Matthew's Passion Show Here April 5

On April 5, the German Club will present the St. Matthew Passion, a new parietary piece which has recently had its New York premiere. It is produced by Robert J. Fetherly, who also pro- duced the Titian. The St. Matthew Passion of Christ, as told by the music, is a much larger picture of the resurrection and the ascension. The rights for the performance and the use of the music were secured by the German Club, which has paid its expenses.

The German Club feels very fortunate to have the opportunity to secure this movie, and hopes that everyone will take advantage of the opportunity to see it. It is es- sentially fitting that it will be shown on the eve of Palm Sun- day.

**Leave Men What Is Due Them And Give to Women the Rest**

by Josephine Havens

"The You Can Catch Mr. type is very easy to notice," Irma remarked. "He is usually quite friendly, as opposed to the other who is aloof. But you Can Catch Mr. needs to have his self-esteem restored—when you go to him, you make all your attention to him—suffice to meet you halfway, but you can't constantly be looking for green grass on the other side of the fence. In other men, I mean—have you to decide what to do to get at—many girls forget that, and think all good things are going to be given to them, while they sit back looking
demure."

BARBARA PAINTON

as Speaker of the House, assigned as a House Junior to Winthrop as her major, she plans someday to be one of the most rewarding experiences of her college career. To the Winthrop College faculty she is known as a gentle, loving friend, and to her appreciative audience, her work is proof enough of that.

As personal charm, and ability won her the approval of everyone, and in her sophomore year she was selected president of the freshman class. She received recognition from her classmates for her ability to get along with everyone. Her fun-loving spirit, her knack of getting along with everyone, her sense of humor, her delightful way of saying things, and her ability to put others at ease is a charm that her friends very much enjoy.

Survey Shows That Eisenhower Is Being Wasted on Campus

Recently a visit was made to various dormitories during dinner time. On the assumption that this was a typical weekday night, a survey of the rooms was made to see exactly how many lights were left burning while the students were at dinner.

President Park stated that $1,000 could be saved if we turned off the lights when we are not in our rooms. It would seem that a logical time to turn off the lights would be during the dinner hour, when we are absent from our rooms any- where from a half hour to an hour. Naturally it was impossible for us to survey all the rooms, but we managed to cover one representa- tive of every class. The results were rather surprising in June Addams 33 rooms of our 67 had lights on, or 50 per cent. Knowledge had the highest percentage—66 per cent—or 104 out of 162; Stamford and Winthrop had the lowest percentages—40 per cent. In 60 out of 70 rooms the former had lights blazing and 3 out of 70 in the latter. Katharine the Bluff’s percentage was 62 per cent, with 63 out of 67 rooms. There was an average of two lights on in each room, which dis- playing the average as an easy way to economize. So before rushing through the hallways, ask yourself, ‘Why don’t you turn the lights off when you are done with your work? Did you turn off your lights?’

GYMANGLES
by Mollie Munro and Kay McClure

How to Swim the English Channel
First you must get a man in a rowboat. Hat's off to anyone who can get a man! Put on your hat, you fool, it's snowing. The first purpose of the man in the rowboat (as to row, the second is to shout encouragement through a megaphone; the third and most important is to look for enemy submarines.

Next you must get a heavy coat of grease. According to last Sunday's Times you can obtain for fifty per cent less at Macy's. We also deem it advisable to have a bongo overhead advertising your great feet, (see footnote). To control the crowds of people waiting on the bench you should have a squad of gendarmes. In case of a tidal wave you will undoubtedly need our special snorkels.

Now there's just one minor detail. In the meantime ladies we have a few last minute sports highlights. Sandy Sanderson '52 leads the bowling world with a high score of 157. In team play the sophomores are first with the seniors running second.

Footnote: (10 ½ E)

The juniors and seniors played off the first team competition in basketball last Thursday. By winning both the first and second team games, the seniors won the basketball cup for the season. Sue Rockwell and Pat Terrell were high scorers for the seniors and Joan Flugelman for the juniors.

Next year's juniors, take heed. Would you like to be on AA Council? Would you like to try your hand at writing for NEWS? Try out for Gymangles. Write up any sports event, fictitious or real, and send it to one of the present editors. Do it right now or the first week after spring vacation.

Campus Interviews on Cigarette Tests
No. 36...THE OTTER

A usually mild-mannered and easy-going lad, he really made the fur fly when he realised the thickness of most of the so-called cigarette mildness tests! He knew there was one honest test of cigarette mildness. Millions of smokers everywhere know, too — there's one true test!

It's the sensible test... the 30-Day Camel Mildness Test, which simply asks you to try Camel as your steady smoke — on a pack-after-pack, day-after-day basis. No snap judgments! Once you've tried Camel in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...

Camel leads all other brands by billions

The rule is that a radio in each dormitory must be tuned in to the campus radio station, WCNL, so important messages are broadcast. Failure to adhere to this rule resulted in confusion among the night clerks for whom special instructions were broadcast.

A second reason for listening to the college radio station is that between announcements there is a program of popular music broadcast as entertainment. The recreation areas in some of the dorms were in full command of the situation with card games and other activities to keep everyone busy.
