On Friday, February 14, Mr. Robert Cobbleidick, Dean of Admissions, addressed the Sophomore class: "This is the time of the year to begin planning and atten-
ting at a meeting for prospective students and school advisors in the Worcester, Mass., area. Mr. Cobbleidick is also scheduled to attend the annual meeting of the National Association of Principal-
pals of Schools for Girls. Repre-
sentatives of many colleges have been invited to this meeting which will be held on February 26 at the Statler Hotel in New York.

Miss June Macdon, a Sociology-
society, spoke before the Indus-
tical League of the Young Women's Christian Association here in New London. The topic of her lecture was Anthrop-
ology and Human Relations. On February 26 Miss Macdon gave a series of lectures in Canton, Ohio, before the Lincoln High School Assembly, the Lehman High School, and the Admin-
istrative Group of the University System. The following day she delivered a series of lectures in Canton, Ohio, before the Rotary Club and various groups of students at the Lake Erie College.

Mr. James H. Broderick, of the English department, attended the annual mid-winter meeting of the School and College conference on the improvement of the ex-
clusive committee. The meeting was held at Barnard College on February 15 and 16.

A member of the German de-
m. Miss Charlotte Von Wymetal, addressed a group of German language students in German on February 17 at American Legion headquarters.

Mr. Goodwin Speaks

Mr. Richard Goodwin, a mem-
er of the Botany department and the Director of the Connecticut Arboretum, will speak on Nature Conservation at the Board of Gov-
ernors meeting, to be held in Washington on March 5.

On February 28 Mrs. Alton Slay-
ker, of the Mathematics depart-
ment, will address all assembly meet-
gles of the American Mathematics Society which will be held in Chicago.

Mr. Martin E. Young, Connect-
icut's leader in the field of education, will address a meeting of the Eastern Association of College and University Business Of-
ficers. The group held its meeting in New York on February 17, 18, and 19.

Sophos Juniors To Vie For Cup

Competitive Plays To Take Spotlight Tomorrow Evening

The Sophomores and Juniors will present their compet plays for this 10th annual evening event, in Palmer Auditorium. The Junior play will start at 8:00 p.m. and be directed by the Sopho-
more play. Wig and Candle sponsors Com-
petitive Plays every year. Students from each class select, produce, direct, and act in their play. A minimum of eighteen hours of rehearsal within a period of two weeks to Trup and to the competition.

The plays are judged on the whole quality, production, lighting, scenery, costumes, and performances. A silver cup will be presented at the close of the competition. The President of the Sen-
ior class to Wig and Candle, to the director of the winning play. If the silver cup is won by Wig and Candle, it may keep it.

Original Plays

The Sophomore Class this year is presenting an original produc-
tion. A three-character play, under the direction of the class member, Ann Fran-
kel, has been selected as an appre-
tive piece of work. Miss Fran-
kel is particularly interested in the roles of women in love and surgery to men.

The director is now in the process of selecting the best material. Miss Fran-
kel will be a member of the executive committee. The meeting was held at Columbia University's School of Drama, at which time she had the opportunity to begin her career in the legit-
imate theater.

Sophomore Play

Miss June Macdon, the director of the Sophomore Play, "Heavens Above," directed by Sarah Shaw, has been scheduled to take her Sophomore Year abroad in the spring of the year's production. The play will start at 8:00 p.m. in Palmer Auditorium.

Beyond the New Horizon . . .

Voids and vacuums have no place in the natural world. As one train begins to enter, another must come smashing in. We have reached our new positions, but we find that the place we must fill is awesomely large. The retiring staff has presented us with the challenge of keeping this paper on an ascending path of quality. This challenge has been eagerly, if anxiously, accepted. Before we can fulfill this promise, however, we must expand through knowledge and experience. We can not only fill the space we have inherited but enlarge that space as well.

We have gained that peak which was our horizon only yesterday. Now that we are here, we can see a new horizon looming out before us. One that we can not only fill the space we have inherited but enlarge that space as well.

Interviews In Preview

Monday, February 23
Equitable Life Insurance Society
Tuesday, February 24
Home Life Insurance Company
Wednesday, February 25
Intelligence Business Machines
Mr. Wylie, Hadlen, Conn. Public Schools
Thursday, February 26
Central Intelligence Agency
Friday, March 1
Mr. Anderson, Claffin School, Newton, Mass.
Mr. LaFlanne, Carro-House Mann Schools, Newton.

February 23 - March 1
No special major necessary!

On Monday and Tuesday two insurance companies will visit the campus. Most vacancies are in group underwriting, but there are a few in personnel. IBM on Wednesday and Thursday is seeking prospective systems service representatives—girls who enjoy meeting and working with people and who are not marrying by arithmetic. Mr. Russell from Central Intelligence Agency will be there on Thursday to interview again and see others who have become interested since his December visit.

Connie girls Plan College Week

In Tropical Cuba

Whether your principal interest lies in history, folklore, learning Spanish, or acquiring a glistening tan, Havana is the perfect place to spend your spring break. For there really is no place to pass several days and are game for something a little more exotic, why not visit the "habaneros." For the past three years, college week in Havana has been offered to most of the major eastern colleges. This year Connecticut College and others have been asked to keep the Havana week. This activity has the distinction of being highly popular. For the past two years it has proven very successful, and this year there will be much more to live up to the commendable record of the past two years. Voids and vacuums have no place in the natural world. As we are not unstrung by arithmetic

Conn. to Play Host
To Area Colleges’
Philosophy Clubs

Connecticut College will play host to the Inter-Collegiate Philosophy Conference Thursday, February 28, 7:30 p.m. in the faculty lounge.

Students and faculty members from Connecticut College, Trinity College, Wesleyan University, and the University of Connecticut will comprise a group which discusses current and pressing social problems. The topic for discussion at next Thursday's meeting will be, "Is an Explanation in History of the Same Type as an Explanation Given in the Physical or Natural Sciences."

Students from Wesleyan and the University of Connecticut will read papers, and a general discussion will follow.

Connecticut has no official Philosophy club, but various students have been active in recent conferences. Liz Peer ’57 read a paper at the November conference. Anyone who is interested in participating in the conference is welcome.

Krulewitch (Continued from Page One)

...to the play, direction, costumes, scen- e-setting, lighting. Nan feels that Com- petitive Plays should be a class project and that it should not matter who has the best play, but which class has done the most as a unit to produce the play. The class which would win is the class which works best to its ability in order to get the best produc- tion.

It is the only way to say that an unknown play is in itself an experience. For the cast and crew, as well as the audience, to find out theater is to see all the facets that the author is able to view the first production.

Conn. to Show Film
Of Russian Opera

The Russian Club is going to present the film of Moussorgsky’s opera Boris Godunov, Saturday, February 28, at 7:30 in Palmer Auditorium.

Although the film is in Russian, there are English subtitles. The movie is based on an historical drama written by the Russian poet Pushkin. The story, which reaches its apogee about 1600, is concerned with Godunov’s attempts to usurp the throne of Tsar Ivan the Terrible. God- unov was later killed by his brother Dimitri, finally attaining the position. The remainder of the movie concerns the revolt of the peasants which can be easily made to mean for Marinus. The film is in Magli-
Student’s Musical Programme Emphasizes Piano and Voice
by Deborah Cohen ‘57

The student recital held at Holmes Hall last Thursday night was most enjoyable and varied. In e.g., Airline Hobson ‘56 opened the program with the first movement of Beethoven’s piano sonata in C major. Although there were moments when her playing appeared to be mechanical, her performance was expressive and showed clarity and taste. This was followed by the Adagio and Allegro movements of George Friedrich Handel’s Sonata in E major, played by Joanne MacCarthy ‘59. Her harpsichordist. Though a Princeton faculty member, the group leader today, he’s an amazing chance to become "one of a kind." The second recital appeared in good form and was well thought out by the group leader, Dr. John Seldon Whale, former president of Chestnut College, Cambridge, England, author and lecturer.

Tuesday, February 26
Kim Reynolds ’57

Thursdays were wonderful changes in degrees of sonority. This difficult duet with its wide leaps and crossing of voices was well executed. The second movement was played with expression and a fine contrapuntal clarity.

Tendres Plaintes
These were well thought out and played with clarity. Her expression was not as tender as might be expected of a harpsichordist. Though a Princeton faculty member, the group leader today - he’s a remarkable chance to become "one of a kind." The second recital appeared in good form and was well thought out by the group leader, Dr. John Seldon Whale, former president of Chestnut College, Cambridge, England, author and lecturer.

Friday, February 22
Hymn Sing: Molly Blackall ‘57

Sunday, February 24
Dr. John Seldon Whale, former president of Chestnut College, Cambridge, England, author and lecturer.

ESSO RESEARCH works wonders with oil

Oil helps create a new world of fashion

A fine wool sweater owes much of its lovely look to a special oil developed by ESSO Research.

By lubricating the threads during knitting, it helps them mesh together smoothly and evenly. After knitting, the oil is easily removed. Without oils like this, the springy texture and intricate designs of today's fashionable woolens wouldn't be possible. Again, ESSO RESEARCH works wonders with oil.
