**On the Waterfront: New London Looks Towards the Sea for Revitalization**

### Construction Begins on $15 Million Waterfront Park

By ROB KNAKE

Managing Editor

Last Friday night, 1180 Connecticut College students and a few administrative staff sat around a long dining hall table in the main cafeteria to hear about the plans for a waterfront park. The group included students, faculty, and members of the local community. The event was organized by the Northeastern Connecticut Enterprise Region, a nonprofit organization that promotes economic development in the region.

The waterfront park, which will probably be strengthened.

A pillow is placed in between the steps, making it easier for people to walk in between the steps. The construction of the New London Waterfront Park will be a major improvement for the city of New London. The park will be an attractive place for residents to walk and relax, and it will also be a valuable asset for tourists and visitors.

### East Coast Conference Looks to Bolster Local Shipping Industry

By ROB KNAKE

Managing Editor

John Markowski had some words of encouragement for the sponsors of New London's commercial shipping industry. "I believe this is an engine that will continue to grow," he said. "We are seeing a lot of positive feedback from the local shipping industry, and I think this is a good sign for the future of the city."
Time to Spice Up Parent's Weekend

Parents and students: what's happening this weekend to make Parent's Weekend exciting and enjoyable? Parents or students with ideas about how to spice up Parent's Weekend can submit ideas by 5:00 p.m. the Wednesday preceding publication. No unsigned or anonymous submissions will be accepted. The final deadline for advertising is 5:00 p.m. the Wednesday preceding publication. No unsigned or anonymous submissions will be accepted. The final deadline for advertising is 5:00 p.m. The College Voice reserves the right to edit letters for clarity and length. No unsigned or anonymous submissions will be accepted. The final deadline for advertising is 5:00 p.m.

Film Society Movie Shown in Poor Taste

In The Realm of the Senses is not for everyone. In fact, it's not for most people. The movie was shown at the Film Society on Monday, and was met with mixed reactions by the students who attended.

On Monday the twenty-seventh of February, the Film Society presented In The Realm of the Senses, a Japanese film directed by Nagisa Oshima. The film is famous for its explicit sexual scenes and has been considered controversial in many countries.

The film tells the story of Sada and Natsuki, two women who work as waitresses in a brothel in Tokyo. They become friends and eventually lovers, and their relationship is depicted through a series of explicit scenes.

Despite the controversy surrounding the film, the Film Society decided to screen it as part of their ongoing series of world cinema. However, the screening did not go as planned.

When asked about his personal reaction to the film, Ryan Chan, a member of the Film Society, said, "I don't think it's a good film. It's not well made and it's not enjoyable to watch."

Despite the negative reaction, the Film Society plans to continue screening controversial films in the future.

The film was met with a mixed reaction by the students who attended. Some found the film to be poorly made and not enjoyable, while others found it to be interesting and thought-provoking.

In conclusion, while In The Realm of the Senses may not be for everyone, the Film Society's decision to screen it is a reflection of their commitment to presenting a diverse range of world cinema. The response may vary, but the experience is always interesting.

Holding up the mirror

By Micaiah Mortal

Sounded by Earth House

On Thursday night, the Earth House hosted a screening of the Japanese film In The Realm of the Senses. The film is considered controversial for its explicit sexual scenes.

The film was shown to a small crowd in the Earth House, and was met with mixed reactions. Some students found the film to be poorly made and not enjoyable, while others found it to be interesting and thought-provoking.

In conclusion, while In The Realm of the Senses may not be for everyone, the Earth House's decision to screen it is a reflection of their commitment to presenting a diverse range of world cinema. The response may vary, but the experience is always interesting.

College Begins Implementing Ten Million Dollar Administrative Software System

Dr. Janson Gildawie, Director of Institutional Information Services at Conn College, has been in the forefront of improving student, faculty, and administrative information at Conn College. He has been involved in developing a comprehensive software system that will enable the administration to communicate with each other by way of a direct link between financial aid, admissions, accounting, and the registrar's office.

"It's an integrated system of software that is not only web-based but it's not a support system. It's finding support staff for it is difficult.

"What it does is it allows for the campus to be connected, that 20 percent of the faculty will be hired to teach about race diversity in their different departments and disciplines. This is something that has been in use since 1985, is a group of facilities, that the software will be implemented in phases over the next five years, closely replacing the current Administrative Information Management System (AIMS). AIMS, which has been in use for more than six years, is a non-interactive system.

"The software will enable the administration to communicate with each other by way of a direct link between financial aid, admissions, accounting, and the registrar's office.

"It's an integrated system of software that is not only web-based but it's not a support system. It's finding support staff for it is difficult.

"What it does is it allows for the campus to be connected.

Field Hockey Suffers Tough Loss Against Amherst

By ELIZABETH COBB

The women's field hockey team played their final game against Amherst on Saturday, October 22nd. The Lady Camels lost 4-3 in sudden death overtime, losing their record to 1-2-0.

"It was a tough game," said Coach Ackerman. "We played hard but just couldn't score the tying goal. We had some good opportunities but couldn't put the ball in the net." The Lady Camels had scored in the first period, taking a 1-0 lead, but Amherst tied it late in the second period.

"We were playing well," said Ackerman. "We had some great opportunities to score, but just couldn't put it in the net. We had some good pressure, but just couldn't get the goal." The Lady Camels outshot Amherst 35-25, but were unable to convert their shots into goals.

"It was a tough loss," said Ackerman. "We played well and had some good opportunities, but just couldn't get the tying goal. We had some good pressure, but just couldn't convert our shots into goals." The Lady Camels outshot Amherst 35-25, but were unable to convert their shots into goals.

Offensive Outburst Gives Men's Soccer New Hope

associate sports editor

When we last covered the men's soccer team, which boasts 15 freshmen and one transfer, there were several questions as to the team's independence. Each of the team's youth played a significant role, despite the team going winless for four straight games. With the exception of transfer, there were several questions as to what this team was capable of doing. On Tuesday night, the CamelSports associate sports editor presented what the team is capable of doing. The team's youth played a significant role, despite the team going winless for four straight games.
