# KOINE 1970

The first day of a student's college career will always be a memorable one. For the last eleven years Dr. Alice E. Johnson, as Dean of Freshmen, has enhanced this day with her wit and humor. She has welcomed and enlivened students to the possibilities that await them in the Connecticut College community. We, the Class of 1970, will certainly never forget her hope that "every day in every way we grow brighter and brighter." In 1969 Miss Johnson was made Associate Dean of the College and now serves the students and the college in a new capacity. Miss Johnson has also worked diligently within the English department, developing and teaching a course in Afro-American literature. Her colorful personality extends from the office to the classroom, to her active service on many student faculty committees. She is an integral part of our Connecticut College experience, and a person we feel honored to recognize in Koiné 1970. It is with deep gratitude and appreciation that we dedicate Koiné 1970 to Dean Alice E. Johnson.

Yesterday a child came out to wander  
Caught a dragon fly inside a jar  
Fearful when the sky was full of thunder  
And tearful at the falling of a star

Then the child grew ten times round the seasons  
Skated over ten fear frozen streams  
Words like when you're older must appease him  
And promises of someday make his dreams

And the seasons they go round and around  
And the painted ponies go up and down  
We're captive on the carousel of time  
We can't return we can only look  
Behind from where we came  
And go round and round and round in the circle  
game

Sixteen springs and sixteen summers gone now  
Cartwheels lost to car wheels through the town

And they tell him take your time it won't be long  
now  
Till you drag your feet to slow the circle down

So the boy who dreamt tomorrow now is twenty  
Though his dreams have lost some grandeur  
coming through  
There'll be new dreams maybe better dreams and  
plenty  
Before the last revolving year is through

And the seasons they go round and around  
And the painted ponies go up and down  
We're captive on the carousel of time  
We can't return we can only look  
Behind from where we came  
And go round and round and round in the circle  
game

You ask me why I don't smile  
Is there somethin troublin me  
Just open your eyes and look  
around  
And tell me what you see

Can you understand the  
things people do  
And the way they treat each  
other  
And tell me how far has man  
really come  
When today he's still killin his  
brother

It makes no difference where  
you do it  
Or what name you use  
I know if things keep goin this

*That it feels like a college that is both a formal and an informal collection of people old and young, that classroom sessions have an atmosphere of mutual respect and affection, that we are all supposed to keep in touch with each other in class and out, these are some of the marks of Ruby Jo Kennedy's long and priceless presence among us.*

# Receive Ye Welcome

~~~~~

Let the guest sojourning here know that in this home our life is simple. What we cannot afford, we do not offer, but..... what good cheer we can give, we give gladly

We make no strife for appearance sake, know also friend, that we live a life of labour, therefore, if at times we separate ourselves from thee, do ye occupy thyself according to thine hearts desire. ~~~~~

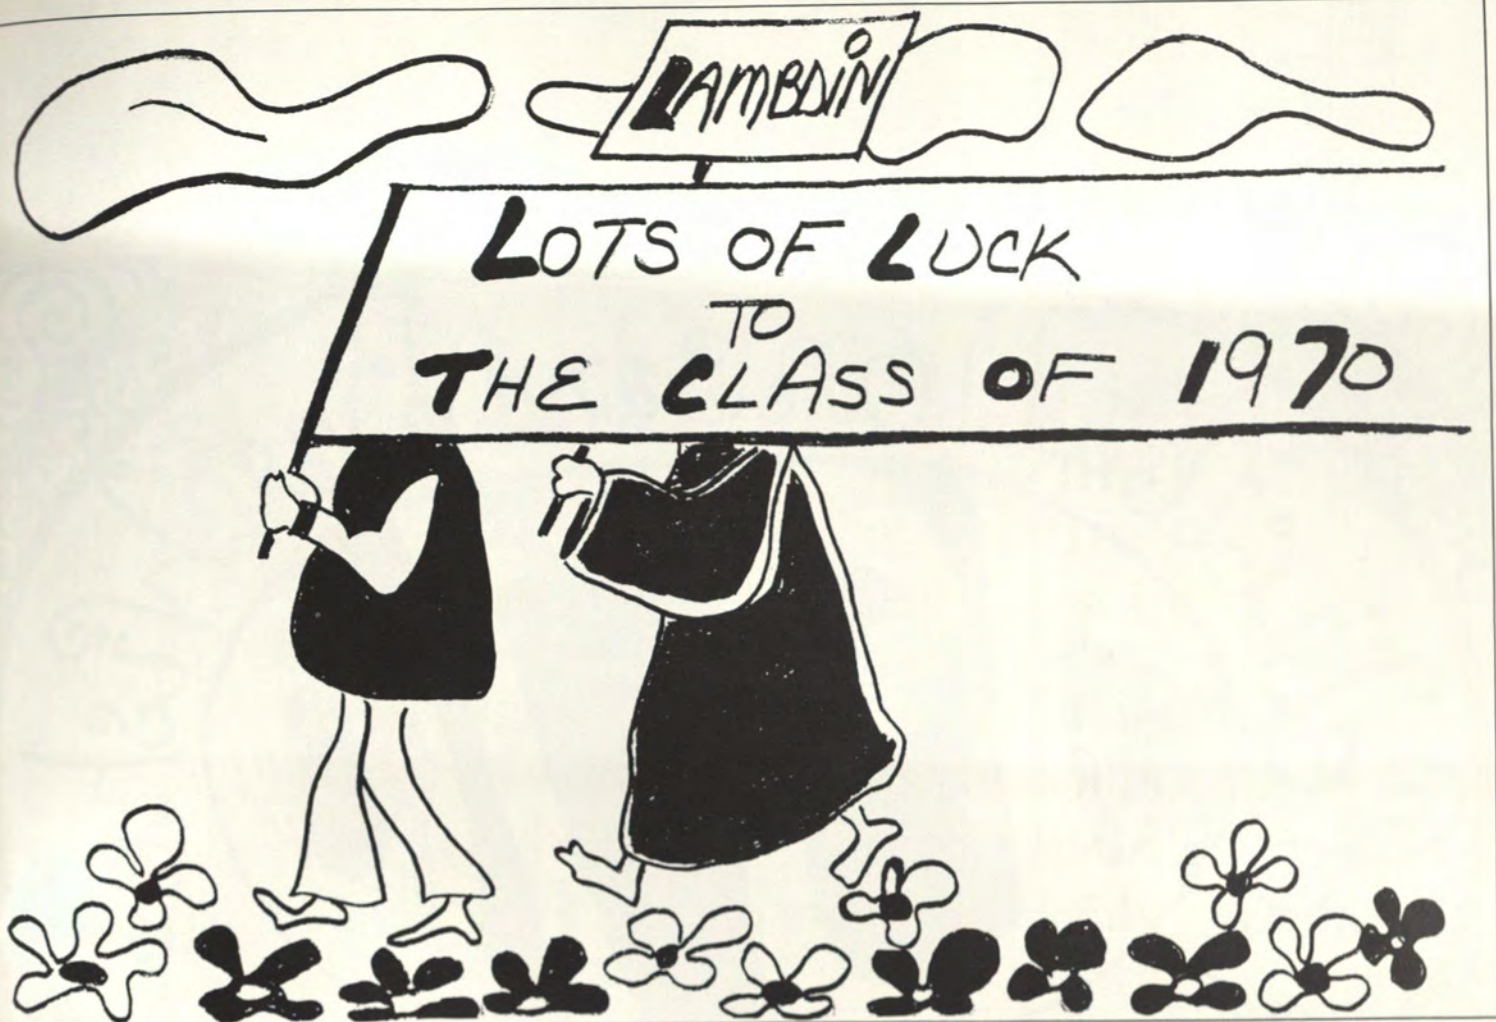

We will not defer to thee in opinion or ask thee to defer to us. What thou thinketh ye shall say if ye wish, without giving offense. What we think, we also say, believing that truth hath many aspects and that love is large enough to encompass them all

So, while ye tarry here with us we would have thee enjoy the blessings of a home, health, love and freedom, and we pray that thou mayst find the final blessing of life.
