NANCY MORTON will be the agenda. Come to participate in our discussions, watch our movies, and help build up our program.

New Talent Is Vital
To Wig and Candle

EWS

Press Board Girls Aid CC Publicity

Press Board is the student organ of the college publicity department. The aim of this group is to spread news of Connecticut College as far and wide as possible. To accomplish this, members of the board gather information at the entrances of college events; other members are paid correspondents for papers in cities having college communities. At the college, present Press Board has correspondents for two Hartford newspapers and for the New London Day.

Music Club Offers Varied Activities

Music Club is open to those who have talent or ability in the field of music. It involves all who are interested in furthering musical activities on campus, or who are interested in learning more about music both from professional students and from professionals.

Outing Club Plans Many CC Activities

Every student is a member of the Connecticut College Outing Club, and is therefore eligible to attend any outing or supper. Sign-up lists will be posted on the CCOG bulletin board near the Music Hall. The agenda for this year promises lots of fun with local cooking, square dancing, and the popular Friday night supper at Buck Lodge. Members of the outing club from Yale, Trinity, and Princeton will visit us at CC.

Press Board Girls Will Hold Tryouts

Do you like to dance? Do you have an interest in music and develop your talents? If so, the Modern Dance Group and the CCOG are the groups for you! Many members of the group are currently married to current students in France. If you attend any of these groups, you'll be able to provide the group with the services of the Outing Club, which is an important part of the CC Club.

Wig and Candle is the literary magazine of Connecticut College. It is published twice a year in the spring and fall. The magazine is open to all students, and is sponsored by the college. The magazine is published by the college and distributed free of charge to all students. The magazine is read by a large number of people, and is one of the most popular college magazines in the country.

Future Editor Transfers To Northwestern After Marriage

**Participate to Belong**

Participation is the essence of collegiate existence. With this in mind, the first issue of NEWS 1951-1952 is dedicated especially to the students of 1956. Students will mark number one as long as education remains the justification of colleges and universities, but extra-curricular activities offer, we feel, some part of the necessary expansion beyond books and classrooms.

The warm feeling of worthwhile "belonging," being a real part of Connecticut College, is an end product of a successful four-year course of participation in every phase of campus life—academic, social, and extra-curricular, but the satisfaction obtained is worth triple the effort. "Belonging" means that you have reached a point of integration with your surroundings, and that you are giving as much of yourself as the "college"—including faculty, administration, and other students—is giving of itself. Transferred into post-college existence, this can be the key to the life toward which all college students are striving.

Somewhere on this campus is at least one activity which suits you and which you will enjoy. But it may not be a result of contact. This traditional "Freshman Issue" of NEWS has tried to present several of the possible activities you (we feel) will be warmly welcomed and will stay (we hope) to become part of it. —JWA

**Bloodmobile to Be On Campus Oct. 23**

On Tuesday, October 23, the Red Cross Bloodmobile will be on campus looking for donors from students and faculty. Sign up at now, before the available drives run out.

**Service League Is Sponsor of Drives**

In order to carry on all of its social and service activities, Service League needs the help of all of you! Service League is a non-profit organization which carries out all of the charity drives, local social services, and other social activities in the college. It is an important and vital cause and everyone is expected to participate. We hope that students and faculty will be appreciated.

Let's make that quota! League is to assist in the welfare of students a chance to become active in the work and get experience.

**Glee Club Active In Many Concerts**

The Connecticut College Glee Club, which is usually made up of about seventy-five members, participates in concerts with other colleges and takes part in church services and the annual Christmas Pageant. Plans for this year include a concert with Trinity College which will be presented in the new auditorium in the College of Schenectady, New York, in April, and a second concert with an orchestra in November. The annual fall concert with a group from Union College will be held in Learned House.

**Radio Enthusiasts Sponsor Programs**

To all of you at college the Radio Club offers an opportunity to gain worthwhile experience in the various techniques of broadcasting. Faculty members, students, and guests of the college participate in weekly programs under the direction of Mrs. Mary of the Speech Department. Anyone interested in announcing, handling the microphone, and cooperation from students in which the girls take a very active part can become a member.

The Radio Club features two types of programs. One kind is received on a tape machine and recorded and is sent to New London. Norwich, or Hartford stations to be rebroadcast. The other type of program, begins the same night it is sent directly from the campus. Sometimes the shows take the form of interviews with guests visiting the college; at other times they are patterned after disk jockey programs.
