ARCHEOLOGY LECTURE GIVEN BY DEAN NYE

What the present science of archaeology really is, what it contributes to our present, and how it is making all that we desire—these were the questions Dean Nye answered in his lecture on "Archaeology and the Present" at Convocation on Tuesday.

Archaeology has now become a science of state and of scholarly study. It has been divided into five groups—Prehistoric, Egyptian, and Oriental, Classical Greek and Roman, Classical Medieval, and American. Many colleges now have a chair of Archaeology, so that the study has there is a little over a thousand present. Our present literature, art, music, dance, drama, architecture, morals, and even science, have greatly influenced by, and are often copied from, the past civilizations which archaeology has restored.

How is it altering our destiny? What can it teach us? Dean Nye concluded by saying that in periods of doubt we look back past civilizations. Thus in times of stress such as these, Archaeology is teaching humility, and is determining the lines of our endeavors, and the direction of our amusements and interests.

Some unclassified students are also present:

Scholarships Topic of President's Chapel

President Blunt spoke at Chapel Tuesday morning on liberal scholarships. She reported that only one per cent of the student body is aided by these. They have been given mostly to Sophomores and Juniors, and as a result, no senior was able to return to college on account of financial difficulties. This year the number of Juniors has dropped out. The greatest decrease has been in the Sophomore class. Thirty-nine per cent of last year’s freshmen did not return this year. Connecticut College should be a 100% unit in membership.

SUMMER AT SILVER BAY DESCRIBED BY STUDENT

Rooming fees are as follows: $5.00, $7.50, $10.00, and $12.50 for the two, three, four, and five days, respectively. The fare for the week is $21.00. Meals are inclusive of all services. The first week begins on July 24, and the last week of all ages will be held on August 6. The school is located on a beautiful 200-acre lake in the Adirondack Mountains, and is well-equipped for all types of activities and sports.

PERSONNEL BUREAU GIVES ALUMNAE STATISTICS

In response to a request from News for some alumnae statistics that might prove interesting and suggestive to undergraduates, the following tabulation of information secured from the 1932 questionnaire which the Personnel Bureau sent out to our 1,288 alumnae was made. To date there have been 770 replies to the first notice, a 62% return. It is interesting to note that teaching and marriage seem the two occupations most expected. It tries also to make the children visit a house, according to what they saw. The third grade became interested in geography and in order that they might have a background for later classroom study, the teacher guided them in a project.

Once again the problem of Vesper's attendance confronts us. Surely there must be some means by which this question can be permanently answered, and banished from our campus. If the present state of affairs continues, no outside speaker will want to come to Connecticut. What inspiration can there be for these speakers, in the state of affairs? To let the matter slide is but to acknowledge our inability to try any stringent measures if we do not cooperate. No measures that we can be so self-assured, so wise, that the words of the older more radicals who oppose all established customs, religious and otherwise, will have their way and nothing can be greater enemies than opposition. It is up to us to show a little of the difficulties which it encountered. Following an interesting discussion, the Conference adjourned.

STUDENTS SEE PLAY

Various parties from college attended the performance of "Mourning Becomes Electra" when the play was presented in Hartford this week. Among the faculty who attended with students were Miss Clark, and Miss Noyes. The Drama Club was particularly interested.

Although the production was not produced by any of the American universities, the American audiences, originally New York company, but by the greater Guild, the general consensus of opinion was most favorable as to the American state of the play. The acting and staging of the play was more effective, and aroused much genuine admiration. The only unfavorable comment, the play seems to be that against the world and modernistically pay.

Editorial Comment

The only unanswerable objection to the play is its failure to understand that the invisible or shadowy side of man's life is not exempt from the test of time and change. The writer of the play seems to think that he is simply restating old problems, questions, and let slide sev- eral of the important rules. If the Freshmen are allowed to make half answers, for example, what good does it do them? They will not thoroughly understand the rule, and may get into trouble through misunderstanding and ignorance. Although the quiz does not have to be necessarily an absolutely serious and rigid test, the questions should at least be fair and clear. If the rule is stated incorrectly by a Freshman, the questioner should state the correct rule, leaving no doubts as to interpretation. The C quiz is primarily an aid to the Freshmen, and should be con- structed so that it is a benefit and not a mere joke.

FREE SPEECH

The Editor of the News do not hold themselves responsible for the opinions submitted, in order to secure the free expression of honest opinion. (The Editor knows the names of contributors.)

Dear Editor:

If the annual C quiz is to be made really serious and worth-while custom, it seems as though the Sophomores, who examine the Freshmen, should know the rules they ask. In the quiz on a week ago Monday night the Sopho- more were hazy on a good many questions, and let slide sev- eral of the important rules. If the Freshmen are allowed to make half answers, for example, what good does it do them? They will not thoroughly understand the rule, and may get into trouble through misunderstanding and ignorance. Although the quiz does not have to be necessarily an absolutely serious and rigid test, the questions should at least be fair and clear. If the rule is stated incorrectly by a Freshman, the questioner should state the correct rule, leaving no doubts as to interpretation. The C quiz is primarily an aid to the Freshmen, and should be con- structed so that it is a benefit and not a mere joke.

Dear Editor:

After due thought and consideration, we are still unable to find a way to make the two-minute silence at eleven o'clock on Armistice Day not observed by Connecticut College. We feel that such a practice is not much digression to ask of routine; and that it would not seriously in- terfere with the day's work is evi- dent by its recognition in count- less schools and colleges throughout our country. We realize that a special chapel, when held, is a recognition of the day and what it represents; but chapel, after all, consists of words and mass rever- ence. It is the silence that makes one really stop to think. If Lon- don, New York, and other cities all over the world can keep silence for two minutes at 11 o'clock on Armistice Day, why cannot we ?

ANNOUNCEMENT

The Editors of America feel keenly the need of young blood in the circulation arteries of our great republic. The American magazine offers $15.00 for the best satiric contribution, literary or artistic. This contest is exclusively limited to undergraduates of American age and closes officially on March 10, 1933. The judges are Gilbert Selbed, Hendrik Willem Van Loon and George Counts. Manuscripts are not to exceed 1,000 words. No prize winning material of merit will be purchased at regular rates.

Address manuscripts and pic- tures to "America", 1890 Lexing- ton Ave., N.Y.C., N.Y. Self- addressed envelope is obligatory.
STUDENTS SEND WIRE TO PRES. CANDIDATES
To "News" from "Youth Movement for World Recovery"

One hundred and seventy-six students representing thirty-three colleges and universities throughout the United States have just signed telegrams addressed to three major presidential candidates, asking them to clarify their positions on world policies for American youth.

The telegram reads as follows:
"We the undersigned are American students and are now or soon will be qualified voters. We are the nucleus in America of what we hope will be the new youth movement for world recovery.

We are dedicated to the discovery and active prosecution of methods of establishing world peace and just dealings among the nations by peaceful means only. We are affiliates of no one political party.

We desire an expression from each major presidential candidate one week before election addressed to the younger voters of America setting out his views on world policies from the standpoint of the United States which he desires the younger voters to consider seriously. Such a statement will be communicated to hundreds of colleges and other groups of American youth for their consideration and discussion in the final week before the election.

We earnestly and respectfully request you to make such a statement and to communicate it to our advisory board in care to Paul Harris, Jr., at 532 17th Street, N. W., Washington, D. C."

SENIOR MEETS COOLIDGE

A few days ago a member of our student body, Betty Miller, had the unexpected pleasure of making a brief call on ex-President and Mrs. Coolidge at their home in Plymouth, Vermont.

The Coolidge family were greatly interested in Connecticut College and the election campaign which is being carried on. Mr. Coolidge stated that he did not intend to make another speech before the coming election, and Mrs. Coolidge remarked, "We think that one speech is more effective."

The conversation turned to old-fashioned bed quilts—and much to the embarrassment of Mr. Coolidge, Mrs. Coolidge brought out a quilt which the former President had pieced when he was thirteen.

It was very surprising to find that there was no telephone or radio in the house. Mr. Coolidge even refused to permit his secretary to answer the phone at the general store.

Mrs. Coolidge was her natural charming self and the ex-President was extremely cordial and stimulating.

---

(Continued on page 4, column 2)
**ALL ASKED TO VOTE**

Election Day is only a short time away. This year it is more important than ever that all of those students who are over 18 and have registered and who are old enough to vote should vote. Those who are able to vote should take advantage of this privilege not only for political reasons but also for the good of their country. College is ostensibly meant to prepare you for your place in civil life and to help humanity and social conditions. This can be done only when you exercise your responsibility of electing for the public offices men and women who are fitted to do what should be done and what is right.

Above all others the college trained citizen should be the one who should insist upon voting, and should not be a shirker.

**SUMMER AT SILVER BAY DESCENDED ON ART**

(Concluded from page 1, column 4) Woodcraft, and singing; and nights, or sings followed by a trip to the dimissal general store which was a great center of activity, for a bite to eat before bed. The warm glowing flame of the campfire light service was held. It is one of the most impressive of ceremonies. All met in the auditorium where each was given a candle. From there everyone marched down to the lake singing favorite songs. At the water's edge the candles were put out on the water. The bits of card-board upon which they were melted were thrown into the lake, and in sudden silence all watched them float away—out to the middle of the lake. In silence each one realized that this was a fitting close to one of the most valuable experiences.

**MANSFIELD COLLECTION SHOWN IN LIBRARY**

Through the generous gift of Mrs. Richard Mansfield, the library is exhibiting a collection of books, photographs, and theatre programs which belonged to Mr. Mansfield, the actor. Mr. Mansfield lived in New London for many years and his wife, Mrs. Beatrice Geiger Mansfield, formerly a prominent actress, still spends part of her time at her home here.

Mr. Mansfield was born in 1827 on the Island of Heligoland in the north Sea, and came to America in 1872 with his mother, Madame Roudshoer, an opera singer. Mr. Mansfield is remembered especially for his roles of Cyrano, Don Juan, Peer Gynt, and Brilliance. In the exhibition there are photographs of Mr. Mansfield in these roles as well as in drama. There are copies of his book, *Bloom Sausy*, and of his plays, *Don Juan*, *Mimi*, and *Ten Thousand A Year*. There are also some of his artistic attempts.

Mr. Mansfield died in 1897 and is buried in the Gardner Cemetery, in New London.

---

**MUSIC and ART**

**Music**

The first concert of the Recital series for this year will be a piano recital presented by Miss Mary Lou Leary, who will take place in the Gym on Thursday evening, November 10, at 8 P. M. Mr. Barnett will present the following program:

1. Brahms. Two Rhapsodies B-minor G-minor

(Note: the title, *Papillons*, is not used by Schumann in its customary sense of "butterflies". He uses the term to group the twelve quickly changing moods, which in turn portray kaledio-scopic images of music.)

**Sculpture**

There is no rivalry, for the children compete with themselves and should not be a shirker.

---

**SPORTS**

**New Hockey Club**

There seems to be a great deal of misunderstanding about the Hockey Club. They are partially to be blamed for the rather ambiguous statement in the *News* of last week. The hockey situation may be summed up as follows:

1. Hockey Club is open to everyone whether or not she is taking hockey for credit.
2. There will be no other competition in hockey.
3. Playing teams will be formed within the club to create challenges between houses, etc.
4. A. A. points will be given according to honesty of non-play teams, picked at the end of the season. Members of honorary teams must be taking the sport for credit, have a B-posture, and have a 3. average.
5. Informal hockey hours will be devoted to challenging games, where to games to games else who cares to come out for it.

It is hoped that this makes the situation perfectly clear and that a great many will come out for the club.

---

**INTER-CAMPUS CUTS**

The Alumni states that at Columbia University the students are compiling a list of grammatical errors made by the teachers. This data is for use in a campaign for "better usage by faculty members."

Someone who flunked out of the University of Wisconsin recently was caught trying to be to be a river, so he could lie in bed and follow a course. A swell idea!

From the *Cluster Window* comes this little jingle, which we think will be appreciated by the Freshmen:

"A Senior stood on a railroad track.
The train was coming fast,
And let the Senior pass."

Smith College Weekly reports that President Neilson in defining what education is to be to the student urged the importance of mastering a language. What should be sought, he declared, is a set of influences which will enrich your life.

One of the debates in Simmons College was as to whether or not one could live by life was more broadening to a career than dormitory life! No decision was given.

New Jersey College for Women has a new attendance regulation featuring "Elimination of Ex- cused Cuts." One reason for the change was given as follows: it restores the infirmity to its proper place as a health center rather than a cut-excision agency.

At Wheaton, students on the debate team who do not attend, without registering, any lecture in any course, a privilege worth working for!

From the *Wheaton News* we discover that Skimdore is also having a cold campaign. A germicide is sold in every dorm and the students have to gargle it in hot water every night.

The *William Wilson Bouquet* quotes Newton D. Baker in a recent article for the *Princetonian*. "Three types of men (and women?) go to college; who are willing to be educated, those who want to be trained in a trade who are determined to be educated."

Perkins defeating Miss Jones and Miss Donald with the score 6-2, 6-3. In the Senior-Sophomore doubles match, the Sophomores came out of the weather with the score of 6-2, 6-1. Miss White defeated Miss King in the Senior-Sophomore singles match with the score of 1-6, 6-7. The Bates Cup Tennis Tournament is also progressing very well. The fourth round is yet to be played through with the weather allowing, the victory will soon be known.

VESPER REV. GILKEY TO COME

"Truth beyond the hour, beyond the moment, and beyond our interest"—this according to Dr. Reinhold Niebuhr of Union Theological Seminary, New York City, who spoke at Vespers, is a very difficult and very wonderful thing to attain. From chapter twenty-two of First Kings, which Dr. Niebuhr used as a basis for his address, come these words: "What the Lord tells me to speak, so shall I say." Micahiah, the great prophet who said this, Dr. Niebuhr explained, could do it, but few people of today can. We are more inclined to use religion not to find the truth but to obscure it.

We are limited by our perspectives, Dr. Niebuhr said; we cannot put ourselves in another's place. However, we can try to do it by sharing experiences and by limiting our self. "We can never know the Truth, if we only know our truth." It is not stupidity continued Dr. Niebuhr that prevents us from finding the real truth, but egoism. Our best friends understand us so well because their self is not obtruding in our problems. Dr. Niebuhr in concluding urged us to seek always "that which is not our truth but the truth."

HOOVER ELECTED IN COLLEGE STRAW VOTES

New York, N.Y. (NSFA)—In the straw votes thus far recorded by the college press, Hoover has been returned to the presidency by a majority of five to one, with Roosevelt 3rd. and Thomas 2nd. Of the eighteen colleges reporting polls, eight are in the east, four in the west, four in the south, and two in the middle west. At the University of Missouri and Georgia School of Technology, the only college showing a democratic majority, Roosevelt won by a large margin. In almost all other cases the Hoover vote equalled or showed an increase over the combined votes for the other candidates. Oberlin showing the largest plurality with Hoover 841 votes, Thomas 274, and Roosevelt 102.

The most evenly divided vote appears at Clark University, Worcester, Mass., from which the following figures come: Hoover 69: Thomas, 39; Roosevelt, 38 and Foster, 34. This is the only college in which the communist vote approaches those for the other candidates.

The outstanding vote for Norman Thomas comes from Columbia University. After winning the election, Mr. Thomas said, "This proves Columbia University is an educational institution."

No raw tobaccos in Luckies—that's why they're so mild

We buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That is why folks in every city, town and hamlet say that Luckies are such mild cigarettes. "It's toasted"—That package of mild Luckies.
