Directors of Arboretum Discloses Connecticut College Hopes to Acquire Mamacoke Island

Dr. Goodwin Announces Appropriation of Sum To Make Idea Possible

Mamacoke Island, a 40-acre wooded hill situated in the Thames river, just north of the City of New London, is the site of an arboretum. The value of the land will be determined after purchase of the property. The Connecticut College arboretum, it was recently announced by Dr. Richard H. Harkness, director of the arboretum.

The acquisition of this land is not merely to increase the beauty of the college arboretum; it is the ability of the advisory committee of the arboretum to raise the required $500,000. It is hoped that the purchase of the property will bring the arboretum territory to almost 300 acres. Mamacoke lies nearly 120 feet above the level of the Thames river and is surrounded on two sides by shallow cliffs.

Land Available

The land will be available for use beginning in the fall. It is a large tract of land which would be suitable for a study, "It will be a place people cannot reach by car or by boat. It is being judiciously kept, and it would be a wonderful thing for the students to use in the arboretum."

Before colonial days, Mamacoke Island was an Indian camping ground. In later times, it was included in a meeting and was the object of a dispute between President and Brother of John Winthrop, Jr.

Poetry Anthology Calls for Original Work Publication

All college students are cordially invited to submit poems for consideration. This is the Twelfth Annual Competition.

Recognition

The recognition afforded by publication will reflect definite credit on the author, as well as one's standing. Many of the articles and manuscripts have been submitted to the National Poetry Association in the past 10 years. Of these, almost 1,500 have been accepted for publication. Rules are simple: selections of the poems must be typed or written in ink on one side of a sheet. A student's home address must be written on the reverse of the poem, and the college address must appear on each manuscript. Students may submit as many manuscripts as are desired. The form may be in accordance with the wish of the student contributor. In order to give as many students as possible an opportunity for recognition and because of space limitations, shorter efforts are preferred.

Closing date for submission of manuscripts: Nov. 5.

Student Body Evidences Lack Of Courtesy in College Life

We are living in a day when the codes of manners and good taste are constantly being changed.

We now understand that, according to a prominent authority on etiquette, it is permissible to pick up a lamb chop bone in one's fingers, provided they are the fingers of just one hand. This change is probably welcome news to those hearty eaters who have been cramped in their gustatory pursuits by the former hand-feeder.""

Infallibility was the order of the day at the annual meeting of the Class of '25, when the Athletic Association and Phi Beta Kappa were introduced and welcomed the Class of 1958! The Class of 1958, the first of its kind for the College, was introduced at that time, as everyone had exerted herself and himself for the sake of enjoyment was stressed. The Open House was to be held Saturday, October 2, at the home of the President, Miss Jenkins, vice president; Carole Clougher, secretary; and Irene Gannam, treasurer. She described her activities and stressed the importance of welcoming new-comers and that they must be active in order to be a member of the class. The Class of 1957 has yet to be introduced to the Class of 1956. Sally Smith and Jo Cohn are members of the Class of 1958.

I got into high school plays, wrestled props at Provincetown, understudied, sat for months in producers' reception rooms. One rainy night, sick with a cold, I read for a good role, and got it!"
