Crozier To House 100 Poor People

Boston, Providence

The marchers will represent the entire New England area and will arrive in New London fol-

lowing a march in Boston on Friday and a rally in Providence.

The march is being sponsored by the Southern Leadership Con-
ine and co-sponsored in New London by the local chapter of the NAACP. March officials have predicted participation of 1,500 marchers. The planned parade route will begin at the College and take marchers from here down Crystal Ave. to Main St., Federal St. and to a rally at Wil-

liams Memorial Park.

Rich and Poor

However, certain of the march officials have objected to the route because it does not include both rich and poor areas of the city. The objective of the march is to create awareness in both communities. Further plans for the rally are being formu-

lated in cooperation with the SCLC, they may include an ad-

Conn. Citizens Form Counselling Service

New London is the headquarters of a newly formed counselling service. Citizens for Draft Education of Southeastern Connecticut is a group of citizens from the area who are interested in preventing young men from going to war and in getting them to make better use of their rights and privileges under existing draft laws.

The new organization was originally located in a parish house, but was thrown out when the parish trustees decided their activities weren't proper to be carried on in a public building. They are now housed in the church parsonage.

Draft Counselling, which has only been in existence for a month, hopes to reach as many young men as possible. They are now housed in the church parsonage.

According to Mr. Desiderato, one of the committee, Olaf O. Desiderato, professor of psychology, drafted the main reason for the formation of the group was that "we felt that there was no official government agency providing this necessary service, so we decided to do it ourselves."

The main function of the group, in Mr. Desiderato's words, is "to provide information." This information is concerned with the draft law. It is necessary to obtain a C. O. status, and can be sent to any particular department. The I-AO category allows an individual to be drafted, but he is not asked to bear arms.

Mr. Desiderato continued that since 1965 Supreme Court decision, the conditions that are necessary to obtain a C. O. status have changed. Before this time, the ground had to be religious; now, however, if the opposition to the war is moral, one's ground is to apply for C. O. status.

Mr. Desiderato did add, however, that "it is easier for a young man to get a C. O. status if he is a member of a group which has taken a position against violence."

While it is still difficult to obtain a C. O. or a I-AO classification, Mr. Desiderato stressed the fact that the services of a draft counselling service such as the one new in New London may help considerably by clarifying points of law for individuals and by preparing them for hearings before their draft boards.

Any contributions are welcome, according to Mr. Desiderato. They can be sent to Ernest Scheninger, Box 156.

Newsweek Editor Terms Coeducation "Wave of Future"

"A women's college will be defensible but not necessarily desirable in ten to fifteen years," Mr. Peter Janssen, education editor of Newsweek, hopes to interest men in coeducational institutions.

"A women's college will be defensible but not necessarily desirable in ten to fifteen years," Mr. Peter Janssen, hopes to interest men in coeducational institutions.

According to Mr. Janssen, one of the reasons why people think that pupils and coeducation are objectionable is the same thing. This is not true. While pupils are generally opposed to war, most C. O.'s object only to the war in Vietnam. Another prevalent feeling is that coeducational institutions are immoral; this, too, is false.

Some Can Be Drafted

There are two categories of conscientious objectors, I-O and I-AO, explained Mr. Desiderato. Under the I-O status, the individual does not participate in the armed forces at all. He, however, can be drafted into a civil labor force and can be assigned to war duty in hospitals or other tasks such as janitorial work in public institutions. The I-AO category allows an individual to be drafted, but he is not asked to bear arms.

LETTERS (continued from page 2 column 5)

Although I am one of the thirteen pre-draft girls of the 1967-68 Cabinet, this letter is a response to the moral indictments against Cabinet in the editorial "As New Viewed," to the printing of that type of editorial itself. I will make no attempt to reflect the moral condition of Cabinet, nor will I attempt to illustrate what it was like to work with each Cabinet member. It is a flattery (black or white, liberal, I am concerned rather with the mode of unsophisticated editorializing upon which Conn. Cabinet has lately disinterred.

If I make successful use of the aesthetic vocabulary of the recent Conn. Critique in my description of the editorial, then perhaps this letter will serve a constructive purpose.

No doubt, Conn. Cabinet's editorial and a great many others that have been written since have played a stimulating, illuminating, exciting, deep and of the tell-all-rubric variety. At the same time, the "well-written" editorials on Mrs. Anna Lord Streeter and on Cabinet, both of which showed such excellent treatment of the course topic, were almost ignored.

Finally, I suppose, one must praise the editor for her en- tire essay, while she is far more forthright than Cabinet (albeit methaphorical) who have been so-called "intelligent" and "reasonable" enough to render her diatribe valuable in the realm of action, at least her editorial showed us that there are "people in this country to do anything in the name of a cause, preferably a different cause each week."

The establishment of the fellowship represents the achievement of three years of work by Mrs. Myers. She has decided that it is time for her to turn the leadership of the program over to others, and that Mrs. Myers has decided to turn the leadership of the program over to others.

Mrs. Sally C. Trippe

School's out.
And you chanted the schoolyard's freedom song.
What a relief it was. June, A million days of summer ahead. All for you.
But not for all.
Because not so long ago, there were no pencils, no books and "homework" never ended for many children.
Take a good look at that child above.
He's a very real child on his way home from a very real day's work. Photographed Lewis Hine took the picture some sixty years ago.
That boy, and thousands like him, worked alongside men and women in factories all over the country.
In some plants, the long workday wasn't enough. Men, women and children were given homework. That's what the boy is carrying.
Child labor didn't just go away one day. Most of it is gone because unions like ours, the International Ladies' Garment Workers' believed the only homework a child should do was the "three R's."
Today, the 450,000 members of the ILGWU are proud of the progress we have made; proud of our union which helped eliminate child labor and the sweatshop; which helped win fair wages and decent working conditions.
Our signature is the union label sewn into women's and children's garments. It is a symbol of progress made; and more progress to come.
To our children, and to children everywhere: have a wonderful vacation.

If you'd like some interesting (and brief) reading plus many fascinating historic pictures, send for our 64 page publication entitled "Signature of 450,000." GPO, Box 1492, N.Y., N.Y. 10001, Dept. CB-7.
President Charles E. Shain has succeeded President James I. Armstrong of Middlebury College as president of The New England Colleges Fund, Inc., an association which jointly seeks financial support for higher education from business and industry.

Members of the Class of 1970 who are interested in being on the Conn-Quest Committee, please come to the meeting Tue., May 7 at 4:30 p.m. in the student lounge.

Posters hung by the Young Republicans are still being torn down. All persons doing so are requested to please stop.

The "Million for McCarthy" drive ended their three-week monies-making effort on campus with a car wash last Wed. Approximately 30 girls washed faculty and student cars. There was overwhelming response from the faculty, but the students didn't exhibit equal support — in fact, four students and one graduate student brought their cars.

The car wash netted $62, and the total proceeds from the drive were $375, which will be sent to the Boston headquarters.
