ON October nineteenth, twentieth and twenty-first the College held the official Celebration of the Fiftieth Anniversary of its founding. In this issue we glance back briefly at the early days of the College, show the high points of the Celebration and conclude with a tribute to Miss Park in her final year as President.

Miss Park opened the Fiftieth Anniversary Convocation in Palmer Auditorium on October twenty-first with the remarks that follow.

This year Connecticut College is observing the Fiftieth Anniversary of its chartering by the State of Connecticut. An Anniversary such as this is a solemn, I think, but also a festive occasion. It is an opportunity for gratitude and for honest appraisal and for hope. Unlike many colleges, this one was founded and nurtured by the interest and concern of many, many people. From the earliest days of the Hartford committee, the leading spirit of which, Miss Elizabeth Wright, we honored at our Cornerstone Laying in October, through the growing enthusiasm for the College which was fostered in the City of New London by Mr. Buell, Mr. Plant, Mr. Palmer, Mr. Chappell, Mr. Reeves, and the Mayor of the city, Mr. Mahan, and the hundreds of citizens who contributed at that time to our first building, and down through the continuous, generous interest of the Palmer, and Plant, and Bill families, the concern of Mr. Knowlton, Mrs. Grace Smith, Mrs. Swazey, Mrs. Edward Harkness, the Misses Larrabee, and Mrs. Crozier. This great company of donors and many hundreds more whose gifts made possible the Infirmary, the Chemistry Building, the completion of our Library and Physical Education Building — all of these many people believed in the importance of this enterprise, and they gave of their substance to provide the noble buildings which constitute this College's 'physical form.'

For its spirit - for the College's spirit — which is at once energetic, humane and friendly, we are indebted to successive generations of faculty and administrators, to President Sykes and to President Marshall, the first presidents, who led the College through its early years as it established itself and its intellectual standards, to President Blunt, whose passionate belief in the education of women gave a sense of mission to everything that the College undertook, to these great presidents honor and gratitude are due. And to faculty members like John Edwin Welles, Carola Ernst, Irene Nye, Henry Lawrence, David Leib, Frank Morris, and to John Moore, Hartley Cross, and Ruth Bloomer, and to many more, this College is indebted beyond our capacity to rehearse.

The College’s Fiftieth Year (cont.)

N the unselfish devotion of our Boards of Trustees, this College, too, has been most fortunate. Miss Howe and Mr. Chappell, now honorary members of the Board, have served the College for forty-six and forty-nine years respectively, and we hope that all the present members of the Board will attain an equal longevity in their service.

Through the sagacity of its early Chairmen, Mr. Palmer, Mr. Freeman, and Mr. Putnam, this College weathered the financial storms of the time, and was enabled to continue its growth. All these friends and all these creators of the College are known to us, and gratitude has been expressed, however inadequately, on many occasions. Less known, perhaps, to the general public but well known to all of the College family, are the members of the College staff, whose concern for the College and for standards of excellence, have created and maintained this plant and, enriched this site. I think particularly of the Business Manager of the College for the last thirty-nine years, Mr. Allen B. Lambdin, whose great capacities are reflected in the beauty of these grounds and in the functioning of our plant. And I should like to mention, too, his able partners in this task, Mr. Robert Wheeler, for forty-four years head of our Grounds Department, and Mr. Glenn Chapman, for thirty-eight years Superintendent of Buildings.

Indeed this College is not the work of one man or of one family, but of many men and women who chose to give their wealth and their lives to its service and its upbuilding. Beyond a formal expression of gratitude, the College owes them, I think, an assurance that the standards in all areas of its life which have been set will be maintained and extended. This assurance it is the responsibility of the present generation to tender, but it can only, I think, be given after an honest and continuing appraisal of the College’s activities. This kind of appraisal is the particular province of the faculty and the Board of Trustees. The present reputation of the College is an earnest of their capacity to discharge this responsibility fully, and so to express in sincerest fashion the College’s gratitude.

An Anniversary occasion is also an occasion for hope—hope for the continued progress of the College, hope for increasing clarity in its goals and in its duty to society. Burdened as the academic community may be today by the guilt of non-participation, it nevertheless, I think, retains its function as the mirror to its society, as the self-conscious part of this society, where analysis is cherished and where reason is a way of life, not just a method of study.

Like other institutions here, this College has survived two world wars and the intervening depressions and regrouping of world forces. Founded in a breathing-space before an old world disintegrated in war, it celebrates its half-century of existence at a time when new patterns among historical powers seem to be emerging. If, then, it is to perform its function as a mirror for a younger generation, a mirror of the world which is clear but removed, then it needs above all clarity with regard to these forces and to their configurations.

(Miss Park then introduced Dr. Hannah Arendt, distinguished political scientist and author, who gave an address entitled “Freedom and Revolution.”)
The Early Days

Miss Ernst teaching an early French Class

1920 — Tennis Match near New London Hall
THE early faculty did more than teach the students. In addition to establishing a distinguished scholarly record, they helped to build the unusual *esprit de corps* which characterized the young college. Of the many who deserve recognition only three are pictured here — Carola Ernst, member of the French department from 1915 until her death in 1949, David Leib, member of the mathematics department, Registrar and Dean of Admissions, and Irene Nye, first Dean of the College.
1923 - Library on the March

THE first classes remember the barren hilltop covered with boulders, mud and rubble, and they know the fierce spirit which helped to launch the College. In 1923 when Palmer Library stood ready but empty, 18,313 books had to be moved out of New London Hall. The entire student body banded together, formed ranks, and literally marched the library into its new home. The move became known as the famous Library on the March, and L. Alice Ramsay '23, one of the marchers and now Director of the College's Bureau of Personnel, describes it below.

FORMATION

Picture the college hilltop on a cold, windy March day in 1923. Very few trees and not a leaf anywhere. Four hundred and twenty-one students in tweed knickers, long skirts, bulky wool sweaters, and battered raccoon coats lined up in military formation from the old gym to New London Hall. It was a day to remember — a call to arms. All the books — 18,313 of them — on the shelves in New London Hall were carried, by hand, to the shelves of the new Palmer Library. Rumor has it, according to Dean Noyes, that I personally carried the encyclopedias. Be that as it may, no one will forget the day the library was "on the march."

Then and Now - The Campus

A campus of impeccable beauty
A varied program of artistic, intellectual and social activities comprised the formal Celebration of the College's founding fifty years ago. The Connecticut Heritage Seminar, held at Lyman Allyn Museum on October 19th, examined the Connecticut tradition in the area of painting, furniture, architecture and the minor arts. The following day, faculty and alumnae members of Phi Beta Kappa and Winthrop Scholars attended a special dinner in their honor, and that evening Jose Limon and Company presented a dance recital which included Toccanta, The Moor's Pavanne and The Traitor. The Traitor was commissioned by the College.

Saturday morning's program opened with the Fiftieth Anniversary Convocation in Palmer Auditorium. A choral work, "A Prayer for my Daughter," based on a poem by Yeats and composed by Martha Alter in honor of the Fiftieth Anniversary,

was performed by the College Choir. President Park greeted the assembled students, faculty, guests, representatives of New England Colleges and alumnae representatives of every class, and introduced the speaker, Dr. Hannah Arendt, distinguished political scientist and author. Her subject was “Freedom and Revolution.”

The center of activities then moved to Crozier-Williams, where a Trustees’ Reception was followed by an Anniversary Luncheon. Distinguished guests included: John Dempsey, Governor of Connecticut, Prescott Bush, U. S. Senator from Connecticut, Judge Thomas Troland of New London, William E. Park, brother of Miss Park and President of Simmons College, Dr. Thomas Bergin of Yale, Judge Raymond Baldwin, Trustee, and Sarah Becker ’27, President of the Alumnae Association. President Park presided at the luncheon, during which the guests presented greetings to the College. Dean Gertrude Noyes and Sandra Loving ’62, President of the Student Council, also spoke. In the afternoon the cornerstone laying for the North Dormitories (pictured on pages 14 and 15) took place, and the three-day Celebration concluded with a Song Recital by Helen Boatwright, soprano.
Alumnae Honored at Dinner

Honored at a dinner for faculty and alumnae members of Phi Beta Kappa and Winthrop Scholars were four of the six alumnae elected to Phi Beta Kappa on the occasion of the College's 50th Anniversary. The election of these alumnae was formal recognition of distinguished careers. Each one has published important studies in her field and has made valuable contributions to learning. The two alumnae not present were Ranice Birch Davis '37, director of the department of art as applied to medicine at Johns Hopkins, and Dr. Mary Stephenson '43, research fellow at the Huntington Memorial Hospital at Harvard.

Alumnae present at the dinner were (left to right) Dr. Bernice Wheeler '37, associate professor of zoology at the College; Dr. Anne Williams Wertz '35, professor and director of research in nutrition at the University of Massachusetts; Dr. Dorothy Barrett '30, professor of psychology and director of guidance at Hunter College; Dr. Sally Kelly '43, senior research scientist in the field of virology with the N. Y. State Department of Health.
Cornerstone Ceremony

T**HREE** key figures in the history of the College were honored in a Cornerstone Ceremony at the new four-million-dollar North Dormitory Complex. Mrs. Mary Foulke Morrisson, Secretary of the Board of Trustees since 1938, Elizabeth C. Wright, Bursar Emeritus and Chairman of the Committee that founded the College, and Allen B. Lambdin, Business Manager of the College since 1922, were all present at the ceremony in their honor.

Miss Park conducted the ceremony, expressing appreciation for the granting of the federal loan which made the project possible. The three persons honored placed memorabilia in a box which was embedded in the cornerstone. Mrs. Morrisson placed in the box minutes of the board meeting in which the Trustees voted to sign papers required to procure a federal loan, and minutes of a recent board meeting containing a tribute to Miss Park. Mr. Lambdin’s contribution was a letter to the Housing and Home Finance Agency and a copy of the New London Day in which the granting of the loan was announced. A College catalogue and supplement, a map of the new construction area and a photo of Miss Park were placed in the cornerstone by Miss Wright.

Several days after the Celebration it was announced by the Board of Trustees that two other dormitories in the Complex would be named for President Rosemary Park and the late Benjamin T. Marshall, President of the College from 1917 to 1928.
President Park speaks during the cornerstone ceremony. With her are (left to right) Judge Thomas Troland, Governor John Dempsey, the Reverend Gordon Wiles, Sandra Loving '62, Elizabeth Wright, Senator Prescott Bush, Mary Foulke Morrisson, and Allen Lambdin.

Her Fifteenth and Final Year as President

A Tribute to President Park

The Board of Trustees of Connecticut College voted unanimously to include the following minute in the record of the Board meeting of September 14, 1961 and have a copy suitably engrossed for presentation to Rosemary Park, President of the College, as a token of their profound appreciation of her services and her quality.

Rosemary Park, a native of New England, of a family of distinguished teachers, began her education at Radcliffe — with an A.B. summa cum laude in 1927 and an M.A. in 1929. She attended the University of Cologne, Germany, where she was awarded a Ph.D. degree "with distinction" in 1934. She came to Connecticut College as an instructor in 1935. She was made Dean of Freshmen in 1941 and Academic Dean in 1945, and on Katharine Blunt's retirement as President in 1946 became Acting President. In 1947 the Trustees appointed her President.

It is very rarely that a distinguished scholar is also a thoroughly competent administrator. Rosemary Park is such a person. In addition she has a gift for lucid and beautiful speech, salted by keen wit and warmed by the human understanding and friendliness that brings out the very best in all those with whom she deals.

Under her leadership new fields of interest and activity have been developed here. The College has established Connecticut College for Men, sponsors the School of Dance, is responsible for the educational program at Williams Memorial Institute, and the President is Director of the Lyman Allyn Museum.

New buildings* have risen to meet the ever increasing demands for educational opportunity — to house more teachers and students and provide for their varied needs — and our large fund-raising effort has been successfully completed.

*Buildings erected during Miss Park's administration include: Crozier-Williams, the Infirmary, Hale Laboratory, the Riding Stable, Larrabee House, faculty housing, and the North Dormitory Complex, which is now under construction. — Ed.
Together with these practical achievements, her unerring sense of intellectual and spiritual values has revitalized the educational policies of the College and made possible a redesigning of the curriculum so as greatly to strengthen our academic program and enhance its quality.

We are not alone in our appreciation of her abilities. Witness the degrees given her by other colleges: Litt.D., L.H.D., and four LL.D’s.

HER horizons for work are wide.

In addition to her Presidency she has served as trustee of three colleges, one of them in Turkey, and of five preparatory schools. She has served on such boards as the Association of American Colleges, National Council of Churches, Institute of International Education, College Entrance Examination Board, Rockefeller Brothers Theological Fellowship Program, General Motors National Scholarship Committee, Opportunity Fellowships Committee of Award of the John Hay Whitney Foundation, Connecticut State Board of Mental Health, the Governor’s Prison Study Committee for Connecticut, State Advisory Committee of the Commission on Civil Rights, and many more.

She believes that life is a constant summons to useful, purposeful action for the common good to be answered bravely and gladly, and that “Example worketh stronger than precept.”

On September 14, 1961, Rosemary Park, having given twenty-six years of outstanding service to Connecticut College, fourteen of them as President, submitted her resignation in order to become President of Barnard College, Columbia University. It was accepted with poignant regret. The College family, trustees, faculty, administration and students will ever be deeply grateful for her devoted service to Connecticut College. They wholeheartedly wish her happiness in her new adventure.

Seventeen of CC's "originals" represented 1919 at the Fiftieth Anniversary Celebration in October, the largest representation of any class, according to Sadie Coit Benjamin, who had charge of registration arrangements. They were Ruth Avery French from Vermont; Luan Ackley Colver from Poquonock Bridge; Polly Christie of Groton; Esther Bouchelder from Washington, D. C. and her sister Laura Sharp '21; Madeleine Dray Kepes of New Hampshire (with pictures of her grandchildren); Irma Huitzler and her sister of Norwich; Mildred Keefe Smiddy of New London and her sister Charlotte Keefe Durham of New York; Roberta Morgan Troland of New London, whose husband, one of the after-lunch speakers, traced the early history of the city's successful drive for the choice of site of the new college in 1911; Marion Rogers Nelson of Norwich; Rosa Wilcox of Norwich and Boston; Virginia Rose of Waterford, who handled registration for the Winthrop Scholars and Phi Beta Kappa lunch; Jessie Wells Lawrence from Stamford; and your correspondent, according to Miss Howe's nostalgic reminiscences of the "Old Gym" — its use as a dormitory, decorated with palms and paper poppies for the dance, during the quarantine.

The July 14 N. Y. Herald Tribune carried the obituary of Mrs. Ruth Moore Morris at her home in Cuernavaca, Mexico. A writer of magazine articles for leading magazines including Colliers, Woman's Home Companion, Cosmopolitan, Red Book and Street and Smith westerns, she won a 1939 Readers' Digest award for an article on Easter in Mexico. Born in El Paso, Texas, she had also lived in New York and Mexico. A daughter, Mrs. Benjamin Fairchild, two grandchildren, and a sister, Mrs. Thaddeus Hyatt, survive.

BeaIY Rownty Poten writes: "I saw Frances Barlow Jefson in London in June. We had lunch together at Rules on Maiden Lane, enchantingly Edwardian in atmosphere. Frances and I went for 150 years. Frances is a widow and lives in Sussex about 40 miles from London. She looks very well and we had a wonderful afternoon together getting caught up on the news. It has been almost 40 years since we last saw one another in Chicago. She has two married children and three grandchildren."

On March 11 the Potens left New York by boat for Naples, flying immediately from there to Sicily, first lap of their three months' tour during which they visited many countries in Europe. Here is part of her letter: "Lilacs, roses and fruit trees were in bloom and we found this beautiful island extremely interesting. So many cultures and civilizations have left their imprint. The Greeks, Carthaginians, Romans and Europeans. All wonderful." Spanish Bourbons have all occupied it at various times since 700 B.C. We saw ruins of Greek and Roman temples and theatres and at Taormina, garden spot of Sicily own, saw Mt. Etna smoke by day and glow by night. We traveled 'North with the Spring' two unforgettable weeks in Italy, so rich in antiquities, history and beauty. We visited museums and churches in Naples, Rome, Florence, Pompeii, Perugia and Venice and have memories to last us a lifetime."

Al Horrax Schild had fun as representative of her Akron Garden Club last May at the annual meeting of Garden Club of America in Hawaii. "Ten days of fabulous gardens, houses, scenery and exotic foods. Strenuous but very interesting. She's still herb gardening and enamored of both 'Teddy Lindholm Baldwin hopes to attend the 50th anniversary doings of CC. Eunice Gates Collier ex '20 writes happily from Mason's Island, Mystic: "I am sure that everyone knows that six years have passed since we married, Jessie Mussett Luce helping us to get our license and one of the few to meet my English husband before we were married. Though we base here in my beloved Mystic, we rather commute to the U.K. We're off again on Oct. 27 to spend Christmas and New Year's. I shall have to brush up on my Dickens. As for my children, one son is married to Jean Sawin's daughter with a daughter and a house in Florida; the other married, with two children, living in Denver. But via Douc Collier, I have acquired eight stepgrandchildren."

I am so hoping that at our next reunion our union house can again be part of the program as it was for two reunions. But this is another house."

Julie Warner Comstock says their home in the mecca for family visits, is "Marion Warrow House there for two weeks before flying back Sunday before Labor Day. Marion is a chemist at the Salt Lake lab of the U.S. Bureau of Mines. She had a phone chat with Florence Ed- wards but they couldn't arrange a meeting. "Duex Coopers" (one Agnes Barlow branch), the Potats and the Coopers went over to the Cherokee Indian Reservation some 60 miles away to see their wonderful homes. "Uncle" Louis took a tour by trail to see the Indians do bead work, make arrow heads and weave. Zerely Green Page is still very busy with her office work and home duties. The next meeting of the CC Club at the home of Fuchsia Hartman Title will be a dinner meeting with Sarah Pithouse Becker '27 speaking of her role as president of the Alumnae Assn."

Dottie had a nice letter from Mid Donaldy Woods who left CC at the end of our freshman year and went on to Wellesley.

Anna Frances Loiscono and Tony spent six weeks in Europe in the spring, doing seven countries and flying most of the time. Italy was her first love. They visited her relatives in Austria. When they were homeword bound, the eastern coast was fogbound and the Boston and New York airports closed. They were flown to Detroit and had an extra day's vacation, but they still returned home in time to celebrate Mother's Day with Anna's 85th birthday.

What Happens to Our Alumnae?

THE Personnel Bureau, at the invitation of the Council for Financial Aid to Education, Inc., surveyed a cross section of its alumnae to determine what happened to them after graduation. Eighty-three colleges and universities, among them twelve private women's colleges, took part in the project.

We surveyed every fifth class that graduated from Connecticut College from 1920 through 1955, and the result showed that 37% of the graduates who reported and were employed went into some phase of educational work as against 32% who entered business and industry, and 4% in the professions other than education. Five hundred and fifty-two, or 57% of those reporting, listed themselves as housewives. Those employed in the field of education included college teachers, school librarians, social workers, administrators and special class teachers. Twice as many taught in public as did in private schools. Reported salaries in public schools ranged from $4,000 to $8,100, in private from $1,000 to $6,000, in college from $4,500 to $9,796. In five of the eight classes sampled the percent of working graduates in education exceeded that in business by 4% to 45%. According to the sampling almost twice as many graduates of classes before 1940 were in education as in business.

Students Earn Over One Quarter of Million During Summer

HOW does the Connecticut College student spend her summers — on a job, in a classroom, seeing the world, or relaxing on a beach?

Three students combined work, study, and travel while 69% concentrated on making money to help finance their own education. Seven hundred and sixty-seven students earned an all-time high of over one quarter of a million dollars ($261,833.00 to be exact) this past summer. One hundred and ninety-one attended summer schools and 142 traveled, some with the Experiment in International Living and others as members of work programs. Three members of the class of 1962 reported summer earnings of $1100 (office work with Bethlehem Steel), $1200 (secretary to a patent attorney), and $1300 (writing fashion publicity in an advertising agency). Two juniors reported earnings of $1000: one worked for the Navy Department in Washington and the other worked as a laboratory assistant at Cornell Medical School. These five girls had previous summer experience which qualified them for higher paid employment.

Fifty-one students volunteered their services working in hospitals and social agencies, and 42 or 5% of the three upper classes were at home relaxing.

In accordance with the geographical zone plan now in operation, the school will be divided into five sections, and the class of 1929 will contain news of 29 the state of Connecticut, gathered by Phyllis (Phil) Heinig. Malone, Phil went to California again with her daughter to attend an Island School session. But in the meantime she dashed across the continent in 3/5 days but she reported a "leisurely" return trip. Both Phil and her daughter teach in the East Lyme, Conn. schools. She says their school is in session on May 20, so they have to have double sessions. So the Malone's are in the classroom by 7:30 a.m.

Elizabeth (Zeke) Spier reports a busy year with all kinds of figures - math, of course. Having finished summer school work for a while, Zeke and Elizabeth (Iuto) Ulyh Lamb with a third party took a trip to Canada this past summer, specifically to Quebec and Gaspe. In addition Zeke has a new daughter - making three granddaughters and a grandson for Willie and her husband. "Vowel W. Vroom represented 1929 at the 50th Anniv. celebration on May 20, 1930."

The Horticultural Society to which Rosamund Holmes Smith belongs meets frequently on campus. While putting a flower show in West Hartford, Rodney Kline is also on the Conn. University at Storrs we learned that Heles Horget Kingsbury is now affiliated with the school, living on campus.

The class owes Isabel Cook a big debt of gratitude for the many hours she spent typing, addressing and mailing an up-to-date 1929 directory compiled from returned reunion questionnaires.

The next issue will contain news of Cleveland and points west with Norma Kennedy Mandell reporting.

banks of the Jumna River, Uttar Pradesh, India; "Today is Marty’s fourth day at Connecticut College as a member of the Class of 1965, living on the second floor room 128. We have been eagerly awaiting her first letter to hear how she likes it. We have been more than busy since Marty received word on May 24 that she had been accepted at CC and awarded a very large scholarship. We are very grateful to everyone who worked so hard and contributed to the Fiftieth Anniversary Fund, for although we do not know what fund her scholarship is being paid from, we do know that one of the main aims of the fund is to encourage the scholarship student. So thanks to all of you! We had our busiest June ever at the Study Center, with three weeks full of meetings. It is probably just as well that Jim and I were busy, for it didn’t give us time to miss Marty too much. She left Dehra Dun (where Jim and Barry run the Christian Retreat and Study Center) on June 4th to sail from Bombay. Marty reached Italy on June 9th by traveling all the way around the Mediterranean. Jim and I took time off from the meeting to go see a movie in Dehra Dun that day, bought a few snacks so that I could prepare us a private supper when we got home, and then the Center kitchen staff had all waited for us and had dinner ready. Then I was busy giving mosquito nets and medicines until late that night, as a new group had come. The next day started very early at the first meeting of the week was the heat. The rains hadn’t properly arrived, but it would rain once in a while, just enough to make the atmosphere sticky. Somehow we survived June and settled in for a busy July. We walked the banks of the Jumna so that Jim can do some fishing. The rains have just barely ended, so fishing isn’t too good, but it can get pretty hectic but it can get pretty hectic but I keep in touch with my sergeant husband Stewart and two of our new home, a pre-war four-level house in Old Faithful Heights, loading our 21’ travel trailer getting prepared for building roads and buildings. Ruth was a cub scout leader for three years when her son Charles 14 was a cub and since then she has been involved with Brownies with her daughter Ruth 10. Charles attended an experimental summer school run by the local Boy Scout. They moved to Texas with Chance-Vought and lived in Dallas three years. Then when the chance came, they moved east again and Boone is now working with United Aircraft in Hartford, a sales manager for Hamilton Standard here in the love Connecticut and especially Woodbridge, where we have a big house which we have been doing over. Our house was written up in American Magazine several years ago, but it really is quite nice and we have the advantage of our own tennis court and a big barn plus apartment. We are countryish without being isolated.”

Debbie has taken courses toward an M.A. in library science, organized their church library, and does volunteer work in the town library. The whole family is enthusiastic over tennis (Mark was town champion in his age group) and sailing, which they do on Martha’s Vineyard, where they spend August.

Note the new address of our correspondent. After a mad rush of selling our house, loading our 21’ travel trailer, getting our five tons of household effects packed, going to as many of the graduation and farewell festivities at the Coast Guard Academy as possible, we, the Paul Miner family, departed New London on June 9. Traveling by way of Niagara Falls, Greenfield Village in Detroit, the Eisenhower Center, and New York where we stayed a week with my parents-in-law, Yellowstone (where we camped for four days within walking distance of Old Faithful), and Crater Lake, we reached San Francisco after three weeks. Then came three weeks of house hunting mixed with sightseeing. Now we are getting settled in our new home, a pre-war four-level Spanish style house. The children: Roger 11, Lucy 10 and Martha 8, are finding quite a difference in the schools which are much slower in reading and arithmetic and ahead in social studies and science. I fear they may switch their allegiance from CC to Mills College, for we now live as close to Mills as we formerly did to Connecticut. The children are taking art and music there in the Fine Arts Workshop for Children, as they took art and dancing at Connecticut last year. My commander told me that we should go to San Francisco daily to the Twelfth Coast Guard District Office, where he is Readiness Officer. I am still making curtains and learning my way around, but am rapidly getting involved in church and school activities and enjoy this wonderful climate immensely.

From Palos Verdes Estates, Calif., comes a note from Alvyce (Ashie) Watson McAlister. "Our change of address 1½ years ago is our major news — American Airlines transfer. We had a house which we bought here by car with the three boys, now 5, 7 and 9. Love California and we’ve gone a bit native and are camping out available weekend in our VW Camper. Franny Smith Minnalla writes operatively: "I shall surely answer to tell you that nothing has happened since you last heard from me. There was a bright spot at reunion and conducted the class meeting with her usual Helen Hokinson aplomb. Franny added: 'Mac Cox Walker and her Sally visited me at Kelly's and for a wonderful time. I believe she and the boys were smitten.' Fran's life as a congresswoman is a truly busy one, and from this side of the stave, it sounds exciting. Back East is Pegg Ryce Packer, now living in New Jersey. 'On January first Jack left his mutual Fund Manager's job in Minneapolis to head the research department at C. J. Lawrence, a New York brokerage firm. We've moved from the Phoenix, camped temporarily with my family and now rent a house in Waldwick, N. J. In April we were very disappointed to lose our first baby, born prematurely at 6 months, and currently readjusting to the East and checking the nearby area before buying a home. We are sorry CC will lose Miss Park but proud of her appointment and First Times editorial comment on same."

"We are loving every minute in Hawaii," reports Barbara Pjobil Bynside, "and are kept busy with golf, gardening and as much time as possible at the many beautiful beaches. I solve my conflicts with some church work and a Navy Relief job for all the hours I spend pleasuring myself. Kenny Hewitt Norton arrived last month and lives two doors away from me. Wonderful sight seeing again and meeting her family. She caught me up on news of '44's reunion which I was sorry to miss. Ben still working for Adm. Felt and both and both of her things." Barbara's neighbor, Kenny Hewitt Norton, writes: "Savie (Helen Savcool Underhill '45) stopped here on way with husband and family to Malay. Jerry commands a fleet oiler."

Shirley Wood Schroder's husband Eric is in the financial department of Nordberg Mfg. Co. in Milwaukee "and we are still directing traffic for five daughters from 15 down. We have added another son, Robert 9. We have a house built on the river and spend a lot of time on the river, as we are ardent sailors. Last spring I helped organize a school for retarded children which we incorporated in March. I became interested in the problem through my Junior League work and it has been a struggle but a most satisfying one. I am Educational Director, a big title which means merely that I keep the records, hire the teachers and mostly arrange transportation for the 20 students. This, plus Girl Scouts, Mental Health and Cerebral Palsy Board work, keeps me running in the usual circles." Shirley and her family live in Racine.

Brushing up on her teaching skills is Norma Pike Taft, who writes from White Plains, N.Y.: "Taking a refresher course on teaching, a stiff course in educational TV which I'd like to work on, seriously. Charles is 14 and all at once the head of Jr. High Bowling Club and Debating Team and in Sunday School with the actor set"; and a two-week vacation in Japan with son Bill 14. Lois commented that Japan is in a terrific boom period. "I don't know if Japan is still fashionable or not but I feel we need to go. We don't need us or want us — everyone is well fed and well clothed — every square inch is under lush cultivation." Lois is teaching the same classes as last year. Solid geometry. Alg. I, Alg. II, and chem. at Fordham.

Mary Bors King now has five children: Michele 3½, Gail 1½, Henry in grade 4 and two older in junior high. Mary's husband is on the staff of the War College in Newport and is working for his masters. "We are loving every minute in Rhode Island, going up to a mother-daughter field hockey game soon. "Life is full of a number of things," writes Jody Ferry Gates. "Four daughters ranging from 13 to 8 mos. and a five week trip to Europe with her mother and father, enter挂钩. Odell. Also have a son at A. & M. and Council of Churches Conference for her father. "A seemingly impossible thing for me to do was made possible by my sister, two aunts, plus my unhassful husband. It was a fabulous adventure for me — France, Germany, Denmark, Finland, Sweden, Russia, way, and England." Franjiie Fisher Aben's husband keeps busy with his own industrial supply business and she with her four boys and 3-year-old daughter. She still finds time to work on her master's degree in education. Tereboda Grogins Deland reports that all are thriving after a summer of swimming, sailing and tennis at Squam Lake. Last Christmas Adele Dalze Zins and family chartered a 35' Chris Craft and motored through the crystal clear waters of the Bahamas. Jim 13, Jacqueline 8 and Judy 4 were crew. In the spring of 1960 Adele and husband beach combed in Chile and the iron curtain into Czechoslovakia. "The trip was most exciting and also depressing. Life there is militarized." In between these trips Adele is taking courses at City College. Paige Conwell McHugh lives in Merion, Pa. and husband is Vice-president of Chemtronics Inc. in New Bedford. Barbara Caplan Somers is teaching English in 7th and 8th grades and wife of Lawrence. Marjorie Bolton Orr has moved to Bloomfield, Mich. She and Bob like it very much but miss their friends in Fairfield.

Lee Anne Smigl of Deane Austin Smigl and her family boys 10 and 7 are looking forward to a vacation in Maine fishing. She is now back at work as program chairman for PTA and chairwoman of Interest Groups for Sisterhood. Lee's husband is active as a basketball coach for Romeo Boys. Liza De freitas Johnson is continuing to develop her import business. She and her 11-year-old daughter, Diane, had a delightful six week trip to Portugal this spring. Bruce, her husband, has the same job and is tak-
ing flying lessons to get his instrument rating. Douglas is in junior high and they are all, except for Lygia, eagerly looking forward to skiing season. Lygia did a lot of sailing this summer and has now started a French course at U. of Calif.

CORRESPONDENT: Mrs. R. Leonard Kemler (Jean Rosen), 65 Norwood Road, West Hartford, Conn.

We continue the report of class reunion. Nancy Noyes Thayer came all the way from Winnetka, where husband Bruce is in the industrial truck business. She is busy with Jr. League, golf, choir, and attending to the needs of Betsy 9, Robert 7, and Emily 4. Two more Winnetkites made the trip to New London, Mary King Urban and Lorraine Pinion Simpson. Mary and husband Robert, who is advertising manager for Brach candy, are the parents of David 7, Michael 6, Nancy 5, and Elizabeth 3. Lorraine did a wonderful job of keeping our class financial records straight, and we hope she succeeds in making ends meet.

Nora King Reed and husband Jack live in Madison, N.J. Jack is district manager for the electrical control instrument concern, Leeds & Northrup. Nora has four children: Cathy 15, Jacklyn 11, John 9, and Dan 8. Jane Marie Matteson and June William Weber are living in Mountain Lakes, N.J. Jane is busy with four boys, Leonard 10, John 9, Chad 6 and Allen 4, and depending on the season, skiing. June has skis but her husband Joni is with System Development Corporation, which deals mainly in government contracts.

Jean Abernathy Dake does all the art work for the Jr. League and the Monmouth Arts Foundation. She and Alan, who is in the plumbing and heating supply business, Gall 7 and Ellen 6 live in Rumson, N.J. Alan plays golf — "Well," adds Nancy Noyes Thayer, Margret Strick Milby probably has the shortest trip of all. She and husband James are Niantic, where she is teaching first grade full time. Her children, Margaret 10½, Lees 8½ and Gordon 6½ are all in school. Peg is half way towards getting her M.A. at Willimantic State Teachers College. Her husband Daniel is in the real estate business in the New London area.

Maxine Kaplan Friedman just got her M.A. in education at NYU. After spending 2½ years acquiring same, Maxine is content to relax and enjoy her children and house for a while before putting her new degree to use. The Friedmans live in Larchmont. Harold practices dentistry in New Rochelle. Don 11, Yady 9 and Andy 8 round out the picture. Consuelo Nichols Prost, husband Harold, who works for Hartford Elec, Light Co., Parker 15, Stanley 11 and Consuelo 9 are living in Torrington, Conn. Virginia Pond retains the distinction in the biology division of the Atomic Energy Commission Lab in Brookhaven, L. I. Ginnie finds her work fascinating.

11, Larry 9, Liz 6 and one parakeet. Other returning 47ers were Joan Albrecht Parsons, Shirley E. Bodie, Elizabeth Bogert Hayes, Margaret Camp Boes (and husband) June Coulter Merz, Janice Damery Miner, Elizabeth Hoar and Lura Hoar, Lulu Harkness, Lucia Holle Leffert (a superabundant chairman), Effydia Jenno McGowan, Elizabeth McKey Halbert, Joan Perry Smith, Janet Pink Welti, Ann Riley Browne and Nancy Van Nostrand Hazuzz.

The pressures of buffet supper in Crozier-Williams made the trip to the auditorium, picnic lunch, Oean Beach, a faculty reception, the banquet and gab sessions in Grace Smith Pruden relieved a little of our balancing act, so we were able to appreciate the beauty of the campus, especially the buildings new since our day. A personal reminder of passing of time was the approximately 15' height of the laurel bordering the steps to the Arboretum.

They had a pleasant summer with brief trips to New York and Vermont and their first family camping trip. Abbie is in second grade and taking ballet. Bruce is 4. V.'s Virginia Anne and Nicky are in 4th and 1st grades respectively. A.V. is in church choir, a Bible study group, is active in Brownies and in a group which is sponsoring a Dutch family of Cuban refugees from Indonesia. Shirley spoke to Pat Dole Pearl on the phone when Pat was in Scarsdale visiting her family. She and Jim, Peter 6 and Detridce 2 are very happy in their new brick home in Martinsville, Va. Jim doesn't have to travel as much now for his furniture business, which makes Pat happy.

Larry and Lee Pope Miller are in Providence, R. I., where Larry is headmaster of a day school. His work is in fund-raising and running everything from food-runs to running a sick child home in his car, but he loves it. Fred and Edie Aschafenburg Wilhelm are enjoying country life in North Granby, Conn. Margaret 4 and Kathy 2 are very happy seeing Grandpa's pigs, cows, chickens, and riding haywagons or picking strawberries. Edie is busy with church activities, choir and home.

Maggie Millichen Tyson travelled east with the three boys for six weeks while Ralph took a Wall St. training course for his new job with Merrill, Lynch, Pierce, Fenner and Smith. After a week in Wilmington with her parents, Mrs. William, Maggie took Mark 5 and John 8 by train to the big city where they met Ralph and saw the Empire State Building and the U. N. They went up to Stonington, Conn. to Dan and Kay Singer Fuller's beautiful home overlooking the sound and had a wonderful July 4th visit. Kay's time is consumed managing her large home, transporting four children to their respective activities and continuing art lessons. Dan is very knowledgeable in the construction of his new dry goods store to replace the one burned down by the pre-Christmas fire that swept

through Mystic last December. On July 6 Maggie packed the boys and their sleeping bags into the station wagon and drove to Cape Cod in search of a summer retreat that is mailed to her bills. Maggie’s next stop was at Beth Campbell Foster’s in Rye, N. Y., where they stayed overnight and had fun getting caught up with news. Joined by husbands, they traveled to Canandaigua, N. Y., about a mile down the road from Bev’s. They were treated to an outdoor pizza supper in Podesta’s magnificent garden. Tyson spent three days as guests of the Podesta’s highlighted by a trip to Playland Amusement Park, which the boys and Sandy Podesta adored. Maggie spoke on the phone to Jean Wier McConaugh, who was apartment hunting in New York and selecioning routes to summer. In August Maggie returned to her folks in Wilmington. During her stay she contacted Mary Alice Clark, who is secretary at the DuPont Experimental Station, and they had dinner without children at her favorite Italian restaurant. Maggie’s mother helped her with the return trip to Michigan. Their first overnight stop was in Underhill, N. Y. with Bobby Kie Yeager. They were on their way back the next day via Niagara Falls and Canada after six wonderful weeks of travel with nary an overnight in a hotel or motel. Including a phone call from your correspondent while she was at Yeager’s, Maggie spoke to or saw nine class members. She is busy in Birmingham now teaching an adult Bible study class and finds that it is little different to hit the books again. She is attending Potsdam Teachers College in Potsdam, N. Y. Emmy LaWalt Hartley says they are all very sad that Jim and Caroline have moved away, as the Moores provided them with all their animals, one dog, three cats. Ruth Fajoy King spent August alone with their four boys while Alan was on tour with a soccer team in Germany. Ruth enjoys country living and manages to keep busy with PTA, Faculty Wives Club, church activities and substitute teaching. Bill and Barbie Bohman Pond have moved from Rochester to Murray Hill, N. Y., where Bill is as yet in charge of investments for the Summit Trust Co. Barbie says that one of their favorite hobbies, camping out, is proving more difficult in this area.

Novel Smith and Wendell moved to Cape Cod in June and Wendell is free lance dancing. They live in a 160-year-old house with their three children, 5, 6 and 7, who are all in school. Betty Anderson Calhoun and Bill and their four children, 8, 6, 2, and 1, moved to California. They have been living temporarily in a two-bedroom house in the American Embassy compound until their four-bedroom house is redone for them. Betty was hoping that they would get moved before the rainy season started, but it did sound as if those two maids and many dinner parties they would be expected to give in their larger quarters had something to do with it.

Hal and I attended a house-up-the-river that the Conn. College Club of Cleveland had as their fund raising project for this year. Lucky Sller Victory was in charge of donations, and we saw Eddie Barnes Barnhard and David, fugitives from NYC, recently moved to Cleveland who have a jazz band and all you could drink, and it was a marvelous party, so good in fact that your correspondent sprained her ankle trying to do the Charleston.

Gracie Smith has gone back to school to get an elementary teaching certificate and finds that it is little different to hit the books again. She is attending Potsdam Teachers College in Potsdam, N. CO-CORRESPONDENTS: Mrs. Frank L. Adkinson (Susan Little), 40 Corte Tolucia, Kentfield, Calif.

Mrs. Ross S. Shadle (Mary Clark), 53 Beach Drive, San Rafael, Calif.

MARRIED: Carol Baldwin to Carmen Cicero on June 17 (They are living in Englewood, N. J. Carol is still elementary school teacher in Englewood and showed some of her etchings in a New Jersey Show of New Jersey Artists in May. Carmen, too, is an artist and teaches at Sarah Lawrence).

BORN: to Ing and Grace Lee Oel a third child, second son, Melvin E., in January; to Thomas and Marjorie Neuman a third daughter, Margaretta Ellen, on June 12 (Marjorie writes enthusiastically of the British National Health Service which enables the two to have their baby at home with a housekeeper for two weeks afterward. Mary Lou 6 attends second grade in the village school and Betsy Anne 3 helps mother. The Goslings enjoyed their short sojourn in Kenya over the close to paradise as I’ll ever get” as far as their physical beauty is concerned — but are glad to be back in England. Tom is now working on a titanium dioxide plant for Westinghouse in Australia, where the whole family will be living in fine style. Elder and Anne McLean Russell a second daughter, Sandra Barker, on June 14 (Susie 2 talks incessantly and very clear and enjoys playing by herself in a nice back lawn fenced-in by her Daddy); to John and Nancy Todd Kearns Morris a fourth child, first daughter, Melissa Ann, on June 25 (big brothers Danny, David and Todd think their baby sister is just great); to Russell and Elsie McIntosh a fourth child, second daughter, Jane Ellen, on Aug. 5 (Gilbert 8, Betsy 6 and Curtis 3½ are the Palmers’ older children. Although Elsie spends ¾ of her day chasing Curtis, she does volunteer work at the Jr. League Clothes Closet and is a new member of a garden club); to Marshall and Lois Papa Dudley a second child, first daughter, Elizabeth Margaret, on Sept. 6 (Marshall served in the House of Representatives this past term and also maintained his law practice in Guilford. Marshall Jr. 3½ is in nursery school. The arrival of Elizabeth sponsored a luncheon at the Delamar, from Great Books — her seventh year — AAUW, JC Wives, Red Cross, etc.); to James and Ann Gorbke Alpine a third child, second son, William John, on Sept. 26 (Mother’s condition kept the Allibiers pretty close to home, although they did manage a vacation on Lake Michigan during July which thrilled Tom 6 and Sara 3).

From Holly Barrett Harris: “My husband enjoyed their education the hard way, working full time and building our modest Connecticut home by himself and going to school as well. When he finally accepted his B.S. degree, he had three children. He has just received his Master’s in Education and they are four children strong. After being head of department in his field for two years, he has been forced to uproot and find another position in Arizona because of our children’s health. At the same time, he is Boys’ Guidance Counselor at the senior high in Prescott. . . . We sponsored a Japanese girl who wanted a college education here in the United States. Yuki graduated with highest honors from Laurel
Crest Academy in Bristol, Conn., and now has a full tour-year scholarship at the University of Hartford. "We are considering taking a Columbia tour, which wishes to attend school in Arizona."

Helen Hayes Keith's husband George is area sales representative for an industrial and steel supplier and is on the road all day. Helen finds it quite a switch from the days when he used to get home for lunch.

The constant battles between Donna 9 and Kathy 7 and the desperate escapades of Bruce 8 and David 7 must now be coped with by mother. When we requested information from her on some classmates, she was about to tackle a mountain of mending, figuring that it wouldn't do all for the daughter. It keeps the PTA president (George) up in short order at school. Helen occasionally chats with Tommy Eighty Jones whose husband, Bob, has his own insurance and real estate business in Stonington. They have three boys, 5, 1, and 1.

Duncan 7, Bruce 8, and David 7 produce the Niantic Newspaper. Their other production is Heather 10. Ann Monje visited the Keiths last summer. She is in a new position — "different and somewhat undefined because of ongoing international relations and the Foreign Policy in NYC. Ed and Jean Malvaney Wilicis are still in Keene, N. H. with their son and daughter.

Bob and Carol Crane Stevenson took Robert 9, Jeff 7 and Lyon 3 last summer. After two weeks in Connecticut, they toured Independence Hall and got their son before heading home to Detroit. Carol writes: "My husband is Robert Louis Stevenson, a descendant of the same but my Bob channels his creative efforts into interior decorating for Hudson's Dept. Store. He's also branching out into Debuts and weddings — loads of fun." They had a visit from Barbara Biddle Gallagher en route from Denver to England. Paul has a Fulbright for exchange teaching for third grade at school outside Birmingham, Scotland, 3 and London, 4, and is currently working on a year's leave in Geneva. "Otherwise all is typical," wrote Clare Peinmok Hilganster, when she said that statistics remain the same. Big Andy, president of the family marble company, and small Andy 3 keep her happy and busy.

Mary Lou Sellers Rubenstein decided to come out of hiding and filled us in on all news from 1950 on. Marriage to Dan, a social worker, and receipt of a master's in social work from Penn, were practically co-incident. Nancy 6 is in first grade, and Matthew 2 is "talking for himself," proving Negro ghetto from developing in nearby Marl- verne') and is a Democratic block captain. Dan is also active in politics and education.

The family enjoys camping, short jumbos and a five-week vacation each year and finds them all over New York, Connecticut, Pennsylvania, and Maryland.

Dana Smith Jones writes fondly and glowingly of Manila, where Ronnie is with the National City Bank of New York. A most rewarding part-time occupation is her job with the archaeology department of the National Museum, classifying finds and occasionally digging up a grave or two. She also plays tennis, sails, hops over to Hong Kong for short visits, and enjoys playing polo. At another point of the compass Edwae Bush is to be found. She now calls Rome home, whither her job with the Encyclopedia of World Arts to be published by McGraw-Hill has transported her. Roommates, relatives and family are now in Teheran, Iran, where Bayard is opening an office for Carborundum.

After three years of duty in Newport News, Randy and Josie Frank Zelov, Roddy 9, Charenton 7 and Peter 5 were heading back to New London. Josie writes: "We really hate to leave this wonderful community, but it was time we got involved in PTA, cub scouts, vestry and choir at church, a newly-formed Naval Officers' Wives Club and helping in the established of a pool and recreation area made us feel as if we were contributing something in our small way. Albert and Nan Lou Parliament Hawkes were enjoying a vacation in France and Spain according to a postcard from Paris. They were on the way to the chateau country and some bullfights before heading home to the children in Deerfield, III.

Ex '50: Mary Oldham McMeekin is living in Lima, Ohio, where Charles is engineer- ing project manager in the Aero-Space Dept. for Westinghouse. Their boys are Charles 9, Jim 7 and John 4, which means that cub scouts and chauffeuring are Mary's chief activities along with a church guild, Great Books group and bridge club. She saw Gene and Tinker Hunt Mezger in Detroit in June before the Mezgers moved to Lakeland, Fla. Don Drift, Fergarson couldn't get over how New Englanders couldn't wait to get onto a vacation trip east this summer. Obviously she's a true mid-Westerner now. After many years in newspaper work Gary is consultant for a public relations firm in St. Fox at the school attended by Arthur 11, Frances 9, Robert 7 and Scott 4, Julie Spencer Porter, Spence 8 and Mary Stewart 3 and Sandy are leading a quiet rural life in Vienna, Va. Sandy has his own law office there and also works 54 days per week on arbitration for Beth- lehem Steel in Washington. Julie un- doubtedly echoes the sentiment of many of us when she writes, "I wish I could go to college now and have half a chance of really understanding something I'm being taught," daughter Judy 14.

Daughter McLean Furstiel writes that Barton and Doris Erkhardt Proctor live in Larchmont with daughters Kathy, Betsey and Susan. She also hears occasionally from Bob and M. J. Redder, whom they found in their farm in Sao Paulo, Brazil. Their three children are David 7, Susan 5, and Cristine 2.

The class extends its sympathy to Peggy Daffy Drayton ex '30 and her three children whose husband and father Walter was killed in an airplane collision last December.

CORRESPONDENT: Mrs. Robert P. Katz (Claire Goldschmidt), 143 North Whitney St., Hartford, Conn.

BORN: to Leonard and Sheila Albert Rosenzweig a second son, Andrew Evan, on June 12 in Freeport, N. Y., to Edward and Mary Ann Best Murphy a third daughter, Susan Eileen, on Aug. 12 in San Diego, Calif.; to John and Amity Pierce Buxton ex '51 a first child, Pierce Alfred, on June 10 in Paris, France.

ADOPTED by Earl and Louis Hill Carlin a first son, Hill, on Aug. 1.

Matthew was born on July 4.

When Pierce Alfred Buxton was born, John and Amity were on an extended tour of Europe. They planned to show their baby off to his paternal grandfather in London as well as to the Pierces in Detroit before they returned home to Sausalito late in August. Louis Hill Carlin reports that baby Matthew's charms far outweigh all her previous "do good" activities, and she is presently planning to stay,domesticated in the delight of motherhood, that most worthwhile activity. Despite a very busy summer, Sheila Albert Rosenzweig managed to squeeze in a week's vacation of golfing. Sheila's older son Seth started kindergarten this year, giving him his usual excitement and anticipation. Reversing the expected fall trend, this found Vaughn Grosner Spirtbun temporar- ily resigning from politics, Sunday school, substitute teaching, etc. in preparing for the arrival of their fourth offspring. They have three boys, 3, 5 and 7.

News came in September that one of our class politicos, Elaine Feuerstid Perlman, won a New York district leadership in the Yorkville area of Manhattan by defeating two other candidates. Elaine was on the Robert Wagner ticket; her opponent was supported by the DeSapio forces. You will recall that Elaine is no newcomer to politics, having served as New York campaign manager for Sen. Estes Kefauver in his 1956 presidential campaign. She and Julian are both attor- neys.

While chatting recently with Sue Brown- stein Brody, I got the details of their recent trip abroad, combining a vacation with her husband Marvin's attendance at the third convention of the International Federation of Obstetricians and Gynecol- ogists in Vienna late in August. They flew over to Europe, took a few days in Spain first, then to Sausalito late in August, then visiting Greece and Israel. They ended up at the medical convention in Vienna, where they clamped as much as possible into their four days. Flying home in time to start their second son off to kindergarten.

John and Joanne Willard Nesterak had as their guests in October Don and Judith Shepherd Fred and their two boys. Jus still feels some of the effects of her last spring's bout with hepatitis, although she has for the most part recovered. On their way home, the Fredds stopped to have dinner and a good visit with Walt.
and Betsey Colgan Pitt in Glastonbury. Talking with Betsey, I found that she and her husband are ski enthusiasts. Last summer they sold a small piece of property near Sugar Bush in Vermont and plan a year-round cabin which they trust will be begun this season. In spite of a five-hour trip there and a young Betsey hopes that several weekends can be spent skating.

I extend the heartfelt sympathy of the class to Helen Paulevich Twomey, who lost her mother in October.

CORRESPONDENT: Mrs. George M. Covert (Norma Neri), 49 Blueberry Lane, Avon, Conn.

Barbara Scheib Brazili retired from six years as a social worker in child welfare when daughter Susan was born three years ago. A second daughter Lynn is 1 1/2. Two years ago the Brazils bought a house in Larchmont from which George, a dentist, commutes to his office in Mill Valley, Calif. in response to congratulations on the arrival of son Arthur "I made a fuss over our babies. My heart was in their little mouths." She always plans a party for the new baby, adds that Jack has joined the family at their Brookline apartment in an old carriage house; to Chuck and Jane Daily Crowley a first child, Tracy Ann, on Aug. 2 in Wallingford; to Kenneth and Jeanne Preis Sanborn a second daughter, Lorraine Ann, on Apr. 30 in Sturgis, Mich.

Dick and Jeanne Williams Hartley are settled in Syracuse where Dick is working for Nancy Garland Boes' husband Bob, specializing in Navy Sales at GE. As former shipmates in San Diego, the two families are continuing their close friendship. Jo was present at a wonderful reunion in New Haven last spring with Jan Smith Post and Barbara Blanchard Alvey, both ex '54, and Cara Fanning Rehberg. In true dormitory style, they stayed up all night "getting caught up."

Loie Keating's always busy schedule took her to Washington in July where she saw Norma Hamady Richards and Mary Lee Larsen. She had a visit from Peru just before the trip. Loie reported on her trip

Loie Keating's always busy schedule took her to Washington in July where she saw Norma Hamady Richards and Mary Lee Larsen. She had a visit from Peru just before the trip. Loie reported on her trip
to Alumnae Council weekend as representative of her local club. She stayed with Libbets Alcorn Holt and was glad to see Ann Spencer, who had an all-too-brief chance to visit last March in Youngstown, Ohio at the home of a mutual friend. Mary Ann Marshall and their two children live in Newcastle, Pa. Another pleasant surprise for me was seeing Wig Teckemeyer Allison at a picnic of the Southern Maine CC Club at Portland last spring. Wig and Jerry were busy with Jerry's students at a Portland boys' school and with their dog, who had just been blessed by the minister. By the time you read this column, the Engles hope to be moved back into our house in Connecticut. We have spent most of the last four months commuting there on weekends so that this remodeling plan is underway. Although Ray's ship, Thresher, will not move to New London officially until late '62, we've decided to enjoy life in our own home again.

The class extends belated sympathy to Brooks and Carol Lee Blake Joyal on the loss of their second child within a few weeks after birth.

On behalf of the Alumnae Assoc., Neeta Byerly wishes me to extend thanks and appreciation to all the members of our class who contributed to the 50th Anniversary Fund. Neeta works as a systems service representative for IBM in Hartford and had a most interesting vacation this summer in the West.

Connie Silverman Greiser, her husband Dick and their two very active boys, Jim 3 and Eric 1 1/2, are busy furnishing their colonial house in Waban, Mass. They spent the summer coaxing flowers and vegetables to grow in their garden, only to find that they are competing with brussel sprouts.

Rachel Child Prud'homme had a most interesting vacation this summer. She was married, worked with the British Foreign Office producing radio programs and films and was sent to London on an assignment. Mary Lu Breekriddle Fennell, Tom and their two daughters, Peggy 5 and Carla 4, have returned from a year of living in Tanzania where Tom has been teaching under the Fulbright teacher-exchange program. On their return on the new liner, Canberra, their ports-of-call included Freemantle, the Mediterranean area and Southampton. While the Canbera passed through the canal, the Fennells toured Cairo and the Pyramids. The experience was a most rewarding and exciting one for the entire family. After six years of living in Connecticut, Harry and Barbara Dene Oldfield have been transferred by the Coast Guard to Marine Inspection in Norfolk, where they are building a house. The Oldfields have moved to Delaware, Beth 7, Vicki 6, and Bonnie 2.

Summer has come and gone practically without recognition in Ipswich. Our activities have consisted of an automobile accident which resulted in a spinal disc operation and many weeks in the hospital for Charlie. The nicest thing to happen since our son Christopher 1 1/2 was born was the arrival of Melissa Goss Simonds on June 27. Everyone is almost back in shape as we settle down for a cold New England winter.

Until Gal Wieland Stewart and Bud moved to Boston they saw a lot of Jack and Cindy Staufer Spindle and Bruce and Betty Wolfe Biddle in Philadelphia. Bud is now at Mass. General Hospital doing his surgical residency with about three years to go. Sue Hirth, whom we have seen recently, reports that Jack and Molly (Molly’s first name) are enjoying life in California. Joy Peterkin Rain’s husband, who works for General Foods, is about to be transferred to the East coast, so Westchester County has a new family.

Any number of ’58ers have come through New York recently. We saw George Summer Wallace for a few days. She and Dave were East on a business and pleasure trip. Carnahan spent some time in Hartford and saw Cassie Clark for lunch. She says Cassie is fine, busy with various plans for her job. Carnahan is unemployed, or should we say "retired," at the moment and enjoying it very much. Flo Potter Wallace appeared one fine summer afternoon for some tea and tea. She had just come back from Europe with her little niece who had been on vacation with Flo and Gordon. We compared rents and techniques for diapering babies.

Al and Sid Wrightson Tibbetts have moved to Waterville, Me. Al received a first-rate promotion which was the reason for the move, and they have bought a house there. Judy Johnson Vanderbilt and Gerry had a busy summer. Lee has been working on her French homework and Ed will be associating with foreign representatives as part of Ed’s job. Our bi-lingual classmate, Arline Hinckson Salinger, has returned to the USA after two years in France. She and Georges are settled on Long Island at the moment. When we saw her yesterday she said that Georges was going to be drafted into the American Army in a few months. It seems that France and the United States have a reciprocal agreement which allows Georges to fulfill his military obligation in this country. Arline is really bi-lingual. We heard her speaking to Georges over the phone. The Medjames Salinger, Mary Evans Winkler, Mere Evans Salinger, and Carol Reeves Parke had an all-day get-together a few days before Missee left for Brazil for two years. It was a smashing success; we decided that nobody had changed a bit; the kiddies (three of them) behaved beautifully, and our husbands all got their dinners very late. Marie’s husband Doc is no longer in the Navy but works at the Underwater Sound Lab in New London. Fall excitement at the Dodgler House included the annual Halloween dance. Rive and Dick Parke have moved to a cavernous old West Side apartment in New York, complete with a quiet little boarder in the back room to help pay the rent. The living day was about 36 feet by 24. Betsy was born, but we have recovered almost. The most recent addition to the family is a small blue bird with an amiable disposition named Higgly, a replacement family is a small blue bird with an amiable disposition named Higgly, a replacement for Mrs. Cadwallader who flew out the morrow named Higgly, a replacement for Mrs. Cadwallader who flew out the window a couple of weeks after we moved. At the time we could hardly blame her. We will spare the class other details and adventures (for example, the Battle...
of the Bugs) and leave our travails to your imaginations. Those who have moved (most of '58) will understand us...
