Recital to be in Gym at 8:00; Program Includes Spanish Songs in Costume

**FLASH**

New York, N. Y.—Emma Otero, noted coloratura soprano, was injured in an automobile accident near Cornell University last night. Although her injuries are not considered serious, all engagements have been cancelled for the present. Miss Otero will appear at Connecticut College sometime in March.

The next concert in the Connecticut College concert series will be presented by Miss Otero, coloratura soprano, in the gymnasium tomorrow night at eight o’clock.

Coming to this country from Cuba, Miss Otero prepared for her vocal career with La Forde and made her debut at Carnegie Hall in New York. She has won much approval not only for her lovely voice, but also for her striking Latin beauty and personality. She will give one group of Spanish songs in costume, as was recently said, that solves the problem of where the next coloratura prima donna is to come from.

Miss Otero will be accompanied by Beryl Blaisch. The program is as follows:

Una Voz poe xs (Barber of Seville)
--Alto Rosas
Maullas mis (Giannini)

Ohic me encanta
Come onto these Yellow Sands

To a Messenger
Pastoral
Song of the Open

Miss Fishline Will Speak Friday Night About Spanish War

The next meeting of the International Relations Club will be held in Winham living room Friday night, January 22, at 7:30. Miss Edith Fishline, professor of Spanish at Simmons College will speak on the Civil War in Spain. Members of the club and faculty are invited.

Following the lecture several matters of business will be brought up for discussion, including Model League, the inter-collegiate panel discussion series and the program for the remainder of the year.

With a view to fostering more students of international affairs, the group devoted to this particular section of the club, will form an informal panel discussion group with Yale and Wesleyan on the subject of international relations. The steering committee of the club has already discussed plans for Peace Week to take place sometime in April.

Henry S. Leiper
Is Sunday Speaker

An active figure in world Christiandom for a number of years, Henry S. Leiper, M.D., comes Sunday to address a vespers audience at Connecticut College. He has for many years been helping to plan the conference on church, community, and state to be held at Oxford university next July under the auspices of this organization, an event which will be attended by representatives from all parts of the Christian world. For this conference, Dr. Leiper has recently prepared an outline of the themes to be discussed, bringing to it a rich experience and intimate acquaintance with the problems of Christianity in a changing, unstable civilization. The book is entitled Christ's Way and the World's.

He is also secretary of the International Committee for Refugees of German, of the World Alliance for International friendship Through the Churches of the World, Conference of Faith and Order, and of the International Peace Congress.

**Annual Conference At Northfield Soon**

The annual Northfield Mid-winter Conference will be held on the week end of February 12-14. Last year eight girls went as representatives of Connecticut College. This year it is hoped there will be a larger group to compete with those sent from other New England colleges.

There will be an opportunity for those interested to sign up on the bulletin board this week, and a meeting will be held to organize the delegation and to learn of the set-up for the entire conference.

**Important**

All students must register for the second semester before Saturday noon, January 23. Failure to register will result in the posting of a late registration fee of $5.00.

**Next Convocation Will Be Talk By Thomas V. Smith**

"The Promise of American Politics" is the subject to be presented by Professor Thomas V. Smith, of the University of Chicago at convocation February 16. In addition to his position as Professor of Philosophy, Professor Smith is very well known because of his recent radio addresses on practical politics and the publication of numerous books on philosophy.

Previously to his position at the University of Chicago in 1923, he was an instructor in philosophy and to be a student at the University of Texas.

At present he is a State Senator from the fifth district of Illinois, "The Philosopher Way of Life", and "The Promise of American Politics" are among the books he has published. Occasionally Professor Smith contributes to the New Republican and the Journal of Philosophy. At one time he was editor of The American Journal of Ethics.

**Dover Road" Will Be Next Production**

"Dover Road" by A. A. Milne is currently being produced by Wesleyan College on Connecticut College on Saturday, February 20, at 8:30. Besides this modern comedy, Milne has also written "Ivy Door", "Michael and Mary", and a number of short stories. The scenery has been designed by Robert Hart and executed by the New England Model League of Design. The scenery is interest-

Mid-winter Chairman Committees Work Out Details; Valentine Street Followed As Theme

Although most of us are so occupied with exams right now that little else seems of any importance, we can go back to the fact that when exams come, Mid-Winter Formal can't be far behind. An able committee under the leadership of Marjorie Beaudette '38, has been working long and hard to get many of the details of the event settled early.

Already they have engaged Ken Reeves and his orchestra to supply the swing rhythms. The decorating committee, directed by Florence McCollom '38, is following a red and white color scheme, with Valentine upon it being evident in the general surroundings.

The Winter Formal, to be held in the gymnasium Monday night, January 23, will see to that the refreshments are the best available, and Catherine Warner '38, will send out novel programs and tickets to handle the occasion.

One of the most important sides of the planning is under the leadership of the waitresses. Palamount Williams '39 is working hard on the committee. And, finally, Elizabeth Gilbert '39, will direct the publicity department to handle the promotions.

With such a crew at work, it is inevitable that the dance be successful. The tea dance will take place from 9-3 in the afternoon, while the prom will start at 8:30 and concludes at the magic hour of midnight.

Miss Margaret Coulier was recently elected chairman of the 1937 Commencement Committee. The other members of the committee will be chosen by Miss Coulier and Em-

C. C. To Take Part In Model League

Connecticut College delegates to the New England Model League, an annual model league of the National Model League of Chicago in December, was issued on December 30. The first part of the report concerns plans for the further development of the campus by the addition of many new buildings; some of these will be realized in the near future because of recent gifts to the College; others are merely suggested as exterior additions to our rapidly growing institution. The importance of these structures as "tools for better education" of students is stressed by the president.

In addition to the increased building of the campus site, plans for a new dormitory were discussed, and Marjorie Beaudette, chosen chairman Mid-Winter Dance.

Members of Press Board Were Guests of New York Sun

Five senior members of Press Board were guests last Saturday of the New York Sun. They were: Curt D. Gillette, student president; Col. Gilbert T. Hodges and Mr. Thomas Dewart, of the executive board; and Col. Hages and Mr. De- wart visited Connecticut last fall, when they presented a short film, "A Day With the Sun," and talked informally on newspaper work. The tour of the Sun included a visit to the office of Mr. Willians T. Dewart, the publisher, an opportunity of meeting the editor-in-chief and the managing editor, of investigating the "morose," of watching the process of setting up the Wall Street edition, and seeing some sixty thousand papers being rushed off the presses with unbelievable speed, and sent by trucks to various parts of New York.

Directly afterward, the students were shown around the halls of Col. Hod- ges and Mr. Dewart at the Lawyers' Club. The college girls attending included Mrs. Cobbledick, Priscilla Cole, Elia Bisell, Bernice Parker, and Nancy Burke.

Sociology Students Visit Hall of Man

A group of sociology students, headed by Mr. Cobblelack, made a trip to the Hall of Man in the Metropol- itan Museum of Natural History in New York City last Sunday afternoon. It is parallel to the work now being studied in class. The group included: Dorothy Hutc- hemp, Dorothea Wheeler, Fay Irving, Alie Lippincott, and Kath- erine Felson.

"Speaking of the value of church- going, whether or not each service brings you inspiration: 'The church is like a means of transport; sometimes there is a pretty bad conglomeration of things within it, but it's much worse on the outside.'"

"The fact that there are three thousand students in this college and Spain does not solve our diffi- culties. "It is like a ramshackle house, but the last time the children in the first house are playing with matches and the wind blows this way, still we say it's none of our business."

People in Cambridge are known for their coldness and aloofness. "Those old ladies—they love parties and things; they're just shy, that's all."

Dr. Leib, professor of mathematics and director of admission, is often called upon by all of us, and prob- ably our first correspondent at C. C. Vespers. He was born in Carlyle, Penn., where he attended school in preparation for his college entrance at Dickinson. Throughout prepar school and college he studied Greek, one of the subjects of a liberal course. This time won him a Greek prize of $25.00. He started out as a prep school boy, but, through the absence of another teacher, was called on to teach his own. At John Hopkins University, Dr. Leib obtained a Ph. D. in mathematics. After a year of service in the navy, but, through the absence of another teacher, was called on to teach his own. At John Hopkins University, Dr. Leib obtained a Ph. D. in mathematics. After a year of service in the navy, he decided to start a new course in physical education, winter sports, and under the direction of Miss Priest.

The ski-ski which was started in October and finished in June is a simple sport from the top of Overlook Hill (the highest point in the Arberesum) and travels down a steep to a gentle slope for about 800 feet and is graded from easy to hard. It is not able to get to see him while he was in New York.

Dr. Glenn Completes Religion in Science

Dr. C. Leslie Glenn, of Cam- bridge, Massachusetts, last Friday completed a three years' tour of travel- ing to reconcile religion with mod- ern scientific knowledge.

He has been in the country for this reconciliation, or else there will be no real religion and no real knowledge.

If we cannot believe in un- envisioned things; if we cannot accept our own terms as he did Thomas and Peter. However, God has been in the business of religion. We cannot say that unless things hap- pen, things do not happen in God. Unfortunately, few of us have time to accept the scholar's work, and we do not believe it is written in a book. If we are not com- patible, all sciences will be ag- grieved.

Most of us are dissatisfied with the interpretation of old creeds. Inter- pretation is essential because words have come through changing changes. The interpretation is not evasion. What we need is a consistent Christianity. Many of our worst mistakes have been in the act of not doing what is right. When we are ready to do what is right, and stop divorcing our minds from our hearts, then we can say "My Lord and my God."

DR. DAVID D. LEIB

probably would have discussed it for hours. Remaining true blue to the college—he reasonably stated that next to gardening his likes, which are his pet hobbies, are his home, neighbors, and prefers teaching girls to boys. In closing I remarked that his students were hopefully es- pecially, with a tiny twinkle he returned, "I hope net."

Blanket Tax and Cheating Discussed by Student Body

The third Student Government meeting of the year was held last Saturday, January 30. Mr. McComb, president, presiding. She introduced Dean Byrd as a speaker to explain the evolution of the tax which was in- troduced in the fall by the Student Council. At that time the Bursar was permitted to tax each student according to their ability to pay blankets as some people are led to believe. This practice is used to support the organization of the campus.

Blanket Tax Excess

There are still over $1,000 owing to the fact that several clubs turned in considerable sums from the original amounts appropriated them last year. Cabinet and Student Organizations suggested four items for which this money might be used to best advan- ce the college. These items were: chaussing, cheer, a library in Jane Ad- dams House (because it is the only library without comfortable seating and a room in the new dorm. After much discussion, the Student Council decided to insist for a library in Jane Addams and the remaining $1,000 be given for a room in the new dormitory.

Cheating

Students are discussed. The pledge which has been in practice for over a semester and which, in general, has proved rather unsuccessful, was abolished. The Tappan 30 were requested by Cabinet and the House of Repre- sentatives was suggested and dis- cussing as a preventative measure. This motion was passed to the effect of giving students a three-week trial from now until the next Exam- nations meeting which will be in less than two months.

Student Friendship Fund

Elie Thompson '39 spoke on the value of the Student Friendship Fund, and the student body voted to have the donations for this fund collected between Christmas vaca- tion and exams instead of before. This change was made to conform to the demands.

This motion was passed that the Democratic Club President be nomi- nated by the club itself and elected by the student body.

The president closed the meeting by stressing the importance of student HOURS, especially during exams.

Sociology Group Holds Discussion In New York City

A small group of students who are studying immigration and citizenship met in New York Sunday to learn at first hand the problems which arise in connection with the immigration and emigration. The meeting took the form of a luncheon discussion at the Parkside Hotel, Miss Marian Schiley, who is associate director of the foreign language service of New York described the immigration legislation now before Congress as well as the work of her organization in circulating articles on health, naturalization, citizenship, and similar subjects to several hundred newspapers in twenty language groups throughout the country. The work of caring for non-Aryan refugees in this country was summarized by Miss Cecilia Rosovsky who is in charge of the placing of thousands of people who come to this country every year, particularly from Germany. Other guests included Miss Alice Todd, associate director with Dr. Bessie Bloom Wessel in ethnic researches; Miss Haigaski Haigasan, formerly a member of the physics department here who ultimately successfully efforts to receive citizenship; Miss Jane Manwaring, former assistant in immigration authorities, and Miss Sudow.

Connecticut faculty members who attended the luncheon included Mrs. Wessel who arranged the meeting, Dr. Charles C. Chakerian, and Miss Jane Garretson; the students were Jeanette Shingle, Adeline Gitlin, Mary Hellwig, and Eliza Bissell. The meeting was so successful and interested so many students that others are planned for later in the year including a tentative trip to Ellis Island where immigrants to this country must first go and from which all deportation takes place.

The activities of the college alumni, especially those of the graduating class of 1896, prove that the work and achievements of that group are increasingly important. The augmented number of scholarships available to present students, as well as a wider opportunity for earning money while in college, have made it possible for many students to continue their education. Throughout the year, gifts to the college have brought about the realization of several projects.
