Parking meters to be installed

The current issue of parking on campus has been a major conflict for some time. Students are outraged at the cost of parking decals, while the Department of Campus Safety insists that these fees are necessary in order to finance ticketing and other campus maintenance. However, in a recent statement made by Craig Hancock, Director of Campus Safety, a solution to this dilemma has been reached. Hancock announced the decision made by the Parking Appliers Committee to install parking meters in all North Campus parking spaces.

Hancock gave two reasons for this decision: The funds accumulated from the meters would pay campus maintenance bills and possibly enable the department to lower the cost of parking decals; and by allowing students to park for one hour maximum without inserting more change in the meter, there would be a turnover in the cars parked in a specific area.

The new system of parking meters which has been approved by President Oakes Ames, will go into effect as soon as all the meters are installed.

Seng kidnapped by left-wing group

Peter J. Seng, professor of English best known for his expertise in the field of journalism, has been kidnapped by the New London Daily. The President's office announced last week.

According to a spokesman for The Day, the kidnapping was engineered by the radical left wing of the Day's editorial board, who have appointed themselves the "Preservers of Journalistic Quality and Standards on College Campuses" (PJSQSC).

The Day, presumably suffering from financial difficulties, has asked for $10,000 ransom or they will return Seng to the college within the week.

This figure was originally set at $100,000, but The Day lowered the amount when they learned that the college could not afford the expense even if it meant that a no-payment insured Seng's release.

President Ames, who is vacationing in Hoboken, N.J., was finally contacted by his consigliere and right-hand man William L. Churchill late last night. According to Churchill the president said that he knew of no Mr. Peter Seng, and that he was sure the college didn't even offer a course in journalism.

Ames added that since he was unable to make any decision, let alone the one concerning the ransom, the faculty could handle the matter on its own, as is customary. He also said that the weather in Hoboken was beautiful and he gave his regards to the college community.

Though no members of the faculty would admit that a Professor Seng was missing, it was learned that they would stop at nothing to raise the needed funds and to bring the professor back into an unprecedented union with the students.

The Student Government Association, and much of its constituency, have said that they are sure that Seng hasn't taught at the college for the past four years. However, they said that they will indeed join the faculty in raising the money for the ransom.

Although no one has announced how the money will be raised Pundit has noted that many faculty members have been seen outside of the Post Office and Crozier-Williams selling nickel and dime bags of a substance known to all as 'stalestals' of altered state's consciousness.

In a letter to the college community the PJSQSC said that, "Seng is unharmed and that he has been amusing himself with an old linotype machine they have kept for nostalgic reasons."

They added that as soon as they receive the $10,000 Seng will be placed aboard the next Viking spacecraft headed for Mars where he will be an exclusive interview with the former Teamer union official Jimmy Hoffa.

Safety investigates mysterious noise pollution

Campus Security guards this week accidentally discovered a concealed wing to K. Blunt dormitory's fourth floor. This discovery was made during an investigation of the many recent complaints of excessive and disturbing noise in the same vicinity.

One of the guards said that they had gotten calls from frightened students who complained that they heard loud screaming, moaning, heavy thuds and glass shattering throughout the night.

The guard said, "We even heard it down at the front gate on Sunday night. It was terrifying enough to raise the dead."

On Monday the guards searched the fourth floor, questioned residents and found a small windowless extension on the south side of the building. The only entrance to the room was a trap door in one of the bathroom stalls.

The guard revealed what was inside the room. "There was a lot of rope and a strange assortment of appliances ranging from calipers to buttonhooks. There's a ton of splintered glass up there. Our only clue was an open bottle of Coke that was still carbonated so it suggests that the room is being used. Perhaps as some kind of makeshift torture chamber."

He also said that there were traces of rope and tampered hair intermingled with a layer of shattered glass evenly spread out in the room.

When asked about these unusual events in the dorm one student replied, "It's just wishful thinking."

Other residents have been either frightened, apathetic or just sunshiney. Housefellow Jim Littwin. He continued, "Personally, I'd like to rip their vocal chords out with a hanger, whoever they may be."

Craig Hancrack, Security's head, promised he wouldn't let the case rest until it's solved. He apally said, "This is real hot stuff for CC and I want to really immerse myself into this case till we get to the meat of the matter."

It's often the case when a student starts to get off or pull his pad, but when this M&M bit starts to affect the core of a decent school, it's raids are batting.

Tuition to decrease

Provided that the Board of Trustees approves the newly proposed College budget, students can expect a 400-600 dollar decrease in tuition, room and board in September.

This reconstructed budget for 1976-77 and 1977-78 was presented by College Treasurer Leroyn Knight at a recent student government meeting.

Knight attributed this sudden decrease in tuition to three things: the proposed firing of one professor from each major department (professors to be selected by a secret student ballot); a severe cut in President Oakes Ames' salary; and the moving of Ames' family to an apartment on Bank Street, his home being converted into a cop dorm. Other cutbacks will include removal of all upperclassmen from all on campus dorms and dining facilities.

"We feel that tuition costs were getting out of hand and these changes are necessary. At the present time we forsee little interference to anyone," Knight said.

President Ames was not available for comment on the budget. He was last seen clinging to his ex-mail box yelling, "I won't go ... I'll have to draw my line by the hair (?)".

Pundit has noted that many faculty members have been seen outside of the Post Office and Crozier-Williams selling nickel and dime bags of a substance known to all as 'stalestals' of altered state's consciousness.

In a letter to the college community the PJSQSC said that, "Seng is unharmed and that he has been amusing himself with an old linotype machine they have kept for nostalgic reasons."

We have Seng. We want $10,000 or we will return him to you.

PJ QSCC

Ransom note from "Preservers of Journalistic quality and standards on college campuses."

Seng who? Where? How?

In light of the recent kidnapping of Professor Peter J. Seng by a local chapter of the "Preservers of Journalistic Quality and Standards on College Campuses" and the requested $10,000 ransom, Pundit feels compelled to take a stand on the issue. Although runout heartily endorses the actions of the PJQSCC we must voice our disappointment that we were not asked to participate in those activities.

There seems no question in our minds that the $10,000 must be paid or else Seng will be allowed to return to the college. We urge the college community not to underestimate the mercilessness of the PJQSCC; if the ransom is not paid you can rest assured that Seng will be released.

Though many of the Pundit's staff have sat through Seng's classes in recent years, we must concur with the rest of the student body — Seng has not been known to teach at the college in the last four years. The PJQSCC has made a wise choice and so must we.

Pundit can only commend the students and faculty members who have already begun to raise money for the ransom: however it has come to our attention that they are smoking more than they are selling.

For the sake of journalistic standards everywhere and the good-image of Connecticut College, Pundit ardently urges that all members of the community take part in the fund-raising.

The intent of the Editorial Board is not to offend any of the persons satirized in this issue. It is to be taken purely in jest.

Postcard from Wright

By Howard Beale

I know what the matter is with all of you. You're fed up with all of the bullshit that you read in this and all other newspapers. Well, I want you to get up, go to your window, and scream, "I'm mad as hell, and I'm not going to take it any more." Then take this newspaper, take it and throw it away. Don't recycle it like you've been brainwashed into doing. Just throw it away. Tear up the newspaper right now. Right in the middle of the sentence that you're reading at this very moment, and heave it, in a crumpled pile, at your wastebasket. Who cares if you miss with a few pieces? Let it fly across the room. Then sit down and steam. Fume. Get steamng mad. Then go out and punch some clown in the face. Just pick the ugliest guy you see on the street, and give him a black eye. Spit on him, dammit. Kick him in the shin. Beat him senseless. Then go back home, with a true feeling of self-worth.

On a serious note

To the College Community,

The House Presidents would like to make public their appreciation of the Executive Board of 1976-1977. There was unusual devotion and talent displayed in this past year's leadership, especially that of Ann Runnge and Leslie Margolin. Although the two employed different styles of leadership, the effectiveness of both was evident. Dedication, be it to student government, school work or teaching, is a distinctive quality in a person. We feel that Ann and Leslie displayed this quality far more evidently than most in this College Community. For this we thank them.

Setting a new precedent of sorts, Leslie was voted an honorary member of Student Assembly — which was just a hint of our esteem for her four years of involvement and leadership. To both Ann and Leslie we wish good luck and success in the future ... realizing that their abilities will make success attainable. We wish we could have been better representatives of the energies of the 76-77 executive board.

Further, we welcome Nancy Heaton as the new president of Student Assembly and offer her our support.

Most Sincerely,

The House Presidents
1976-1977

To the Community

The agony of defeat. After coming in 2nd place out of 6 candidates, and losing the Vice-President of Student Government by a mere 19 votes, one might expect to find me quite depressed. On the contrary. Running for Vice-President as a freshman has been a vastly educational experience. I went door to door, and knocked on every door on campus. I met hundreds of people I probably never would have met, or talked to. This was immensely time consuming as you might imagine, but I think it was time well spent. I am a student government activist, and I intend to remain one. I would also like to be a Student Government officer, because when they hold elections for class officers in a couple of weeks, I will run for President of next year's sophomore class. I have a lot of energy that I would like to devote to Student Government, and I think I could really open it up to the students, because I am an open person. I love to converse and impressively, I know how to listen.

I have written these reflections on this past election because I didn't get the chance to say this to as many people as I would have liked during the campaign. I hope I do get the chance to participate in Student Government, and I would like to thank all of you who voted for me, and thank also the people who let me listen to them. When I went door to door, I was met by very encouraging comments and ideas, and I valued them highly. Listening can be more important than anything else in government, and it is what I will do here at Conn for the next three years. Listen.

In a wonderful exhibition of showmanship, the smiling Pop was doused with gasoline, lit, and burned from the roof. Although his original goal of the coveted crossover summersault was momentarily cut short by an inconveniently placed power line, the rainbow of sparks and smoke more than made up for the disappointing trajectory.

Q: Tuition is going up 4500 next year. What added features will this extra revenue bring? (Asked by O.I.Q. '78)
A: To make this much needed increase worthwhile, Conn is offering new and improved fringe benefits for students. Dean Watson and I have agreed and agreed that a college campus without a massage parlor was culturally deficient. Plant Living Room will be converted and perverted to satisfy students' longing for this service, increasing campus employment. Interested applicants should come to Marg Watson's office, after midnight only.

On April 26th, Connecticut College will be playing on what they never have seen before. By the clever work of a collaboration between Goobier Gillday and Keith Ritter, The "Stonecut Revolution Wall Band" will make its debut performance in Palmer Auditorium.

I had the distinct pleasure of discussing this incredible first show with the lead guitarists, songwriter and choreographer of the band, Stephen Pillage. His eyes opened wide when I asked him what his plans were for the evening's show. Sweat oozed from his shiny skin.

He dropped his bottle of Southern Comfort and glaring at me said: "a little bit of this, a little bit of that.

When I asked him to elaborate he told me that the show may be for some one hard a tooth. Stephen told me that he has an arson arrest record of 15-20 minutes of continuous fire and is awfully fond of fire-arms. He told me that he had finally found a way to do it legally.

Although he wanted it to be a surprise he said that the show begins when every audience member delightedly funds an $7.98 list price per single album, and "Sour Grapes".

do the inspector imitation. Joe

Peptone, where are you? With Fred Talbot? Thad Tillotson?

The business interest that has caused the most commotion is "El Beavo's Thursday Night Speakeasy", owned jointly by four local college presidents, Mr. Luce and The Beast. What has created the problem is that reportedly "undesirable elements" have been frequenting "El Beavo's". As was the story with Broadway Joe, Beaver and Parm-4eter decided to fight it out with the Commish and took him to court in an emergency session of the J.B., the Honorable Jerry Carrington presiding, the 1904 case of Blunts. Adams was cited in which it was ruled that the School's honor code did not pertain to intramural hoops. The decision has left the league's front office up in the air, a place that Tony Harris has never seen before. The season has passed almost halfway point, it appears that only the healthiest team will be able to finish the season at the top in Croazlana. In a true freak mishap, "Hot Rod" Hampton was rumored to have been hit by a car driven by a man with the name of the Inspector. The Inspector and the Wetback" does not take its

supernatural form.
