**Staff Writer**

The January 30th issue of the Bio-Diesel Club will be available for reading. The club is working on projects to promote environmental initiatives on campus.

**Students to Participate in Annual College Bowl**

By Eliza Greenman

Students to Participate in Annual College Bowl

Connecticut College’s annual College Bowl event will occur on Saturday, December 14, the last weekend before finals begin. Scott Melvill, Director of Student Activities, the College Center and Student Life, said with the exception of one year, the College Bowl has been occurring on campus for at least a decade.

The College Bowl has a very long tradition both domestically and internationally. It began as a television show in the fifties, then evolved into an official, organized competition in the late 1950’s. College Bowl is now a separate company, and the school purchased the name from the company annually. The company is also an award-winning producer and distributor of academic competitions in America and abroad.

The college program will be run in the following manner: each match will have two ‘timers’ - long timers of ‘rapid fire.’ Specifically, the questions are read by the moderator and considered “toss-up” because they are answered by an individual without any discussion from team members. If the question is answered correctly, the team is read a bonus question, which they have to answer to confirm it. The bonus questions have multiple parts and therefore varying values as well.

The campus games will be equipped with electronic buzzers so there will be no delays in the game. The first team to answer a question correctly will advance to the next round, and the team with the highest score wins.

**Bio-Diesel Club to Promote Environmental Initiatives on Campus**

By Jon Preissler

The Bio-Diesel Club was recently approved by the School. It was created to promote an awareness of bio-diesel on campus, with the objective of eventually producing it for the ground crew to run in their lawn mowers and garbage truck.

The club was founded by Adam Weingarten (CC of 2005) after he learned about bio-diesel in Berkeley, California. Bio-diesel is any fuel from natural or nates such as vegetable oil, for use in a diesel engine. The club plans to collect the frye grease from the Unity House itself. She has been at the college for almost as long as Unity House has. Ammirati said, “I’ve been very closely involved with the activities of Unity House, so she has seen Unity House grow and go through transi-

**Professor Chandler Joins Math Dept**

Professor Chandler recently joined the Connecticut College Math Department and teaches Mathematical Statistics and Introduction to Statistics. He is originally from Los Angeles, California and attended his bachelor’s degree in mathematics at California Lutheran University in 1999. He received his doctorate degree at the University of California at Davis in 2004.

Professor Chandler has always been involved in teaching. During his time at the University of California at Davis, he taught several math courses. Professor Chandler said he enjoyed teaching students but did enjoy teaching 300 students at a time.

Professor Chandler said he wanted to involve in the College Bowl because “of the small size of the College and the unique culture that exists.” On Professor Chandler’s tour of Connecticut College, he stated that several meetings were scheduled with him and students at 20 different locations.

Professor Chandler said he was also interested in Connecticut College’s annual College Bowl event as well as the academic programs that are offered.

**Student Life, Said with the Exception College Bowl Program and Annual College Bowl**

The College Bowl has a very long tradition both domestically and internationally. It began as a television show in the fifties, then evolved into an official, organized competition in the late 1950’s. College Bowl is now a separate company, and the school purchased the name from the company annually. The Voice gives thanks

It's no secret that the College Voice has had its struggles - from last year’s financial crisis, to troubles finding enough staff to put the paper together. But through all our trials, there are a few rocks within the Connecticut College community that make this paper possible. So in the spirit of the holiday they deserve a whole-hearted thank you from the editorial board here at the Voice.

First of all through all the hard work put into the paper together it would not even be possible without the hard work of our contributing staff writers. These strong writers manage to find the time, work and word work, to attend and report on lectures, sporting events, and performances, and any other news worthy happening that our editors can dish out. It’s not an easy job, but our staff writers do it well without complaint.

The other silent savors of the paper are the gracious and helpful administrators who deal with us on a weekly and sometimes daily basis. Without the work of people like Anne Hopkins-Gross, Associate Dean of Student Life, and Scott McIlwain, Director of Student Activites, who bend over backwards at the drop of a hat without ever having to be asked twice, the paper would probably not exist.

In the end, the success of any newspaper depends on dedication, the dedication of the editors, staff writers, and hard and faculty members. So, from the editors at the Voice to all the behind the scenes heroes that keeps us in circulation, we’d like to say thank you. And to everyone at Conn, have a safe and happy holiday.

Do you care about anything?

WELCOME TO THE CHURCH OF ANARCHY
ADAM WEINBERG—THE HEBREW HAMMER

This month, I write from Jerusalem, the capital of the State of Israel. As we approach the holiday season, I think about how to balance my personal beliefs and the demands of my profession. As a journalist, I am often asked to write articles that I find objectionable, but I believe that it is important to do so in order to fulfill my obligations as a citizen of this country.

One of the things that I find particularly challenging is the issue of immigration. There are many arguments for and against allowing immigrants to enter the country, and I believe that it is important to consider all of the factors involved in making this decision. As a journalist, I have written extensively on this topic and have tried to present a balanced view of the arguments for and against immigration.

I believe that it is important for journalists to be impartial and to present all sides of an issue without favoring one side over the other. In my opinion, it is not just enough to present information; it is also important to examine the underlying assumptions and biases that are driving these issues.

In conclusion, I believe that it is important for journalists to be impartial and to present all sides of an issue without favoring one side over the other. In my opinion, it is not just enough to present information; it is also important to examine the underlying assumptions and biases that are driving these issues.

If the coffee shop's deep rock of Friday's Little Noise is not your cup of tea, then this Friday's performance will be a welcome change of pace. The New York band Sky Salt will be playing in Cro's Nest, and will be bringing an entirely unique variety of music with them.

The band consists of rock god Michael van der Vliet, keyboardist and studio genius ("I rarely play guitar"), who ingeniously balances his own unique approach to music making. Mark A. O. on guitar, David P. on drums, and Maxwell Foxman ("the new guy") on bass. The band has both a full EP and a full-length album (Believe in Fancy Tales) under their belts, and still wear "Proper Attires" from this release ranked in the Top 100 for Billboard's 2005 Songwriting Contest. Salt knows how to answer some of the questions for which there is no right or wrong. The Colegiate Voice of Cro has been kept on the local independent rock circuit for years, and still has that fresh sound.

Cro: What is the name, "Sky Salt"? Xenia: Because whenever someone says, "I like Sky Salt," it sounds like some kind of a drug (laughs).

Cro: What is the name of your rights? Xenia: Hey, more fan mail for me!!!

Cro: It's very hard for reviewers to describe your eclectic sound - how would you describe your music? Xenia: I wouldn't compare us to my favorite comparisons - the same being Only Us, Outbreaker, Alice in Chains, Mor, The Reelers and a Russian band Agata Krest. But on a general scale of things, I'd say we're underappreciated, a band that裡 really needs to be more of a second passion. My line is called Little Chill, www.thesiteofthefuture.com.

Xenia: I’m a fashion designer, it’s not like a day job, but we're all kinda desperate Albert.

Mark: The good: Emiliana Torrini, Robbie Robertson, collecter and seller of first editions and tongue-in-cheek Zora's-Dear-God literature.

Cro: What does Sky Salt do for fun? Mark: The usual: cow-tipping and watching movies and television shows, plotting to overthrow the government ....

Xenia: I read Harry Potter and other children's books, design websites, and lose my sense of humor (resulting in the desired effect of painstakingly dreadful romantic comedies has been awesome! Seeing I Heart Huckabees in a clinic on Union Square)

Xenia: I wouldn't compare us to my least favorite comparisons - the same being Only Us, Outbreaker, Alice in Chains, Mor. The Reelers and a Russian band Agata Krest. But on a general scale of things, I'd say we're underappreciated, a band that really needs to be more of a second passion. My line is called Little Chill, www.thesiteofthefuture.com.

Carolyn's Variety Offers Fabulous Fifty's Flavors

BY JESSICA FRANCIS

In 1907, Carolyn's started on Main Street in Grenon. Since first a, lot has changed. Well, at least everything around Carolyn's has changed. Carolyn's in a tiny store with a counter and a small booth (that fit a hard and a little people if you are). If you looking for a comfortable dining experience, I would strongly recommend the counter. The store has a wide variety of newspapers and also sells knitting books to kids, the customers are definitely regular, and picking up orders is to pretty common.

Despite some signs of the new millennium, Carolyn's is a time capsule of the early 20th Century. You can get ice in glass bottles and the furniture and decorations have been there since the beginning. The original menu is displayed on the wall in front of the counter.

Originally there were a few dessert options such as, the usual, sundaes, and French toast. Lunch featured grilled sandwiches and cold cuts. The menu includes a bit more now. Burgers and other hearty sandwiches like meat with marshmallows have been added. Waffles and salads are also available, but they're paying, making up the counter by losing or not-really- something fresh off the greasy grill.

I had a fabulous grilled cheese with bacon. Sandwiches come with chips and pop, or for a bit extra you can get French fries or the regular, only in the special snow peas variety. My comparisons and I split an order of curry and never forgot peas and we were exceedingly pleased. My friends both had mac and cheese, which they were satisfied with as well. The tater salad was everything you would expect from a diner; it had a little too much mayonnaise, but it was okay.

I was worried that we wouldn't be served in time to get back to campus in time to go to an upcoming band that was there only one woman taking orders and cooking, but it turns out there was a cook hiding in the back. The service was very good and perfectly matched the rustic taste of Carolyn's.

Carson's also has a great assortment of original ice creams. After not big lunch we didn't have to try a milkshake or a root beer float (which imagine would be heaven), but we did splat a scorp of "Swampy" - a mixture of all sorts of hot candy (MMs, chocolate, caramel) or also called snow ice cream. I was glad to leave without trying more of their ice creams and the waiters definitely tumblr out some self-control as the spout of their mouth wouldn't taste.
Professor James Discusses Trends in the 2004 Election

BY MAUREEN DURKIN

Professor James began the lecture with the results of the 2004 election, and noted that lessons from the election will continue to appear as future trends. She clarified some of the exit numbers as well as the rumors that have been arising since Election Day. Finally, the American people will continue to influence in this election. She cautioned against choosing a future presidential candidate. She confined against choosing a senator because, as the former senator, the American public needs to favor governors and vice presidents for election to the presidency.

Unity House Gets New Director

Dean Amanti has announced that Lisa Czarnecki has been appointed to Connection College in her History role, including being an active member of the Writing Center and the Office of Professor James, who has been instrumental in the organization of the lecture series. Numerous lectures have included presentations by government scientists Kathleen Hall Jamieson and a panel discussion led by government professors about the various elections that occurred this season.

Professor James also touched on the consideration around evangelistic Christians, which continued to influence in this election. She also offered some advice to the professors about the various elections.

Students to Participate in College Bowl

Inspiration for the name of the Starbucks Coffee chain, at Starbucks, was the coffee-drinking first term... about the Peep (PEP-koob) is... for 10 minutes... what does it taste like?

The game is often termed the "varietal sport of the 2000". It is organized much like a traditional sports game or tournament. Each team has its own campus and college among its students to determine which team will advance to the regional level. Connection College belongs to Region One, which includes schools from the Northeast, New England, and in addition to College from New Brunswick, Newfoundland, Nova Scotia, and Prince Edward Island. The game is the only way students can make an impact in their communities, but they can also get to know the students who use Unity House better and just work toward understanding them. She noted her acknowledgment of the various issues relating to Unity House, which is one of the major issues that are important to the students who use Unity House better and just work toward understanding them. The game is the only way students can make an impact in their communities. Unity House is facing a time of difficult transition. The role of Unity House is continuously changing and growing, and the College is working hard to make sure that the needs of students and provide substance and support for them. "My goal for Unity House is really become a center that supports the identity affirmation of our underrepresented students," said Czarnecki.

Top Ten People You Would Not Want to Celebrate Thanksgiving With

10. The Osbournes
9. The Osmonds (Do I care which one's a little bit country? I think they're all a little bit creepy)
8. The Donald (Because who wants gel fired on Turkey day?)
7. Martha Stewart (While she would probably bring an elegant, handcrafted center piece, it would have to be made out of cigarette butts and scratchy toilet paper)
6. Hannibal Lecter (especially if he asks you to bring Fava beans and a nice Chianti)
5. Dick Cheney... unless you make a really big turkey.
4. Nick Iyengar and Yoni Freeman... unless you really want to “talk” about “politics” over your meal.
3. The Griswolds from the National Lampoon movies
2. A-Rod (because he might “accidently” slap the fork out of your hand if you encroach on his potatoes)
1. Carb counters... EAT THE STUFFING!!

Turkey Trivia

The turkey is one of the most famous birds in North America. In fact, Benjamin Franklin wanted to make the wild turkey, not the Bald Eagle, the national bird of the United States!

Source: http://www.hidcocc.org/animals/turkey.htm

Quoteable Camels

Turkey and stuffing, family and friends. Ah, the joys of Thanksgiving. With the crisp November air reminding us of the true meaning of the holiday (and six days off from Conn to help us relax) students can take some time to meditate on the most positive aspects of their lives. So an idealistic roving reporter set out this week to find out what the student body is most thankful for.

Senior:
“T’m thankful for the Camel Fun Page!”
-Erica Cohn

Sophomore:
“To-Turkey!!”
-Kyla Allen

Junior:
“I’m thankful for good fashion.”
-Dushane Ramsey

Freshman:
“SLAP BRACELETST”
-Shira Espo

Have you been reading the fun page? Well now those hours spent poring over the best part of the paper might finally pay off. Does this Camel Close-Up look familiar? If you know what it is, send your answer to ccvoice@conncoll.edu and you too may be featured in the next fun page.

Not fun enough? Send YOUR ideas for the Camel Fun Page to ccvoice@conncoll.edu. Because seriously, this page needs more alit.
As the weather gets colder and the leaves begin to fall, students here at Conn College may begin to feel the buzz of winter coming. Just like every year however, women's Intramural Floor Hockey is there to pick every- one up. Beginning this past Tuesday, November 10th, the atmosphere those ladies bring down to the Conn College Intramural Center is enough to raise the spirits of everyone on cam- pus.

When League Director Dave Campbell says “this is the most exciting intramural sport we’ve ever seen,” he’s not kidding. Thanks to the amazing restaurants that the league brought in last year from ticket and team arrival, we were able to focus our budget on using new nets and goaltender equipment. Now the women do not have to worry about the net collapsing and, more impor- tantly, the new helmets will not mess up their hair. Thank God.

The first night was kicked off with a bang, as we saw a high scoring performance from Punk’d who walked all over Chris Farley, was able to put up 13 points as Conunissioner of the League, I am willing to slash ticket prices and let the first 500 people who come down to the Charles B. Luce Field House on Tuesday and Sunday nights for free.

The first goals as they defeated Sailing 13-5. This just goes to show how explosive this league can be, not to mention the excitement of the fans.

On Sunday we got a chance to see the remainder of the league play their first games. Anticipation was high for the two time defending champions, Liberation, were forced to open their season against Lay Off Me I’m Starving, one of their likely rivals this year. Despite hav- ing to start their first game, they won 5-2. Their undefeated streak rivals that of the Connecticut College Women’s Soccer. The only teams that have found a way to take down the mighty Liberation, hav- ing beaten them once a few seasons ago. They had the late game Sunday night and beat Sailing, a truly deflet- ing squad at this point, 5-0. These ladies have all come together finding a strong breeze on Saturday, "The first season to the late Chris Farley, was able to put up 13 points and 6 assists. As reaction to the skit continues to pick up, in many speak of the inci- dent as being “offensive,” “wrong,” and “in poor taste.” If those words should be used at all, it should be for the actual football game itself, which took place at the Philadelphia Eagles and the Memphis. In fact, why bother include the Eagles at all in the criti- cism? They’re 1-1, after all. Be those of you out there who still have cho- y, or feel like you’ve seen this at the Super Bowl. You’re in for a treat. spectacular season. This past year they made a mistake in giving the award to A- Rod because his impact on the team wasn’t enough to...
CONTROVERSIES

Ab yes, the controversies surrounding Terrell Clarett are not going away. The stories these days, may not be as clear cut as they once were, but they still seem to be unfolding. Rumblings surrounding the saga have not lessened. Rumblings surrounding the BCS continue, though it seems that has become the standard. There was the incident involving police that led to Clarett’s arrest. What followed was a flurry of words that was eventually dubbed the “Charmaine Anthony” case. It all began with a statement from Assistant Speaker. That continued to roll on. Then, this past Monday, a new player has emerged. Janet Jackson Super Bowl halftime show. It’s hard to believe that’s what it was. Football and their into this was such a game that the idea of football has brought back memories of the last two Super Bowls.

This fall, the Connecticut College women’s sailing team has brought past the competition on route to its 10th national ranking. After the varsity "A" boat finished at 15th in the Atlantic Coast Championship in last race, the team, the women’s program, the #8 spot in the latest National Sailing Poll, Conn. Conn. Women in the "A" Division was skippered by Katie Rose 05, Kirsten Burton 05 and Margaret Mccann 06. The B Division was helmed by Emily Whipple 06, Barrie and Breckin Anderson 07 finished 15th in the same race. Skipper Rose noted, "We have been proud of our sailing this fall. This year’s team is a really wonderful group of the Fast sailors and the competition between as hostages the skill level of the team in a whole.”

Throughout the season, the Camels have been consistently placed atop the RENSAC National Rankings. The freshmen men finished 10th at the Atlantic Coast Championship. In first race, the A boat containing Margarida Elizabeath 07, Elizabeth 07 and Katherine 07 Ontario, women shone brilliantly at the championship, finishing second; the boat was sailed by Dave Meloney 07, Christiane Jackson 07 and Harriet. Joel covered the fleet finishing by outgrowing 16 out of 18 teams. The Connecticut College Freshman Championships at Yale on October 31
