Carl Hambro, Who Saw Norway Invaded, Will Speak on Peace

Author and Statesman Represents Norway in League of Nations

Dr. Carl Joseph Hambro, who was president of University College at the time of the German invasion in 1940 and who since then has been a leader of the Norwegian government in exile, will speak on his experiences as a result of college visits to New York City.

It was Dr. Hambro who saw the immediate removal of the Norwegian government from the University College and the army and navy was moving in. He expedited the moves of the royal family to safer quarters.

Since 1940 he has been a leader of the Norwegian government in exile and has been important and invaluable. He followed closely the activity in Europe leading up to the war. He was speaking on the cost of his own popularity in the International League of Nations, which he represented.

Dr. Hambro’s topic will be of particular interest to old students of the college. It is particularly well-qualified in this context, as Dr. Hambro is a Norwegian statesman but also an important figure in world affairs.

He is a member of the Norwegian parliament and is president of the Norwegian labor party. He has been a member of the League of Nations, representing his country in international forums. He has been a member of the League of Nations since 1930, which is now a member of the United Nations.

Dr. Hambro’s experience is not limited to political and international affairs. He has the reputation of being a talented and versatile man, with a keen interest in a wide range of subjects.

Vig & Candle Drafts Men for Roles in Spring Production

by Phyllis Schiff '43

The second spring production of the Connecticut college is a female institution. Woman students run the show, with Dean of Men and the rest; but it seems that the male of the species must be taken into account. When Wig and Candle are presented in March 19 and 20, the nine male parts will be a serious challenge to the star-studded cast. Until now, the nine male parts have been under way for many weeks and are due any moment. The male is complete. Who are these young men who are called upon to express and to prove their interest in C.C. campus drama?

In order of appearance let’s in on the parts played by Mario Hernandez, Mr. Hernandez may be a fictional colonel, but he will soon be a far more real colonel in the Maritime service.

Stage Door

Robert Hainlen completes the cast as Gardener. He too lives in New London and attends Bulkeley high school.

To the Performers of the Commem,

From the smug process some of us have had, we think you're great! And we applaud with real morale-building effort for the sake of the armed forces. But, just behind the man behind the man behind the gun, why are we being assigned to a full-fledged performance?—

Dear Editor:

Here follows an open letter to managers and cast of the Commem Show:

Ladies:

As the writers of this letter understand it, the Commem show was a great success, but due to the jealousy and misunderstandings which many won't openly confess, the audiences of this show were made to suffer. These writers, therefore, suggest that in as much as a production is given not for the benefit of those in it, or even for a future college audience at C.C., that the entire cast, together with Mrs. Hoy, whose experience is seen "Free Speech"—Page 5

Finish the War Quickly

"You know I really want to learn about China unless you want to," said a visitor who was among the younger generation. "But I regard each other as fun because we absolutely must work together for victory. The main thing now," she emphasized, "is to conquer Japan by 1945." China has been at war for six years. Atrocities, starvation and a host of other problems have created the Chinese in China, leaving his children behind. Miss Lin's own cousin, whom the war changed from "useless" person to an active patriot, fought until he sickness and died from overwork.

Miss Lin closed with an amusing story about a man who is buried in a mother's love, and the Chinese resisted the appearance of the Jerseys. The Jerseys abandoned trenches deeper so that the Japanese will be able to see, and the Chinese, would not be able to use the trenches since they were dug by Chinese.

East Meets West as College Has International Weekend
by Marilyn Snowden '43

East may be East, and West may be West, but the "twain" meet during International Weekend February 26, when a Mount Holyoke student hosted three Chinese girls and three Chinese boys on campus. Native Chinese costumes and innumerable tales of Chinese and Portuguese added to the spirit of internationalism.

The Chinese guests included Miss Adet Lim, Miss Keung Mo Ting, and Miss Yung-Ming Ting; Miss Lin, oldest daughter of the eminent author Lin Yutang, hopes to return to her native China immediately following the visit. She is now writing another book and is taking an extension course in English literature at Columbia. Miss Lin is also a nurse's aide. She presented Madame Chiang Kai-Shek, upon her arrival in New York on March 1, with a bouquet of flowers.

Miss Keung is working on her Ph.D. in American literature at Mount Holyoke. Last March Miss Keung and two other students travelled through the Red Cross sent by her father, a Methodist bishop, to help war victims. She received Generalissimo Chiang Kai-Shek, upon her arrival in New York on March 1, with a bouquet of flowers.
