The Devil's Gold, a dramatization by Sarah Jeffers Curry of Chaucer's The Pardoner's Tale, was presented by the class of 1946 in history in the second group of competitive plays. It is not surprising to discover that The Pardoner's Tale is less effective as a play than as Chaucer composed it, or that the faults lie with the playwright. The play must be made for the stage, and any advantage has been lost in the transformation of Chaucer's "old cheere" into the superficial tritely of Age, Death, and the Devil. If the allegory is clarified, moreover, since thereby the benefit is slight, since not only the economic and dramatic horror are lost. The original tale reveals the economy of emphasis; the play is less well-focused, over-emphasizing ... and the devilish nature of the taverner as well as the doubtful nature of the taverner himself. Thus in the effort to stress, through contrast, the vice subjects, the playwright loses the unity of the classification as a whole in Chaucer presents it.

Special Tribute

For such flaws, however, the Johnsonites cannot be expected to extend the same effort to extract value from the other respects. Special tribute goes to Edward Proctor for his "Pam Puzzled," a play which sharply and humorously treats the hang-overs at work and the hang-overs at home. Gracefulness was well handled in Mary's treatment, in the dialogue and the recitation of the title.... It was this play which, by some miracle of grace, have retained the clear vision of a lion, his latest volume being "The Eyes of His Dreams." For such flaws, however, the Johnsonites cannot be expected to extend the same effort to extract value from the other respects. North Atlantic Pact Is Seen As Wedge in East-West Unity
by Phyllis Clark

In this period of great attention, has been devoted to the pending North Atlantic Pact. On March 17, 1949, the governments of the United Kingdom, Belgium, Denmark, Norway, Portugal, the Netherlands and Luxembourg signed the Treaty of Brussels, designed to provide for their common security. It was soon recognized, however, that the pact would not be able to provide adequate military strength to assure effective resistance against aggression, and that US support was essential. Only the later intervention of the United States has given the pact adequate military might to assure effective resistance against aggression. In July, 1948, a conversation with the representatives of the USA, the UK, and the Netherlands was held in London. In October, Canada and the Brussels Treaty nations renewed their readiness to negotiate such a treaty. Talks were resumed in December. The question of US security is concerned with the future peace and security, and to insure the effectiveness of our efforts for economic recovery. The time has proved that economic recovery and security are very closely related. Practical measures are not really the key to the question, but the USA may associate itself with other nations which have joined forces in a common front against aggression. In July, 1948, conversations were held between the representatives of the USA, the UK, and the Netherlands. This conversation is a response to the North Atlantic Treaty. The representatives of the USA, the UK, and the Netherlands were asked to consider the possibility of extending the North Atlantic Treaty to include other nations in Western Europe. This conversation is seen as a response to the North Atlantic Treaty. The representatives of the USA, the UK, and the Netherlands were asked to consider the possibility of extending the North Atlantic Treaty to include other nations in Western Europe. Clubs Meating-Cutting by Authority Tuesday

by Patricia Reinhe~; '52

The Home Economics Club is sponsoring a meat cutting demonstration, which is open to all students, on Tuesday, March 15, at 7 p.m., in Bill 106. At a regular meeting of the Home Economics Clubs, elections for club officers will take place. The members are also reserved for specific comments on the program, pending a vote on the program, pending a vote on the day and date for the demonstration event.

Dr. Thomas in a Senior organ recital program was

And so, to the world of the recognition that the people of the world are all brothers and sisters, that regardless of the skin color, the religion, the language, we all belong to the same family of humanity.

... a rapid increase throughout the world of the recognition that the peace of our own government is that of the entire world is a result of the fact that we are all brothers and sisters in the same family of humanity. World Government. Possible.

Dr. Nash continued, although it appears self-evident that we must have world government, there are many individuals who are against the idea of world government. They say that it is too dangerous, too complex, and that we should maintain our own local governments.

Peace! Result of Government

"We believe," stated Dr. Nash, "that the responsibility of the United Nations, which is the only true world government, should be to see that the peace of the world is maintained. The United Nations, by its very existence, can accomplish this without any loss of national sovereignty. It can act as a sort of world court, settling disputes and promoting peace."

It is the job of the United Nations to maintain peace and promote international cooperation. The UN should work towards the elimination of arms races, the reduction of military spending, and the promotion of peace through dialogue and negotiations.

"Peace! Result of Government"...
A former art editor of the CC News, Lesley Alderman, on her extensive national publicity as designer of denim sportswear clothing labeled the SHIPSHAPERS. In addition to this same major article there is one of her own Sailor's Delight Skirts. Topknots, Maltesers, Venus End Shorts, Crew Slacks, So Deep Bags, Jig Jacks, Drunken Sailor Wallets, Braided Wave Hats and Howe Hip Aprons.

Miss Alderman has worked in the fashion industry in New York on Madam's magazine and was an assistant editor of Textile World. She did sales promotion for International Silver, and sales for a firm in the Advertisement Effectiveness business. In 1939 she was told that she would never be able to work again. She spent time in the Adirondacks. Finally, tired of boarding around, she designed her own house (she was a fine arts major).

In the front door is a real brass portico with a ship's lantern and ship's bell on either side. All across the back of the house are steel sashed windows showing a view of Milford harbor. Her intense love for salt water and boats provided the motive for her new play clothes, the Shipshapers.

Before selling the rights to the use of her name, Lesley Alderman made her clothes on a custom-made basis—order to fit. Among her original customers are many famous people: Rod Russell of the movies and her sister Clara Laffoon, with whom she grew up summers, Mrs. Brock Pemberton, Mrs. Robert Vnderbilt, Mary Lewis, Diana Vanderbilt, fashion editor of Harper’s Bazaar, Eugenia Sheppard, fashion editor of the Herald-Tribune, Miss Lewis’s store at 745 Fifth Avenue is sandwiched between the Tailored Woman and Burgdorf’s Goodwin, a swank location. It’s all right to get interested, but because Shipshapers are here in New London ready to be seen at Fashion Farms. Inexper- inent, well cut, good new denim is lovely soft gray, clear yellow, a new shade of dark blue and the old faded blue.

In college Lesley Alderman was a song leader, danced and sang in three musical comedies, participated in every sport. She won the school cup in tennis and was pretty generally in the thick of all extra-curricular activity.

She is especially anxious to have Connecticut college aware of her clothes before some of our older aunts colleges on the New England scene and is delighted that Miss Lucy Savage of Fashion Farms is cooperating.
Launches Training Workshops

Efficient qualified adults to staff Program to recruit and train college and recently made by the State Department of Personnel at the teachers college. The CCUN describes the Old Man as "of doing what needs doing without empty words." The playwright's emphasis on the Fiddler's passion for the audience and his love for music was evident on opening night.

In Connecticut youths will be encouraged to register with the registration department of their college and to take a physical examination by a doctor appointed by the State Department. The 12-week workshops will be screened into the program.

Negative alternatives available to those who have already majored in secondary education. The 12-week workshops will be screened into the program. Selective admissions examinations will also be given at each college center in order that the most meritorious may be considered essential to the program.

The acute shortage of teachers is due largely to the increased birth rate and to the increase of unsupervised numbers of children in the Connecticut public schools. For example, in 1935, 23,984 children were born in the state, whereas in 1947 there were 44,665 children in the state, an increase of 22,683. In 1948, there were 55,472 children, and by 1958, it is estimated this number will reach 99,973, an increase of approximately 45 per cent.

Physical therapy Training Workshops

The College has reflected its desire to fulfill its responsibility as an educational institution. The curriculum includes the enrichment of curriculum for all persons who have had successful college work and of resulting privileges. The Old Man's characterization was aptly noted by an increase in teaching personnel at the teachers college with the elimination of special teachers who provide the enriched curriculums. The acute shortage of teachers is due largely to the increased birth rate and to the number of unsupervised numbers of children in the Connecticut public schools. For example, in 1935, 23,984 children were born in the state, whereas in 1947 there were 44,665 children in the state, an increase of 22,683. In 1948, there were 55,472 children, and by 1958, it is estimated this number will reach 99,973, an increase of approximately 45 per cent.

College Graduates Wanted

This drastic increase in student enrollment must be accompanied by an increase in teaching personnel. The 12-week workshops will be screened into the program. Selective admissions examinations will also be given at each college center in order that the most meritorious may be considered essential to the program.

Necessity For More Teachers Launches Training Workshops

Publicity Drive

Staff personnel at the teachers college and in the State Department of Education have been at work in solving problems in the field of education, agreeing upon the details of organization and program for the workshops in which the trainers will provide their basic instruction. The Department has engaged Mrs. John A. Baker of Westport to conduct the recruitment drive throughout the state.

Mrs. Baker states that she with enthusiasm concurs with the many publicly spirited citizens will constitute the following committees: organizations, civic and educational associations, school superintendents and high school principals, between the present and July 1 is an effort to motivate college-trained persons to register for the emergency training. Mrs. Baker and her assistants will utilize all media available in publishing the project and in informing the public of the situation.

In Connecticut youths will be encouraged to register with the registration department of their college and to take a physical examination by a doctor appointed by the State Department. The 12-week workshops will be screened into the program. Selective admissions examinations will also be given at each college center in order that the most meritorious may be considered essential to the program.

Although trainees will be dealt with on an individual basis, flexibility in training will be essential because of dissimilarity in previous education. The 12-week workshops will provide the orientation considered essential. It is expected that a reasonable degree of success with children; however, all trainees who desire to continue in the summer session will acquire additional credit toward regular licensure.

Since most trainees will be ineligible for the regular elementary certificate, they will be issued a Temporary Emergency Certificate, which must be renewed annually or until such time as the teachers college with which the trainee is registered certifies to the Department that all requirements have been completed on an In-service basis. Furthermore, the in-service program of the workshop will supervise the trainee's work through the finding of the personnel.

The Personnel Bureau has details.

GYMANGLES
by Lois Papa and Diane Roberts

Senior Play
(Continued from Page Three)

Basketball
The Senior-Sophomore second team met with the Sophomore First team 7:30, Second team 8:15. March 14: Monday - Life Savers.
March 15: Tuesday - Basketball Juniors vs. Sophomores. Second team 7:30. First team 8:15.

Volleyball
Come one - come all - this year on Friday night the students are going to try once more to defeat the faculty. Previous games have always been exciting although embarrassing for the students with such artists as Destler spiking the ball over the heads of his teammates.

Recital by Mr. Currier
Deemed Fine Preview of Coming Boston Concert

by Dr. Gehls

The preview of Mr. Donald Currier's piano recital which is to be given March 10, in Bacon, was heard last Wednesday at Holmes Hall by an enthusiastic audience of students, faculty members and friends. Mr. Currier's fine technique displayed in a well-worked out program, including works of Bach, Beethoven, Hindemith, and Chopin, gave us sure indication that his concert will be a great success.

Money-Saving Trip

For a Time and a Place

one more time, you'll want to see the whole spring term. 'If you wish.

The players in the mob were responsive and notably articulate. Too often, when bouquets are proffered, a certain group of teachers is permitted to remain back of the curtain, but in this instance youthful enthusiasm was permitted to break through, including works of Bach, Beethoven, Hindemith, and Chopin, gave us sure indication that his concert will be a great success.
