.00 per student. In 1946, the average earnings of the students' summer occupation was $140.00. This summer's average yearly income was above $200.00 per student in comparison.

CONNETICUT COLLEGE NEWS

Page Three

**Fourth Finger, Left Hand or Avid Pursuit of Knowledge?**

*Rings on Her Finger*

When it comes to announcing engagements, the juniors are putting up a good fight against the seniors.

*Mz. Mitzi Zvitz 54*, has recently announced her engagement to William Rubenstein, whom she met this summer in a blind date in Hartford, where she was working at an Auerbach’s store. At G. Fox and Company, Maxell, a graduate of Whittier College. They plan on being married in June.

Debbie Phillips ’54, Feature Editor of the NEWS, agrees with Mitzi that blind dates are a good invention, for she met her husband, Peter Haviland, that way. Peter is Debbie’s roommate Judy’s cousin. Their marriage plans are indefinite as yet.

Although Linda Jacobson ’53, has known her fiance, Jerald Drence, for ten years, she did not begin to seriously date him until this summer. Their engagement was announced over Thanksgiving, and their wedding is planned for either June or July.

September. Jerry works for a wallpaper contractor in Linda’s home town of Bridgeport.

Anne Decker ’53, College Song Leader, has announced her engagement to Frederick Greg on November 29. Fred is a senior at Colgate, and spent last year in Paris, studying at the Science Politec. Wedding plans are for June.

*She Shall Have Murder*

It has been rumored that the sophomores in Branford did quite a bit of Singing this weekend.

A asked for a blow-by-blow account of the weekend, one girl replied “the Pipes came, they sang, they left.”

**Loads of Knowledge**

The worst part of freshman year is just about over—source time. Not too long ago, a senior was standing at the desk in the library, when a girl walked up with three or four books in her arm, and a suitcase. Said the senior, “Get away for the weekend.”

The freshman looked at her warily without answering, and opened the suitcase, which was turned out to be filled with trim with books. Then she turned to the senior and said mournfully, “The worst part is that it isn’t even a good paper.”

*EC Club Sponsors Gallagher Speech*

Meeting at the home of Mrs. Merrick, chairman of the Economies Department, the Economics Club heard Mr. Daniel Gallagher speak on December 9 at 7:30 p.m.

Mr. Gallagher, one of the region officers of the C.F.O., will discuss the C.F.O. plans on his recent activities in connection with the C.O.A.F. of I, and the meeting is open to all the Bigelow Sanford Carpet Company in Thompsonville, Connecticut.

**CCC New Announces Recent Additions, Changes in Staff**

Following an initial apprenticeship period, several new reporters have been added to the staff of the CCC NEWS. They are Joyce Adams ’54, Pat Legge ’56, Mary Roth ’56, Gary Ryno ’56, and Sally Wilson ’56.

In addition, the Newsroom of Rossenbach ’56, will serve as Assistant News Editors; and guitar with three or four books in her arm, and a suitcase. Said the senior, “Get away for the weekend.”

Children Will Get Students’ Presents*

Each year at Christmas time, Service League chooses charitable organizations in the area to which it donates children’s Christmas presents. This year, the organizations included: New Britain, The Salvation Army, The Day Nursery, and the Day Nursery. The New Britain are included in the list.

Every student at CC contributes fifty cents and then two girls buy a present suitable for the child they have chosen. These gifts range from five dollars. They are all wrapped in Christmas paper and labeled with the child’s age and sex.

Connie Crofton, Ann Matthews, Joan Cleveland, and Mary Abriel are in charge of the drive. They hope that everyone will join wholeheartedly into the spirit of the season and help those less fortunate children a little more pleasant Christmas.

**CHRISTMAS GIFTS**
Patricia Mottram '53, an Economics major, combined social work and religious discussion with the Lisle Fellowship. Seventy students gave real service on voluntary jobs - many of them serving in hospitals as record clerks, X-ray aides, and in institutions for the mentally retarded. It is hoped that students will give all clothing possible.

Sources, socks, mittens, and the like are especially desired, but all clothing will be used, if not by the children themselves, by their parents who are also in need. Boxes have been placed in each dorm for these gifts of clothing.

In addition to these primary means of aid, individual gifts of supplies and money will be given by Home Ec Club members, an annual function of this club.

Summer months can be made more than just an interval as you climb from one rung of the ladder of success; and money for educational therapy work in children's hospitals.

A survey made recently by the Personnel Bureau of the Senior Class shows an outstanding record of summer experience. Seventy per cent of the members of the Class of 1953 or 45 per cent have been active all four summers either working, studying, or traveling. Only two seniors were inactive all four summers. This past summer 54 seniors were active. Eighty-five per cent of 321 volunteer jobs, 36 studied -23 in universities and 3 in secretarial schools, and 23 traveled -15 in Europe.

Summer months can be made more than just an interval as you climb from one rung of the ladder of success; and money for educational therapy work in children's hospitals. The Personnel Bureau will gladly help you with your summer placement. Students are urged to make an appointment with Miss Guiteau in the Personnel Bureau to discuss the possibilities of earning experiences in these fields and for a temporary president and the following freshmen were nominated: Frankenstein from North; Bobby Isaacs of Grace Smith; and Heidi Schweizer of Knowlton.

Dean Noyes also attended the meeting and addressed some remarks to the freshmen.

**Name Frankenstein Isac, Schweizer**

On December 3 the Freshman Class held a meeting for the purpose of nominating a class president. Casey Callaway '53, acted as temporary president and the following freshmen were nominated: Frankenstein from North; Bobby Isaacs of Grace Smith; and Heidi Schweizer of Knowlton.

Spanish Club Xmas Party on Dec. 16th

As in years past, there will be a festive pinata at the annual Christmas party of the Spanish Club, which will be held on Tuesday, December 16, at 7 p.m. in the gym. Dancing, and the singing of the Spanish Christmas carols will comprise the rest of the entertainment. Refreshments will be served. All Spanish Club members are cordially invited to attend.

Jean Gallup

Jean has had the unique advantage of being able to combine practical experience with theoretical knowledge. One summer she gave psychological tests at the Norwich State Hospital. This year she is continuing her work begun during the summers at the Submarine Base by giving the Rorschach and other individual tests to servicemen. Normality seems to have more attraction for Jean than abnormality since she has found few examples of the latter.

It is doubtful if Jean will have trouble after graduation continuing her Medical Research, as she plans.

Commuting from Norwich every day has not hampered Jean's scholastic activities, even though her friends insist that she goes out every night. She has always managed to keep up with her work from day to day, which is the best advice she can offer to Winthrop Scholar aspirants.

Juniors Formulate Father's Day Plans

Connie Demarest was recently elected by the class of 1954 as director of the Father's Day Show. This show, annually presented by the Junior class, will be held this spring on May 16, 1953, as one of the highlights of the Father's Day program.

Plans for the Father's Day Show are already being formed by the Script Committee. This committee, headed by Nancy Garrett, includes: Ann Matthews, Helene Kestenman, Carolyn Chap-ple, Sylvia Sternberg, Sue Shinkle, Jeanne Gehlmen, Diane Robinson, and Louise Kump.

French Comic Film Will Be Presented

Topaze, a French comedy, will be shown in Palmer Auditorium on Saturday night, December 13, at 7:30 p.m. Admission will be 50c. This movie is a satire on ambitious politicians. It is based on a play by Paniol, who is also the author of the play and movie Mar-ius. The part of Topaze is taken by Fernande.

Dr. Goodwin and Dr. Pollack

Manufactured in the non-growing portion of the root.

This fluorescent material, made synthetically in the test tube, stops growth when applied to the growing root tip.

Experiments are trying to determine whether or not this substance regulates growth; and if so, how?

---

"I always smoked Chesterfields in college just like my friends" says New York secretary, Elizabeth Lydon, "and here in New York it seems like almost everyone smokes them."

Elizabeth Lydon DUKE '51

AND NOW—CHESTERFIELD FIRST
IN SUPPORT OF SMOKING

A responsible consulting organization reports a study by a competent medical specialist and staff on the effects of smoking Chesterfields. For six months a group of men and women smoked only Chesterfield—10 to 40 a day—their normal amount.

45 percent of the group have smoked Chesterfields from one to thirty years for an average of ten years each, 

At the beginning and end of the six-months, each smoker was given a thorough examination including X-rays, and covering the sinuses, nose, ears and throat. After these examinations, the medical specialist stated...

"It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

Remember this report and buy Chesterfields... regular or king-size.
