WORLD GOVERNMENT IS FORUM TOPIC

Talent Needed
For Dad's Day
Variety Show
by Carol Jaffa

By this time you've probably heard about the variety show to be given for our dads on Father's Day. The committee in charge of planning and putting the show together is just beginning to get down to business, and they will be needing your help. If you have any suggestions, write to Shirley Nicholson, 480, or Joc Nell, 490, and tell us what you think of our plans. We are trying to make the show as interesting and enjoyable as possible, and we want to hear your ideas for making it a success.

Enjoyment of Chamber Music
Aided by New Music Ensemble
by Shirley Nicholson

The average music listener assumes that he now has no problem. But in reality that the average listener does not enjoy music in the same way that he once did. Some of the reasons for this are the growing interest in popular music, the decrease in the number of classical music concerts, and the lack of exposure to new music. The Chamber Music Ensemble, which consists of students from the Music Department, is designed to help remedy this situation. The ensemble will perform a variety of chamber music works, ranging from Bach to contemporary composers.

Transfer Students
And Vets to be at Conn. This Summer

A large contingent of veterans will be included in the 1946 Summer Session student body, judging by the many inquiries and early applications being received by the Summer Session office. Many returning soldiers wish to complete their education as quickly as possible, and the administration has decided to do its best to accommodate them. The Summer Session is helping veterans to find rooms and apartment near the campus, and veterans who are not living near the campus will be subsidized under the G.I. Bill of Rights.

Large Student Body

Early applications also indicate that there will be a very large number of women's colleges will be repre- sented in this year's summer session. Some of these colleges have even requested that their entire student body. Last summer students came from sixty different colleges.

The 1946 Summer Session fac- ulty will include seven visiting professors. Mr. Harry Stein, whose chamber music is exhibited in this country and abroad will give a new course in watercolor painting. In English, a course in the writing and criti- cism of fiction will be given by Professor Warren Beck of Law college. Professor Beck has written several books on research for the program, reading exten- sions of world government and related subjects. His object is only to explain world government, as he will explain on "Forums." See "Summer"-Page 4

Junior Prom To Be Resumed April 27
by Anne Ferguson

The Junior Prom that was held on April 27 has been set for the rebirth of an old tradition that has been buried dur- ing the war the rise, without much fanfare, until recently. The prom was temporarily suspended last year because of the war, and this year it is making a comeback. The theme of the prom is "Tulip Time," and the entertainment is simple and yet effective as a good social function.

Spring Gives New Impetus To Ornithology Clubs Activities
by Babs Giraud

Various factors contribute to the development of the college's bird study activity. The number of species that are seen, the time of year, the weather, and the availability of bird calls. The Young Bird Watchers, under the leadership of Mr. Logan, have been hard at work en- couraging students to become birders. The result has been a sharp increase in the number of students who are interested in ornithology.

Combined Services

There will be two special services in Hardness Church on Sunday, April 21, at 10:30, a joint service with the United Church of Christ in Hardness. The combined service will include the singing of hymns and the reading of scripture.

Entertainment during intermis- sions will feature the Whiffs of Yale and the College Chorus, and the dance music for the evening will be provided by Bob Rapier's or- chestra. Knowlton Saloon is the place to be at 8:30 and the tickets are $3.00 each. Freshmen will get 10% per- mission.

The houses on the west side of Main Street, Jane Addams, and Freeman will all have parties open to Junior Prom students. All homes will be open immedi- ately after the dances so that the guests can change their clothes. Sunday morning breakfast will be served in Buck lodge.

Laura Will Be Campus Movie, Sat., April 20
by Ben Perlmutter

The next movie on campus will be "Laura," which is scheduled for Saturday, April 20. The movie will be presented in the Palmer Auditorium. The show time is 8:30 p.m., and tickets are $1.50 at the office. The movie will be presented in a special evening, and the house will make a special effort to make sure that everyone has a good time.

The movie will be presented in Palmer Auditorium on Saturday, April 20, at 8:30. The price of ad- mission is 25 cents.
An Editorial

Dear Editor:

Last week the Shakespeare class made a trip to New Haven to see Maurice Evans' presentation of Hamlet. From the large attendance at the play, we may deduce that the presentation was enjoyed and that many people feel that such events could be done more often. However, the trip was planned rather late so that other students were unable to take advantage of the opportunity.

The purpose of the trip was to light a problem which we feel is of vital importance to the college. We are faced with the fact that all of us are members of a decided class which has, for example, that they have never seen an opera or a Shakespearean play. Certainly these things are part of a liberal arts education.

The problem is one which can never be completely solved by the college. Yet we feel that something must be done to bring contact with the arts. Our suggestion is that any outstanding dramatic productions or concerts which are in the vicinity of cities such as Hartford, New Haven, or Providence could be announced from time to time in News. Some announcements might even be made of special events in Boston or New York. If groups of students wished to get tickets, they could then apply far enough in advance. If necessary, special privileges should be extended for such educational opportunities as were done for the students working toward the Student-Faculty forum could be responsible for making the announcements of events.

Sincerely yours,

Polish Delegation To U. N. Asks Review of Spanish Question

by Julia Cooper

On February 9, Dr. Oscar Lange, Polish delegate to the Security Council of the U. N., took a step toward the desired solution of the racket in Spain,睁for which the Polish government has long called. Dr. Lange charged "that the Franco regime has existed from the eyes by formally requesting the Council to investigate the situation arising from the existence and activities of the Fascist government in Spain for consideration and possible action. The American delegation, it is certain to be discussions which in bring great music, art, and drama and drama which are within easy reach of students working toward the realization of the peace dream. Perhaps the Student-Faculty forum could be responsible for making the announcements of events.

What do you think?

by Margaret Pearsallworth and Jan Cosylek

What new courses do you think should be added to the majors now offered in college?

Kitty Oplotek '47: I would like to see a computer science course for non-science majors so that they can learn how to use a computer.

Eddie Vander '47: I think there should be a French course for the French majors.

Kitty Ullery '46: There should be a French course on art in place of the two points on our new offered.

What is your attitude toward the Franco regime in Spain?

Sally Whitehead '49: For a supplement for an English major, I would like to see a course in literature.

Gloria Reade '48: As for having any, a good course for me is a history course, and that course is a French course. I would like to see a mythology course, and should be required.

Early Easter Service

The Rev. Dr. Grant will conduct the service.

Beginning at 6:00, Easter service will be held in Old Chapel. There will be an Easter Sunrise service at 6:00. This event is a new addition to the College activities for the religious observance of the Christian holiday of Easter. The service will be conducted by the Rev. Dr. Grant.

Creative Activity In Drama, Poetry, Dance
To Be Featured During Five Arts Weekend
In Auditorium And Lyman Allyn Museum
By Eunice M. Wander
Pat McNutt has done it again. The first formal recital of the season was presented as a part of the Five Arts weekend program on Friday, April 26, at 8:00 p.m. in Palmer auditorium, in observance of the inauguration of the presidential gavel to Ada Balke, vice-president of Student Government. Miss Ramsay declared that the tithe of the students' intellectual efforts, that have already been expressed through the books and courses, is to be expressed with a responsive voice of the students themselves. This year one recital, Margery McKey '47, was presented in the senior year. The selections presented by the second part consists of a series of dances based on Freda Space, was presented last year on remaining movements, the second, movement of the work, Through Space, was presented last year onSpace, was presented last year on...
Nylons, Jewels Raise Ante At Dorm Auctions

By Carolyn Blocker

"Tired of raising money in the usual, uninteresting way, a number of houses on campus staged auctions to collect money for house activities. This method seemed to prove conclusively that a little more ingenuity can go a long way.

"The idea of a dorm auction was born during a meeting of Alpha Xi Delta, the largest female fraternity on campus. The group of forty-five members was inspired by the success of a similar event at Wellesley and with the encouragement of the office of Student Government, decided to hold a dorm auction to help the students of the yearbook.

"The officers of Alpha Xi Delta, along with the president of the college, decided to hold the auction at the end of the spring semester, with the proceeds being used to support the yearbook. The auction was to be held in the evening, with all guests expected to attend.

"The auction was to be held in the dining hall of the college, with a selection of nylons, jewelry, and other items to be auctioned off.

"The proceeds from the auction were to be used to support the yearbook, with the officers of Alpha Xi Delta ensuring that the money was used in a responsible manner.

"The auction was a success, with many guests attending and bidding on the items offered. The proceeds were used to support the yearbook, with the officers of Alpha Xi Delta ensuring that the money was used in a responsible manner.

"The success of the auction inspired other dorms to hold similar events, with the proceeds being used to support various campus activities.

"The idea of a dorm auction has become a popular way for students to raise money, with many dorms holding similar events each year.

Choosing a class president is always difficult; there seem to be a handful of girls almost equally capable of performing presidential tasks with ease, tact, and efficiency. In the case of the recent elections, however, the college could hardly have done better in its choice of Elizabeth Bogert as President of next year’s senior class. Mary Coleman as President of the class of ’48, and Alice Fletcher, as President of next year’s sophomore class.

Universally known as Bogie, Elizabeth Bogert comes from East Orange, New Jersey and has four sisters—information supplied simultaneously by two friends in her dorm, Jane Adams and Anna Bergman. We have learned that the keynotes of Bogie’s personality are verve, vigor and victory. In this instance, the victory is in the senior class presidency, although there have been others in her career as a phys-ed major. The versatility comes in when we learn a few more facts, such as that Bogie is secretary of Mascot Hunt and president of C.C.O.C., and is a member of the Shwitts. The vigor is obvious to anyone who knows her; she has good physical qualities, and has used them well. Her drive has been of great value to the group to which she belonged, and she has been able to use it to her advantage in the campaign for class president. She is very energetic in her work for the college and the class, and has a much better excuse than most for not being able to make every gathering. She is an efficient organizer and worker, and is always ready to help others. She is also a good listener to the latter. Her popularity comes from her sincerity and her ability to be with the sort of people she likes to have around her.

The News takes great pleasure in announcing the marriage of Miss Lillian Mattson of New London to the Rev. Dr. J. Quimby, a minister in the Congregational Church. Miss Mattson is an alumna of the University of Connecticut and is the daughter of Mr. and Mrs. Arthur Mattson, who reside at New London. Since then Windham has had a lot of fun feeding the rabbits last summer and watching them frisk about the dorm. There's a lot of excitement, too, because they are not housebroken. However, the poor little rabbits, named Pete and Repe, will soon have to find a new home, the question is, will the male and the female be, and, well, you'll have to wonder.

As proof that man can't live without there's the story of Bayrd's experience with the rabbits. He brought them out. It started when one of the 60 called to him and Bayrd to be exact. The gentleman wanted twelve dates for his friends, he said, and Joanie replied that Branford acted as a matchmaker and that one of the 750, Joan Ray to be exact, was interested. Russian Religious Freedom Praised

Every Christian, no matter to what denomination he may belong, should rejoice over the triumph of the Russian people in their struggle against the Commies, Mrs. Wolkonsky, head of the new junior class. She said that the church in Russia suffered a terrible period of persecution after 1922 when thousands of Christians were killed or imprisoned. However, deprived of any material help, the Russian church has emerged triumphant by its faith, and its moral and spiritual vitality is unbroken. The government had to give in to the people and allow freedom of worship.

On duty the war the church contributed all they could to help in the struggle, the speaker said. Mrs. Wolkonsky concluded the address by quoting from the New Testament, 2 Thessalonians 3:12, "May the Lord increase your love one another and the love of all kind.
