A NEW CHALLENGE OF SOCIAL WORK.

MRS. TOWSEY GIVES INTERESTING TALK.

Those who were not in the Gymnasium on Friday evening, February 5, to hear Miss Claire Towsley's splendid talk on "The New Challenge of Social Work," missed a rare opportunity. Miss Towsley is a member of the Charity Organization Society of New York City, organized in 1882. Its great object was money relief. At the present time the big challenge is to assist in preventing 2,000,000 families; for this purpose the Society is asking for a half million dollars. Since the organization was started, there has been a great change from sentimentality to relief work to scientific investigation. During the last ten years there has developed a studied, well-thought-out technique.

Dealing briefly with the Social Service organizations met only the need of food and rent but now they deal with the causes of conditions which the families cannot solve by themselves. Through this Charity Organization many supposed criminals or unruly boys have been found mentally deficient or physically disabled and therefore not responsible for their behavior; these are spared harsh treatment and are sent to institutions for proper care. Much invaluable aid is given by investigating the causes of existing conditions, so that not only temporary relief, but lasting results may be affected.

The World of Today has a definite and a thing to do for itself; they lack resources. The foreigners have been found mentally deficient or physically disabled and therefore not responsible for their behavior; these are spared harsh treatment and are sent to institutions for proper care. Much invaluable aid is given by investigating the causes of existing conditions, so that not only temporary relief, but lasting results may be affected.

The fact is, the work is a real live job! A Social Worker must know something about law, medicine, religion; she must be well-versed in psychology and have a thorough knowledge of government and the law of the land. She must have the ability to work with people of all walks of life and to understand their problems.

NEW YALE PRESIDENT CHOOSEN.

FAMOUS PSYCHOLOGIST AND EDUCATOR.

James Howard Angell, one of the nation's greatest educators, acting president of the University of Chicago, and exchange professor of psychology at the Sorbonne in Paris, has been chosen as the next president of Yale. Dr. Angell will succeed President Haldy at the close of the present university year, which will be the fourteenth head of the university.

Mr. Angell is the son of the late President Angell of the university in Michigan, is a graduate of that college in 1872, and as professor at the University of Minnesota, professor, dean, a short period president of the University of Chicago, chairman of the National Research Council, and chairman of the trustees of the Carnegie corporation, he has shown marked ability as an administrator, and as an educational leader. He was given the degree of master of arts at Harvard in 1896, and from the Universities of Berlin and Halle in 1902.

As a writer he is the author of "Psychology," which was published in 1898, and "Chapters from Modern Psychology," 1911. He is a member of the psychology committee of the National Research Committee. His last position was with the Carnegie Corporation.

HELEN DWELLE WINS POST OF HONOR.

Distinguishes Herself Designing Scenery.

The members of '22 will be delighted to hear that out of many Harvard and Radcliffe contestants for the position of designing and painting scenery for the "47 Workshop," Helen Dwelle was chosen as the one to be admitted in, as she has been admitted into this select group. The club is an off-shoot of Prof. Baker's famous 47 and 47a drama courses at Harvard and Radcliffe. The play written by students taking the course, which show the greatest dramatic possibility are presented on a tiny stage in Anasie House where the author, director, designers of stage settings, and other members of the club, watch the progress of the play and give any criticism that they deem helpful about the stage settings, the acting, the lighting, and the costumes. He explained that when this is completed, the club is to hold a "Workshop" for the benefit of the students. The club is to hold a "Workshop" for the benefit of the students. The club is a real live job! A Social Worker must know something about law, medicine, religion; she must have the ability to work with people of all walks of life and to understand their problems.

CHILDREN'S MOVIES.

The next children's movie show will be held on Saturday, March 5th, at the Vocational School at two-thirty o'clock. Come and see the little "Black Beauty" and "Old Mother Hubbard," with the rest of the children.

APPOINTMENT BUREAU EDICT.

Miss Holmes will hold office hours on Saturday, March 5th, at the Vocational School at two-thirty o'clock. Come and see the little "Black Beauty" and "Old Mother Hubbard," with the rest of the children.

APPOINTMENT BUREAU

Miss Holmes will hold office hours on Saturday, March 5th, at two-thirty o'clock. Come and see the little "Black Beauty" and "Old Mother Hubbard," with the rest of the children.

Work of School Explained.

CAMP CREW LAUNCHED.

On Wednesday evening, February 22, the Freshman and Sophomore classes were launched by Miss Dorothy Wulf, the president of the Athletic Association, gave a short speech, and then the crew presented its program. The crew presented its program. As the drum beat, the crew presented its program. As the drum beat, the crew presented its program.

ORGAN RECITAL.

An organ recital will be given at St. James' Church on Thursday evening, March 17th. The organist will be Miss Wright. The program will be a selection from the many songs presented on the organ. The program will be a selection from the many songs presented on the organ.
BESIDES "BAD' DOGS," DOUNTS AND BEER..." "MEANING TO EARN," BY JOHN A. LAUD AND CARL H. MOTE, IS NOW VERY TIMELY READING FOR OUR OUTGOING CLASS.

THE BRADLEY STREET MISSION.

TOO LATE.

MISS RAINY DAY SIT ON THE BRINK OF THE DOW.

VINEA.

THE 'BRADLEY STREET MISSION.'

A glorious world lies there,—
On which time's sun cannot fade;
The dear remains of its ruins,
In treasured dreams are laid.
Ah me! That I too might plunge down;
At peace in those shadows to rest;
It seems as if we were calling...
..."Return to these realms of the blest.

C. C. O. C. AGAIN.

COUNCIL STAFF.

C. C. C. AGAIN.

We should do well to embody in our rules some definite interpretation of the word, Honor. As the writer wishes it to be printed... The article may also be signed by the writer who wishes it to be printed.

Our campus... Have you ever exaggerated our campus? Of course it seems that we go about our tasks without any thought of the many beautiful things that ever round us. Only those who live inland can truly become aware of the beauty of our campus. Don't you ever catch your breath at the very bluehues of the river on clear days? Don't you wonder as you stand and stand for hours and just feast your eyes on the curve of the river around the island as it sparkles and glints with a myriad of diamonds? Don't you love to see the little white puff of smoke trailing lazily back as the little train across the river chugs along? And wouldn't you think you were in heaven if you could catch your breath at the very excitement of all these... This is an issue of the Junior Manager.

We love to see the little white puff of smoke trailing lazily back as the little train across the river chugs along? And wouldn't you think you were in heaven if you could catch your breath at the very excitement of all these... This is an issue of the Junior Manager.
THREE THINGS.
To love—courage, gentleness and fascination.
To hate—cruelty, arrogance and ingratitude.
To think—beauty, frankness and freedom.
To wish for—health, friends and a contented spirit.
To do—virtue, goodness and gratitude.
To admire—intelligence, dignity and greatness.
To pray for—wisdom, contented spirit, and the Florida Everglades.

ZOOLOGY ACQUISITIONS.
The following books have been given to the Zoology Library by the Smithsonian Institution:
"Whales of the Western North Atlantic," by Frederick W. True.
"Deep Sea and Pelagic Fishes of the Western Atlantic," by Goode and Bean.
"Mammals of Panama," by E. A. Goldman.
"Pirates of the Deep; Stories of the Squid and Octopus," by Paul Bartsch.
"Natural History of Paradise Key and the Florida Everglades," by W. E. Safford.
"Coral and the Formation of Coral Reefs.

THE NEW CABINET.
The forming of the new Cabinet should be of great interest to all of us, and we feel that a few remarks on the subject are not amiss at this time.
Mr. Herbert Hoover has accepted a place in the Cabinet as Secretary of Commerce. President-elect Harding is desiring of widening the Department. All the country is watching with more interest than ever before the forming of the new Cabinet. Attention has been called upon the position of Secretary of State, which has been accepted by Mr. Hughes. Mr. Daugherty's appointment as Attorney-General came as a great surprise and disappointment. Mr. Harding feels deeply in the office of Daugherty's duty, and the appointment is admittingly a reward for political services rendered.

FRESHMEN COMMUNITY SING.
Clad in white middy suits and wearing the class colors of blue and gold, the Freshmen made a remarkable impression on the rest of the student body when they took charge of the community sing on Thursday night. Originality and pep marked the all-night affair. Evelyn Ryan led the class in their songs and cheers which were full of cheer and spirit. The curtains of the stage were lifted, pennants flying, and a ship in full sail, while the cabaret box on board was seen. And when the Freshmen made their finale by the popular "24" was hoisted, pandemonium broke loose. It was the first public showing of "24's" banners and was a complete surprise to the rest of the college. The Freshman have chosen as their symbol, a ship in full sail, and their use of the symbol was novel and well worked up.

Give a Thought to Books
We carry a comprehensive line by the old masters and modern writers in subjects of all classes for Children, Boys, Girls and Grown-ups.
TAIL LIGHTS.
We can always depend on the stereopticon lantern to furnish excitement at lectures. Like the proverbial mule, it always talks when its faculties are most needed.

Students, masquerading as gentlemen, at the Crew Dance last Saturday night, had a bit startled the audience at seeing the effect of foreign matter in their midst in the form of a real man. He seemed quite at home, however. Perhaps he didn't even detect the difference.

This "rest cure" in the gym, where a student retires behind the back drop curtain, stretches out on a hard cot with no covering, and lets the first draft hit her—what a force it is! How can one relax when fifty or more pairs of feet are pounding the floor in the throes of the "Tarantella" or the "Russian Dance?" Why not suspend cots from the ceiling beams where the unfortunate ones may receive the benefit of the instruction, at the same time being free from the bore vibrations.

Two prominent C. C. girls were indistinguishably snow-balling a life-size portrait of Mary Pickford, in front of one of the leading theatres of the city. An old gentleman, who had been standing near-by, greatly amused, approached, and asked with a chuckle, "Jealous girls!"

Students, masquerading as gentlemen, at the Crew Dance last Saturday night had a bit startled the audience at seeing the effect of foreign matter in their midst in the form of a real man. He seemed quite at home, however. Perhaps he didn't even detect the difference.

Dotty Henkel got so interested in illustrating gestures in Rhetoric on the Dance?" Why not suspend cots from the ceiling beams where the unfortunate ones may receive the benefit of the instruction, at the same time being free from the bore vibrations.

One of Mary Thompson's pet goldfish passed away very quietly one night last week. Although Mary was prostrated with grief, she has been able to attend classes as usual.

Another member of the faculty has taken senior privileges upon himself—his goloshes wave wildly between Brandford and the gym.

BLACKSTONE REVUE.

PERSONALS.
Miss Reeder has gone to spend a couple of weeks snow-shoeing, tobogganing, and skating on the snow-bound hill-sides of New Hampshire.

Guests at College over the week-end of February twentieth were Helen Lau, Harriet Leach, La Petra Perley and Ruth Avery.

Melvina Mason has been elected house president of North Cottage, to fill the vacancy left by the resignation of Laura Batchelder.

Beatrice Reinhold of Naugatuck spent the week-end with Ruth Curtis.

Dorothea Cramer entertained her cousin, Janet Linn, of New Haven, over the week-end.

Elizabeth Brease entertained her aunts, the Misses Brazos, at Middle-town, over the Washington's Birthday holiday.

Anna Catherine Corliss sang a solo at Vespers last Sunday.

A FEW DISEASES PREVALENT ABOUT CAMPUS.

Who's-it-for-its.

Causes—1. Lack of grammatical knowledge. 2. Lack of observation. 3. Lack of consideration for others.

Symptoms—Tulips, horsecar and carnival, but hearty. Temperature and pulse quite normal.

Duration—Begins generally at 8 A.M. and lasts with rest intervals until 18 P.M.; recurs daily during college year.

Cutting Chapalomania.

Symptoms—A strange languor; an unpleasing and unnatural interest in everything.

Duration—This strange disease occurs in violent attacks, or spasms commencing about 8 A.M. and ending at 8:05 A.M. The attacks are seldom observed on Sundays, though a somewhat similar affection—avespertis—is occasionally seen on the day, from 6:45 to 7:05 P.M.

Shrinks.

Causes—(This is really a mild form of hysteria)—1. Undue excitement. 2. Natural stiffness. 3. Over work (seldom).

Symptoms—Loud and shrill laughter or screaming, flushed face, rapid pulse, slight delirium. Later—Beginning sometimes as early as 8 A.M.; this disease continues intermittently all day long, increasing in violence as the day progresses, and reaches its maximum between 9 A.M. and 3 P.M., though sometimes the maximum point is reached even later than this.

Heard in Eldora—"A college-bred youth is no more than a four-years loaf."

"God must love fakers—He made so many of them."—Exchange.
