House Votes Yes On Parietal Plan

by Carol Ann Hunter

A petition proposing complete extension of parietal hours was unanimously accepted by House of Representatives at its March 19 meeting.

In the proposal, the maximum framework suggested would allow students to entertain male guests in their rooms at all times. Each dormitory would continue to have the privilege of establishing its own parietal hours within this framework.

Students would be expected to announce a guest to their roommates and to be responsible for their conduct. It would no longer be required to register a guest or to remain in the room to which you are signed.

Problems arising from abuse of parietal privileges would be dealt with by the House Council and Honor Court; and could result in withdrawal of this privilege.

Campus support of parietal extensions was shown overwhelmingly in a poll taken earlier this month. A total of 1115 students, or 82%, of the resident student body voted for one of the proposals calling for parietal privileges. This was shown over extensions was shown over-whelmingly in a poll taken earlier this month.

Letters to the Editor

spreading— all over the body of our class.

I think the fact is extremely obvious that we have wasted the past year and three-fourths estab-
lishing any sense of class unity. We don’t have many more chances to rectify our past mis-
takes. I think the least we can do now is to try and be a little less selfish—to give up a small amount of our time (for how much of it are we constantly wasting away?) and seriously devote it (along with our atten-
tion of course) to giving our class a definite identity—a strong sense of unity and friendship!

Maybe we all couldn’t make it to the speeches Tuesday night well, I’m not one to hold grudges, so all is forgiven—but, let’s really try to give our new officers the respect and coopera-
tion they deserve, so when 1971 rolls around, we might even graduate as a “class”... OR???

Sincerely,

Leslie Richmond

To the Editor:
The Conn-Quest Committee is now beginning to work on next year’s weekend and we are look-
ing for people to fill vacancies on the committee. It is important that those who are interested contact next year’s co-chairmen, Susan Lee and Lois Olcott, im-
mediately, so that the new com-
mitee members can be elected in time to participate in the ex-
citing initial planning. There are vacancies for all three classes. There will be a meeting on Tues-
day, March 25 in the Student Government room at 4:30 and all those interested in joining the commit-
tee are asked to attend.
